## Technology All Around Us

There are lots of different types of technology that we can see in the world around us.

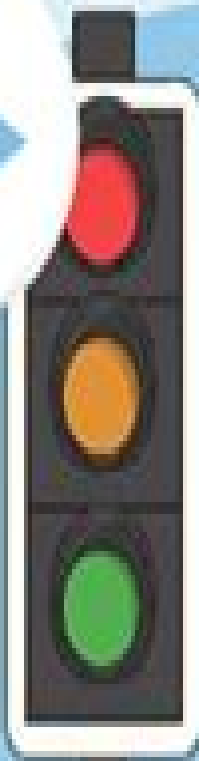

Take a look at these photos.

What can you see?

How can you use any of these things safely?

How can you help other people using these things?

What other types of technology do you see at school or at home?

Aaron Mauro,2024-09-05 Many cyberattacks begin with a lure a seemingly innocent message designed to establish trust with a target to obtain sensitive information or compromise a computer system The perils of clicking an unknown link or divulging sensitive information via email are well known so why do we continue to fall prey to these malicious messages This groundbreaking book examines the rhetoric of deception through the lure asking where its all too human allure comes from and suggesting ways in which we can protect ourselves online Examining practices and tools such as phishing ransomware and clickbait this book uses case studies of notorious cyberattacks by both cyber criminals and nation states on organizations such Facebook Google and the US Department of Defence and in depth computational analyses of the messages themselves to unpack the rhetoric of cyberattacks In doing so it helps us to understand the small but crucial moments of indecision that pervade one of the most common forms of written communication
