Forbidden Fruit Mark D. Regnerus, 2009-08-19 Americans remain deeply ambivalent about teenage sexuality Many presume that such uneasiness is rooted in religion But how exactly does religion contribute to the formation of teenagers sexual values and actions What difference if any does religion make in adolescents sexual attitudes and behaviors Are abstinence pledges effective What does it mean to be emotionally ready for sex Who expresses regrets about their sexual activity and why Tackling these and other questions Forbidden Fruit tells the definitive story of the sexual values and practices of American teenagers paying particular attention to how participating in organized religion shapes sexual decision making Merging analyses of three national surveys with stories drawn from interviews with over 250 teenagers across America Mark Regnerus reviews how young people learn and what they know about sex from their parents schools peers and other sources He examines what experiences teens profess to have had and how they make sense of these experiences in light of their own identities as religious moral and responsible persons Religion can and does matter Regnerus finds but religious claims are often swamped by other compelling sexual scripts Particularly interesting is the emergence of what Regnerus calls a new middle class sexual morality which has little to do with a desire for virginity but nevertheless shuns intercourse in order to avoid risks associated with pregnancy and STDs And strikingly evangelical teens aren't less sexually active than their non evangelical counterparts they just tend to feel guiltier about it In fact Regnerus finds that few religious teens have internalized or are even able to articulate the sexual ethic taught by their denominations The only and largely ineffective sexual message most religious teens are getting is Don't do it until you're married Ultimately Regnerus concludes religion may influence adolescent sexual behavior but it rarely motivates sexual decision making [Living Church](#), 1908 [The Living Church](#), 1908 **From Age to Age (En Toda Era)** National Federation for Catholic Youth Ministry Inc, 2000-09-16 In today's chaotic world opportunities abound for youth to disengage from community and worship Once this happens young people often don't come back The National Federation for Catholic Youth Ministry wrote From Age to Age in

1997 as part of multiple year response to increase youth participation in worship The document sparked national dialogue on how Roman Catholic parishes might best reach out to and involve youth in Catholic worship From Age to Age revisits the liturgical principles of Vatican Council II and applies them in creative ways The document provides strategies to help parishes develop their own pastoral plan for responding to these issues and contains both an English and a Spanish version

The Congregationalist ,1922 *Miracle Invasion* Dean Merrill,2018-02-01 God s power is alive today Let s face it church can be too boring too predictable People have never been so hungry for an authentic manifestation of God s power Missionary stories of profound miracles in other nations abound but what about in my nation my city or my home Testimonies of past miracles are prolific but where are they in my generation Miracle Invasion includes modern examples of spiritual gifts in action and true stories that will rekindle expectation that the Holy Spirit is still alive and well working in our time on our continent whenever we welcome his presence In Miracle Invasion you ll see God is at work for your good today All things are possible with God God is no respecter of persons You matter to God You are on the brink of a miracle so don t give up The Holy Spirit has not forgotten about the twenty first century church People in North America are experiencing God s power in authentic demonstrations of the Spirit We serve an extraordinary God who loves to act supernaturally on behalf of ordinary people *The Churchman* ,1917 **Whitaker's Books in Print** ,1998
