Teen Terminators:

The Terminator #3 Declan Shalvey, 2024-12-11 It's the last days of the Vietnam War and the scale of the violence and destruction that have been unleashed seems unreal. But nothing that Private Duggan has experienced in battle could have prepared him for the thing that just tore his squad to ribbons and then walked through the hellish fire of an airstrike seemingly unscathed. If there is some way to kill it, Duggan isn't sticking around to find out. Now on the run, the lone soldier desperately makes his way through the collapsing country to join the U.S. Army's final evacuation back to the States, but will the chaos and crowds of Saigon be enough to thwart the unrelenting force that is hunting him. Writer DECLAN SHALVEY and artist LUKE SPARROW bring a sharp new perspective on the horrors of war with *The Terminator 3* featuring suitably steely covers from SHALVEY EDWIN GALMON, DREW MOSS and DAVID COUSENS. *The Terminator #7* Declan Shalvey, 2025-05-21 BACK TO THE FUTURE Everyone knows that in the year 2029 John Connor led the Resistance to victory, smashing Skynet's defense grid and defeating the machines once and for all. His mother had trained him from birth to be the perfect soldier and leader that the remnants of humanity needed in their darkest hour. But who did John Connor turn to for guidance when his mother was gone and the Hunter-Seekers and Terminators had humanity on the ropes? One person in particular became a mentor to Connor in his darkest hour: someone whose own fight against the machines has gone on longer than anyone's. Intrepid chrononauts DECLAN SHALVEY and DAVID O'SULLIVAN return to the dark days ahead in *The Terminator 7*, enlightened by covers by SHALVEY EDWIN GALMON, CAT STAGGS and DAVID COUSENS. *The Terminator #10* Declan Shalvey, 2025-08-20 SYSTEM OVERLOAD In the terrible aftermath of Judgement Day, the scattered survivors of Skynet's nuclear holocaust slowly emerged from the wreckage, banding together in a desperate bid for survival. As their numbers grew, they learned how to evade the relentless machines and eventually how to fight back against them. Soon an organized resistance movement rose out of the ashes, and bit by bit the shattered remnants of humanity began to take back their world. At the center of it all was one man, a familiar face whose past turned out to hold the key to the future. Master programmers DECLAN SHALVEY and LUKE SPARROW wrap up their second story arc in appropriately apocalyptic style with *The Terminator 10*, featuring algorithmically optimized covers by SHALVEY EDWIN GALMON, CAT STAGGS and DAVID COUSENS. *The Terminator #6* Declan Shalvey, 2025-03-26 WHATEVER HAPPENED TO THE T-600 As the first generation of human-mimicking Infiltrators deployed by Skynet against the Resistance, the T-600s displayed all of the problems that come from rushing a prototype into production. Covered in unconvincing rubber skin and lacking any organic components, they were easily detected and destroyed. But if there's one thing that Skynet is good at, it's learning from its mistakes. And as the historic tales in this pivotal issue demonstrate, every T-600's mission, no matter the outcome, brought the lethal T-800s one step closer to activation. Relentless story engineers DECLAN SHALVEY and DAVID O'SULLIVAN repeatedly test their titanium-framed titans to failure in *The Terminator 6*, all encased in Coltan alloy covers by SHALVEY EDWIN GALMON, CAT

If You Like The Terminator... Scott Von Doviak,2012-05-01 If You Like The Terminator began life as a low budget B movie seemingly destined for a short run at malls and drive ins before

blossoming into a billion dollar franchise that launched the careers of director James Cameron and star Arnold Schwarzenegger. The original 1984 film not only spawned three sequels, a weekly television series, and countless novels, comic books, and videogames, it also redefined the science fiction genre with its blend of high tech and film noir. Here is the first book to explore the spectacular array of films, television shows, and other works that helped inspire *The Terminator*, as well as those that have drawn inspiration from it. *If You Like The Terminator* delves into the history of science fiction cinema from its earliest days to the golden age of the 1950s and beyond, encountering killer robots, time travelers, and postapocalyptic wastelands along the way. This turbo-charged journey through time also reviews the improbable career of Arnold Schwarzenegger, revisits the action heroes of the 1980s, and reevaluates the films of James Cameron before touching down in the computer-dominated realm of today's science fiction cinema and projecting the future of the *Terminator* franchise. From *Metropolis* to *The Matrix*, from *Frankenstein* to *RoboCop*, from H.G. Wells and Harlan Ellison to Roger Corman and Roland Emmerich, you'll find them all here in *If You Like The Terminator*. *The Terminator #8* Declan Shalvey, 2025-06-04 NO FATE BUT WHAT THEY MAKE The story of the darkest days of the war against the machines and the grizzled veteran who helped guide John Connor to his ultimate victory over Skynet comes full circle in this issue, leading inexorably to a final fatal confrontation, or so it might seem. The enhanced neural nets of author DECLAN SHALVEY and artist COLIN COKER descend into the uncanny valley with *The Terminator 8*, fortified by flawlessly fabricated covers by SHALVEY, EDWIN GALMON, CAT STAGGS, and DAVID COUSENS. **Queering The Terminator** David Greven, 2017-06-15 The *Terminator* film series is an unlikely site of queer affiliation. The entire premise revolves around both heterosexual intercourse and the woman's pregnancy and giving birth. It is precisely the *Terminator*'s indifference to both that signifies it as an unimaginably inhuman monstrosity. Indeed, the films' overarching contention that humanity must be saved, rooted as it is in a particular story about pregnancy and birth that exclusively focuses on the heterosexual couple, and the family would appear to put it at odds with the political stances of contemporary queer theory. Yet, as this book argues, there is considerable queer interest in the *Terminator* mythos. The films provide a framework for interpreting shifting gender codes and the emergence of queer sexuality over the period of three decades. Significantly, the series emerges in the Reagan 80s, which marked a decisive break with the sexual fluidity of the 70s. As a franchise and on the individual basis of each film, the *Terminator* series combines both radical and reactionary elements. Each film reflects the struggles over gender and sexuality specific to its release. At the same time, the series foregrounds the intersection of technology and gender that has become a definitive aspect of contemporary experience. A narrative organized around a conservative view of female sexuality and the family, the *Terminator* myth is nevertheless a richly suggestive narrative for queer theory and gender studies. **Nursery Realms** Gary Westfahl, George Edgar Slusser, 1999 Child characters are surprisingly common in horror, fantasy, and science fiction literature and films. Children represent innocence and virtue and symbolize the classic question of fantastic literature: What is the future of the

human race and how will science and society improve or impair that future This collection of essays explores the roles of children in the literature and film of the fantastic The works vary in critical approach from textual analyses to psychological historical and gender and ethnicity based interpretations and draw their subject matter from contemporary and classic literary and film pieces The Triumph of Teen Prop Terminator II and the End of History is a playful discussion of teen propaganda movies and social issues E T as Fairy Tale examines how Stephen Spielberg s combination of science fiction fantasy and fairy tale elements blends logic and childhood magic Howard M Lenhoff connects mythical creatures with biology in A Real World Source for the Little People A Comparison of Fairies to Individuals with Williams Syndrome The literary selection ranges from Alida Allison s study of childhood in Isaac Bashevis Singer s writings to Bud Foote s interpretation of childhood roles in the characters of selected Stephen King works Other essays consider Henry James s The Turn of the Screw Anne Rice s The Witching Hour and the childhood classic Peter Pan

The Terminator 2025 (Complete Saga) Vol 1-8 , The Terminator 1 The plans to kill Sarah Connor and her son John have failed but the genocidal Skynet isn t out of options yet There are still a few more avenues into the past that will allow it to destroy the human resistance that is poised to smash its processors into silicon shrapnel it just needs to expand its theater of operations Opening a new front in the war Terminators are dispatched across the globe and throughout time to target current resistance fighters their ancestors and anyone else unlucky enough to be in the strike zones And while none of these secondary assignments are as straightforward as the missions of the first T 800 and T 1000 time is literally on the machines side When all of history becomes a war zone nowhere and nowhen is safe The Terminator 2 Saigon 1975 The war is winding down and American forces are in retreat One G I is enjoying his final leave in South Vietnam s capital city when he is urgently recalled to the front Back on the line Private Duggan finds that his sector is being overrun by a mysterious enemy force one that doesn t operate like any Viet Cong or NVA unit he s ever faced As rumors spread through the ranks about a one man Charlie platoon Duggan and his squad suddenly come under murderous fire Through the thick jungle air the trapped men spy their attacker a lone figure seemingly impervious to bullets and grenades completely devoid of fear or hesitation Implacable Inescapable Inhuman he Terminator 3 It s the last days of the Vietnam War and the scale of the violence and destruction that have been unleashed seems unreal But nothing that Private Duggan has experienced in battle could have prepared him for the thing that just tore his squad to ribbons and then walked through the hellish fire of an airstrike seemingly unscathed If there is some way to kill it Duggan isn t sticking around to find out Now on the run the lone soldier desperately makes his way through the collapsing country to join the U S Army s final evacuation back to the States but will the chaos and crowds of Saigon be enough to thwart the unrelenting force that is hunting him The Terminator 4 The year is 1986 and the Cold War is at its height Across the globe American and Soviet submarines play a deadly game of cat and mouse hidden deep beneath the surface of the world s oceans Armed with enough firepower to destroy a continent these vessels are among the remote and secure locations on the planet

They're also one of the most tempting targets imaginable for an enemy who can see the future particularly one that wants more than anything to set off a nuclear holocaust. The Terminator 5 It's 1961 and high above the launch pads of Florida and central Asia the US and the USSR are racing to claim the ultimate high ground of space America's accelerated program of manned missions Project Mercury is poised to put its first crews into orbit but something even deadlier than Cold War rivalries may be hitching a ride. The Terminator 6 As the first generation of human mimicking Infiltrators deployed by Skynet against the Resistance the T 600s displayed all of the problems that come from rushing a prototype into production Covered in unconvincing rubber skin and lacking any organic components they were easily detected and destroyed But if there's one thing that Skynet is good at it's learning from its mistakes And as the historic tales in this pivotal issue demonstrate every T 600's mission no matter the outcome brought the lethal T 800s one step closer to activation.
