Televangelism And American Culture The Business Of Popular Religion

Peter J. Schuurman

Televangelism And American Culture The Business Of Popular Religion:

Televangelism and American Culture Quentin J. Schultze, 2003-09-15 Not just another trashing of televangelism Schultze's sensitive critique of present patterns of religious programming is meant to promote a more responsible Christian use of the television medium His book deserves to be read by all who care deeply about the obedient proclamation of the gospel in contemporary culture Richard Mouw The problems Schultze addresses are more profound than sexual or financial scandals They are rather problems of idolatry substituting a charismatic image on the screen of God heresy defining the faith by what it will do for me and ecclesiastical suicide transforming churches into audiences Amazingly after such an indictment Schultze holds out hope for the Christian use of television Mark Noll The most intelligent report on televangelism that I have read and I suspect the best ever Clearly the work of a smart student a discerning watcher and fair critic of the media but best of all a careful Christian mind Lewis Smedes Schultze's concluding chapter should be required reading for every Christian It provides solid biblical guidelines for calling religious broadcasters to accountability challenges individual Christians as well as the Christian media to be more critical and selective in their support of religious broadcasters and calls Christian educators to address the implications of living in the television age Steve Rabey Christianity Today A disturbing book useful both for the author's cultural and Christian critique and for his citation of a wide range of evidence Lloyd Averill The Christian Century

TELEVANGELISM and american culture Quentin J. Schultze, 1999 *Politics and Religion in the United States* Michael Corbett, Julia Corbett Hemeyer, Julia Mitchell Corbett, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company Rethinking Media, Religion, and Culture Stewart M. Hoover, Knut Lundby, 1997-01-31 The growing connections between media culture and religion are increasingly evident in contemporary society but until now have rarely been theoretically linked The contributors to this volume effectively combine these areas into a coherent whole The issues they examine include the decline of religious institutions during the late twentieth century the increasing autonomy and individualized practice of religion and the surge of media and media based icons that are often imbued with religious qualities and the ensuing effect on cultural practices *Popular Religion in America* Erling T. Jorstad, 1993-04-22 The enormous growth of evangelicalism is one of the major developments in recent American life Like other scholars Jorstad acknowledges that evangelicalism has grown because it is theologically attractive But Jorstad also attributes the growth of the evangelical movement to its relationship with American popular culture According to the author the evangelical movement was able to integrate populist democratic traditions with a cultural inclusiveness a mastery of high technology and a willingness to use mass media to spread its views The book contains three sections The first traces the development of evangelical subculture between 1960 and 1990 The second part discusses the evangelical movement and social and individual values The third part explores popular religion and the media The book considers the involvement of evangelicals in popular religion the appeal of popular religion to many but not to all evangelicals the similarities between

popular religion and more traditional religious organizations and the means by which evangelicalism effectively utilizes the many genres and styles of popular culture *The Transformation of African Christianity* Sunday Jide Komolafe,2013-02-14

The explosion of the church in Nigeria is phenomenal with a forward momentum that is as remarkable as the missionary optimism of the first century Church The history reveals a tightly woven narrative of the process of beginnings growth and change The Electronic Church in the Digital Age Mark Ward Sr.,2015-11-10 This two volume set investigates the evangelical presence in America as experienced through digital media examining current evangelical ideologies regarding education politics family and government Evangelical broadcasting has greatly expanded its footprint in the digital age This informative text acquaints readers with how the electronic church of today spreads its message through Internet podcasts social networking religious radio programs and televised sermons how mass media forms the institution s modern identity and what the future of the industry holds as mobile church apps Christian based video games and online worship become the norm The work split into two volumes reveals the ways that the Christian broadcast community affects evangelical traditions and influences American society in general Volume 1 explores how electronic media shapes today s Christian subculture while the second volume describes how the electronic church impacts the wider American culture analyzing what key figures in evangelical mass media are saying about today s religious political economic and social issues The set concludes by addressing criticism about religious media and the prospects of American public discourse to accomodate both secular and religious voices **The Rowman & Littlefield Handbook of Contemporary Christianity in the United States** Mark A.

Lamport,2022-02-15 The Handbook of Contemporary Christianity in the United States is a one volume examination of Christianity in its role contributions and embattled engagements with the contemporary culture of the postmodern United States While Christianity has been a sustaining force and dominant storyline of the historical foundations of America obvious social political and scientific inroads have lessened its influence and altered the issues considered The handbook explores the strengths and weaknesses of the Christian faith and traditions in the United States and its rich and textured history with a discernable eye toward how the message strategies and initiatives of Christianity has adapted to contemporary American life

Evangelicals and the Continental Divide Sam Reimer,2003 In *Evangelicals and the Continental Divide* Sam Reimer finds surprising levels of uniformity among evangelicals on both sides of the border He shows that both American and Canadian evangelicals share highly similar religious identities central beliefs moral and sub cultural boundaries and social attitudes Reimer found that American evangelicals did not distinguish themselves through greater conservatism or greater commitment but did connect politics and faith to a much greater extent than their Canadian counterparts while evangelicals in Canada evinced greater tolerance He argues that these differences point to an enduring importance of national historical and cultural differences whereas regional differences are not as significant Using data obtained from 118 in depth interviews with evangelicals in both countries as well as a representative poll of 3 000 Canadians and 3 000 Americans Reimer details

the inner workings of the evangelical subculture and gives us an understanding of evangelical similarities and differences across the two nations

Babel Church Li Ma, 2021-03-16 Assisted by a diverse mass media industry American evangelicalism has been long plagued by consumerism entrepreneurism and social engineering Churches and movements that carry the name of Christ have become projects of ambition and scandals in the public eye Without fixing its dysfunctions these ministry models have expanded to other parts of the world reaping similar fruits of corruption prejudice and abuses The alarm call of MeToo and ChurchToo movements since 2017 made it more urgent for the global body of Christ to inspect its pathological patterns What kind of response does the MeToo movement require of our public theology and leadership ethics Sociologist Li Ma invites us to re engage with biblical exegesis while being attentive to new mandates of God revealed from MeToo A creative Ellulian integration of sociological analysis and theology Babel Church incisively reveals why American evangelicalism and its global projects have succumbed to the temptations of worldly power at the expense of vulnerable members in the body of Christ

Making Media Futures Phillip H. Roth, Ana María Guzmán Olmos, Alin Olteanu, Stefan Bösch, 2025-04-22 Making Media Futures offers a multi perspectival exploration of how imaginaries and knowledge of the future are constructed in and through various media The volume addresses the discursive dimensions of imaginaries and future visions as well as the impact of technological material and cultural conditions on the propagation of future discourses through media Providing both theoretically detailed and empirically rich investigations the contributions offer a wide range of cases spanning the century from the end of World War II until today and looking at examples from the Southern Hemisphere as well as the Global North Bringing together scholars in media studies science and technology studies STS and the history and philosophy of technology the chapters discuss future visions and imaginations of quantum computing the uncertainty and impact of AI based text to image generation the ideology behind 5G telecommunication standards imaginaries of the Internet of Things transmedia strategies in global and local climate protests how broadcast radio was implicated in the evangelical mission imaginary and how early visions of automating scholarly information management shaped standards and ideals of academia The volume thus complements existing approaches and analytical frameworks for the study of imaginaries and futures discourses with perspectives that are sensitive to the plurality of media specific conditions and technologies The book will interest students and scholars working in media studies STS history and philosophy as well as at the intersection of engineering humanities and social sciences on matters such as sustainability ethics and responsible innovation

Grappling with Representation in the WWE Lowery A. Woodall III, 2022-10-03 In this book Lowery A Woodall III explores the ways that diverse populations are portrayed stereotyped and sometimes villainized in the WWE s colorful and dramatic programming Each chapter examines the surprisingly complex and multilayered representation of marginalized populations throughout the modern history of the WWE under the leadership of Vincent K McMahon Through weekly shows like Raw and SmackDown pay per view spectacles like WrestleMania and a vast library of

wrestling related material on their streaming platform Woodall argues that the WWE and McMahon have created calculated and carefully curated representations of diversity that are viewed by millions of fans worldwide What effects do those representations have on the men women and children who consume WWE content How are wrestlers and performers impacted by their on screen portrayals This book explores these questions and demonstrates that when representations are inaccurate or problematic more than just kayfabe is in danger of being broken Scholars of professional wrestling studies media studies and communication studies will find this book of particular interest *The Word is Worth a Thousand Pictures* Gregory Edward Reynolds, 2001-04-20

Trajectory of the 21st Century Lawrence J. Terlizese, 2009-01-10

Trajectory of the Twenty first Century explores what many prophets of the twentieth century such as Oswald Spengler Paul Tillich Aldous Huxley Jacques Ellul and others have predicted would transpire in the current century Their vision included an out of control technological system and a return to religious sentiment that will ultimately undermine the system to which it is reacting This book aims to accurately present their positions and draw certain logical conclusions from them that pertain to the course of history in our time The book's theme argues that modernity is a secularized version of millennial Christianity which reaches its fullest development in the twenty first century and will regress into what Russian philosopher Nicholas Berdyaev called the new Middle Ages or a new religious period This will mean the twilight of modern technological society as its values of rationalism give way to a post-rationalist society Ironically decline will come through further technological advance Omnicide threatens through religious world war driven by transcendent values and modern weaponry Jihadist thinking and posthumanist technology both establish the omnicidal mentality New technologies such as genetic engineering and artificial intelligence created under millennial inspiration to reach for immortality could potentially bring an end to the human species either through a slow steady obsolescence or through environmental catastrophe The titanic forces of technological progress and regress are on a direct collision course in the twenty first century

Transmitting the Spirit Martijn Oosterbaan, 2017-08-02

Pentecostalism is one of the most rapidly expanding religious cultural forms in the world Its rise in popularity is often attributed to its successfully incorporating native cosmologies in new religious frameworks This volume probes for more complex explanations to this phenomenon in the favelas of Brazil once one of the most Catholic nations in the world Based on a decade of ethnographic fieldwork in Rio de Janeiro and drawing from religious studies anthropology of religion and media theory Transmitting the Spirit argues that the Pentecostal movement's growth is due directly to its ability to connect politics entertainment and religion Examining religious and secular media music and magazines political ads and telenovelas Martijn Oosterbaan shows how Pentecostal leaders progressively appropriate and recategorize cultural forms according to the religion's cosmologies His analysis of the interrelationship among evangelists distributing doctrine devotees reception and interpretation of nonreligious messaging perceptions of the self and others by favela dwellers and the slums of urban Brazil as an entity reveals Pentecostalism's remarkable capacity to engage with the

media influences that shape daily life in economically vulnerable urban areas An eye opening look at Pentecostalism media society and culture in the turbulent favelas of Brazil this book sheds new light on both the evolving role of religion in Latin America and the proliferation of religious ideas and practices in the postmodern world **The ^AOxford Companion to United States History** Paul S. Boyer,2001-07-04 Here is a volume that is as big and as varied as the nation it portrays With over 1 400 entries written by some 900 historians and other scholars it illuminates not only America s political diplomatic and military history but also social cultural and intellectual trends science technology and medicine the arts and religion Here are the familiar political heroes from George Washington and Benjamin Franklin to Abraham Lincoln Woodrow Wilson and Franklin D Roosevelt But here too are scientists writers radicals sports figures and religious leaders with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney Babe Ruth and Muhammed Ali Black Elk and Crazy Horse Margaret Fuller Emma Goldman and Marian Anderson even Al Capone and Jesse James The Companion illuminates events that have shaped the nation the Great Awakening Bunker Hill Wounded Knee the Vietnam War major Supreme Court decisions Marbury v Madison Roe v Wade landmark legislation the Fugitive Slave Law the Pure Food and Drug Act social movements Suffrage Civil Rights influential books The Jungle Uncle Tom s Cabin ideologies conservatism liberalism Social Darwinism even natural disasters and iconic sites the Chicago Fire the Johnstown Flood Niagara Falls the Lincoln Memorial Here too is the nation s social and cultural history from Films Football and the 4 H Club to Immigration Courtship and Dating Marriage and Divorce and Death and Dying Extensive multi part entries cover such key topics as the Civil War Indian History and Culture Slavery and the Federal Government A new volume for a new century The Oxford Companion to United States History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet from Columbus to Clinton Written in clear graceful prose for researchers browsers and general readers alike this is the volume that addresses the totality of the American experience its triumphs and heroes as well as its tragedies and darker moments

The Subversive Evangelical Peter J. Schuurman,2019-06-30 Evangelicals have been scandalized by their association with Donald Trump their megachurches summarily dismissed as religious Walmarts In The Subversive Evangelical Peter Schuurman shows how a growing group of reflexive evangelicals use irony to critique their own tradition and distinguish themselves from the stereotype of right wing evangelicalism Entering the Meeting House an Ontario based Anabaptist megachurch as a participant observer Schuurman discovers that the marketing is clever and the venue a rented movie theatre is attractive to the more than five thousand weekly attendees But the heart of the church is its charismatic leader Bruxy Cavey whose anti religious teaching and ironic tattoos offer a fresh image for evangelicals This charisma Schuurman argues is not just the power of one individual it is a dramatic production in which Cavey his staff and attendees cooperate cultivating an identity as an irreligious megachurch and providing followers with a more culturally acceptable way to practise their faith in a secular age Going behind the scenes to small group meetings church dance parties and the homes of

attendees to investigate what motivates these reflexive evangelicals Schuurman reveals a playful and provocative counterculture that distances itself from prevailing stereotypes while still embracing a conservative Christian faith *The Handbook of Religion and Communication* Yoel Cohen, Paul A. Soukup, 2023-02-22 Provides a contemporary view of the intertwined relationship of communication and religion The Handbook of Religion and Communication presents a detailed investigation of the complex interaction between media and religion offering diverse perspectives on how both traditional and new media sources continue to impact religious belief and practice across multiple faiths around the globe Contributions from leading international scholars address key themes such as the changing role of religious authority in the digital age the role of media in cultural shifts away from religious institutions and the ways modern technologies have transformed how religion is communicated and portrayed Divided into five parts the Handbook opens with a state of the art overview of the subject's intellectual landscape introducing the historical background theoretical foundations and major academic approaches to communication media and religion Subsequent sections focus on institutional and functional perspectives theological and cultural approaches and new approaches in digital technologies The essays provide insight into a wide range of topics including religious use of media religious identity audience gratification religious broadcasting religious content in entertainment films and religion news reporting about religion race and gender the sex religion matrix religious crisis communication public relations and advertising televangelism pastoral ministry death and the media online religion future directions in religious communication and more Explores the increasing role of media in creating religious identity and communicating religious experience Discusses the development and evolution of the communication practices of various religious bodies Covers all major media sources including radio television film press digital online content and social media platforms Presents key empirical research real world case studies and illustrative examples throughout Encompasses a variety of perspectives including individual and institutional actors academic and theoretical areas and different forms of communication media Explores media and religion in Judeo Christian traditions Islam Buddhism Hinduism religions of Africa Atheism and others The Handbook of Religion and Communication is an essential resource for scholars academic researchers practical theologians seminarians mass communication researchers and undergraduate and graduate students taking courses on media and religion

The Globalisation of Charismatic Christianity Simon Coleman, 2000-10-02 This 2000 book analyses the revival of charismatic Protestant Christianity as an example of globalization Simon Coleman shows that along with many social movements these religious conservatives are negotiating their own interpretations of global and postmodern processes They are constructing an evangelical arena of action and meaning within the liminal chaotic space of the global The book examines globalization not only as a social process but also as an embodied practice involving forms of language and ritualized movement Charismatic Christianity is presented through its material culture art architecture and consumer products as well as its rhetoric and theology The book provides an account of the incorporation of electronic media

such as television videos and the Internet into Christian worship Issues relating to the conduct of fieldwork in contexts of globalization are raised in an account which is also a major ethnography of a Faith ministry **Miracles** Patrick J. Hayes, 2016-01-11 Miracles give hope to the hopeless and exemplify the intersection of the divine and the mundane They have shaped world history and continue to influence us through their presence in films television novels and popular culture This encyclopedia provides a unique resource on the philosophical historical religious and cross cultural conceptions of miracles that cut across denominational lines Multidisciplinary in approach this informative yet entertaining encyclopedia covers major aspects of miraculous phenomena through more than 150 alphabetically arranged entries that document how humanity's belief in religious miracles over multiple places periods and faiths have affected society even changed the course of history Written for high school students and general readers the coverage enables readers to learn about different civilizations and cultures the controversies surrounding different beliefs and the often uncomfortable engagement of religion with science This single volume book provides a one stop ready reference that addresses a broad variety of subject matter on miraculous phenomena and guides further investigations into the subject Helpful illustrations and lucid explanations of the ancillary concepts associated with miraculous phenomena make learning about this topic more engaging Readers will be able to link the doctrinal concepts such as grace or prayer with the descriptions of miraculous events especially those associated with saints or holy objects The examination of the controversial aspects of different belief systems along with the book's balanced coverage of the interpretation of miracles will encourage students to weigh different explanations thus fostering the development of their critical thinking skills

Televangelism And American Culture The Business Of Popular Religion Introduction

In the digital age, access to information has become easier than ever before. The ability to download Televangelism And American Culture The Business Of Popular Religion has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Televangelism And American Culture The Business Of Popular Religion has opened up a world of possibilities. Downloading Televangelism And American Culture The Business Of Popular Religion provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Televangelism And American Culture The Business Of Popular Religion has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Televangelism And American Culture The Business Of Popular Religion. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Televangelism And American Culture The Business Of Popular Religion. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Televangelism And American Culture The Business Of Popular Religion, users should also consider the potential

security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Televangelism And American Culture The Business Of Popular Religion has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Televangelism And American Culture The Business Of Popular Religion Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
