Human Personality and Its Survival of Bodily Death Frederic William Henry Myers,1915 **Human Personality and Its Survival of Bodily Death: 7. Phantasms of the dead** Frederic William Henry Myers,1903 **The Silicon Tongue** Beryl Fletcher,1996 The Silicon Tongue follows the award winning novel The Wood Burners and critically acclaimed novel The Iron Mouth These novels explore the relationship between language and identity and tell stories of women s lives in a time of radical social change The Silicon Tongue is centred on the life and times of London born Alice who was brought to New Zealand as a servant in the 1930s Tricked by the authorities into believing that she was an orphan Alice tells her story into the tape recorder of a mysterious oral historian and discloses family secrets of rape and adoption She discovers a kinship with a teenage nethead called Pixel and learns that old women can fly in cyberspace along with the young Meanwhile Alice s daughter Joy finds out that when it comes to family stories there is always more than one version of the truth The Craft of System Security Sean Smith,John Marchesini,2007-11-21 I believe The Craft of System Security is one of the best software security books on the market today It has not only breadth but depth covering topics ranging from cryptography networking and operating systems to the Web computer human interaction and how to improve the security of software systems by improving hardware Bottom line this book should be required reading for all who plan to call themselves security practitioners and an invaluable part of every university s computer science curriculum Edward Bonver CISSP Senior Software QA Engineer Product Security Symantec Corporation Here s to a fun exciting read a unique book chock full of practical examples of the uses and the misuses of computer security I expect that it will motivate a good number of college students to want to learn more about the field at the same time that it will satisfy the more experienced professional L Felipe Perrone Department of Computer Science Bucknell University Whether you re a security practitioner developer manager or administrator this book will give you the deep understanding necessary to meet today s security challenges and anticipate tomorrow s Unlike most books The Craft of System Security doesn t just review the modern security practitioner s toolkit It explains why each tool exists and discusses how to use it to solve real problems After quickly reviewing the history of computer security the authors move on to discuss the modern landscape showing how security challenges and responses

have evolved and offering a coherent framework for understanding today's systems and vulnerabilities. Next they systematically introduce the basic building blocks for securing contemporary systems, apply those building blocks to today's applications, and consider important emerging trends such as hardware-based security. After reading this book, you will be able to understand the classic Orange Book approach to security and its limitations; use operating system security tools and structures with examples from Windows, Linux, BSD, and Solaris; learn how networking the Web and wireless technologies affect security; identify software security defects from buffer overflows to development process flaws; understand cryptographic primitives and their use in secure systems; use best practice techniques for authenticating people and computer systems in diverse settings; use validation standards and testing to enhance confidence in a system's security; discover the security, privacy, and trust issues arising from desktop productivity tools; understand digital rights management, watermarking, information hiding, and policy expression; learn principles of human-computer interaction (HCI) design for improved security; understand the potential of emerging work in hardware-based security and trusted computing.

The Seafaring Girls Jessie Newton, 2021-08-31 Journey to Five Island Cove for a roaring good time with friends old and new, their sons and daughters, and all their new husbands as they navigate the heartaches and celebrations of life and love. Jean Shields is devastated when the adoption she and her husband were set to complete falls through. Besides her solid as a rock husband, her only solace is her two dogs, her sewing students, and her new friends in the women's group. Her mother-in-law has introduced her to Alice, and Robin wants to help Jean, but they don't know how. Alice is dealing with a pregnancy scare, and Robin is trying to help her oldest daughter navigate collegiate options. AJ has the best advice as she's lived most of her life childless too. But her own baby is requiring more from her than she ever imagined. Eloise provides food and offers Jean a job at her inn, though she's drowning to keep her head above water. There, Kelli brings her son to Jean as much as possible, but it's not until Kristen convinces Jean to spearhead the new Seafaring Girls program in Five Island Cove that Jean starts to find some purpose to her life. Kristen is consulting on the program as she ran it successfully many years ago, and her heart is happy as she watches a new generation of girls learn to love the sea while staying safe on it. But when someone returns to the Cove that no one ever expected to see again, old wounds open just as they'd started to heal. This group of women will be tested again, both on land and at sea, just as they once were as teens.
