Ophir, 2022-12-06 This book explores God s use of violence as depicted in the Hebrew Bible Focusing on the Pentateuch it reads biblical narratives and codes of law as documenting formations of theopolitical imagination Ophir deciphers the logic of divine rule that these documents betray with a special attention to the place of violence within it The book draws from contemporary biblical scholarship while also engaging critically with contemporary political theory and political theology including the work of Walter Benjamin Giorgio Agamben Jan Assmann Regina Schwartz and Michael Walzer Ophir focuses on three distinct theocratic formations the rule of disaster where catastrophes are used as means of governance the biopolitical rule of the holy where divine violence is spatially demarcated and personally targeted and the rule of law where divine violence is vividly remembered and its return is projected anticipated and yet postponed creating a prolonged lull for the text s present Different as these formations are Ophir shows how they share an urform that anticipates the main outlines of the modern European state which has monopolized the entire globe A critique of the modern state the book argues must begin in revisiting the deification of the state unpacking its mostly repressed theological dimension
