THE ANATOLIAN Elia Kazan, 2012-05-02 In his powerful new novel Elia Kazan takes up the life of the young Greek from Anatolia whose early years he chronicled in his first and highly acclaimed novel *American Dream* giving us the story of a man caught between two worlds and fighting to make a place for himself within them We enter the story of 1909 Stavros Topouzoglou Joe Arness to his American friends is meeting the freighter that has brought his family to America This day marks the culmination of a lifetime of responsibility Steeled by his harsh life proud and resourceful he has nonetheless been governed by the age old rules of filial duty putting aside his own needs and desires he obediently took on the fulfillment of his father's dream of safety and salvation for their family For a decade he has worked to bring his family to America an America that has hypnotized and motivated him with its promise of money and power and privilege But as the family disembarks there is one person missing his father is dead Suddenly Stavros is caught between two powerful and opposing influences On one side is his family seven brothers and sisters and his mother look to him for guidance strength and support drawing him back into the ways and tenets of the old country On the other side the bright seeming golden possibilities of the new world of America possibilities that Stavros has only glimpsed from afar but that he has determined to attain Stavros is not prepared for this clash of cultures nor for the emotional turmoil it produces in him He has always believed that through sheer will and energy he could achieve anything but now even his ferocious unswerving drive cannot sustain him And so we see him dutifully assume the patriarchal position in the family only to witness the foundation of family devotion respect and love broken down by the terrifying yet heady exigencies of this new life We see Stavros passionately drawn to Althea Perry imagining her to be a key to his acceptance into the society he yearns for but finding instead that she is a constant reminder of the obstacles he must continually face and the sacrifices of pride he must be prepared to make We see Stavros slowly ingratiating himself with Fernand Sarrafian the man he most admires the man with the kind of power Stavros wants for himself only to learn that

Sarrafian's power is tainted with greed, deceit and an almost total lack of humaneness. We see how often Stavros must invoke the words his father said to him as a boy: If you don't allow yourself to feel it, the shame does not exist. We see him confronted by his brother just returned from fighting for a Greater Greece whose words to Stavros reverberate with both love and accusation: I'm thinking of you at night. What you were once, what you are now. When we first came here, I was so proud of you. Now all you care about is how to make money. And it is these words that finally force Stavros to acknowledge the devastating impurities in his dream of an American life, to see how completely he's lost himself in his blind attempt to attain that dream. And he is compelled to devise a plan by which he can redeem not only himself, his family and the memory of his father, but also even if only in the smallest measure, the love for his homeland that he begins to feel with renewed fervor and impassioned dedication. In the story of Stavros Elia Kazan not only gives us a vividly wrought picture of one man's struggle to understand his dreams, but he reveals as well what it has meant for the immigrant to confront America and more importantly, what it has meant for him to confront himself in this seductive yet often inimical culture.

The Attalids of Pergamon and Anatolia Noah Kaye,2023-02-23

Historians have long wondered at the improbable rise of the Attalids of Pergamon after 188 BCE The Roman brokered Settlement of Apameia offered a new map a brittle framework for sovereignty in Anatolia and the eastern Aegean What allowed the Attalids to make this map a reality This uniquely comprehensive study of the political economy of the kingdom rethinks the impact of Attalid imperialism on the Greek polis and the multicultural character of the dynasty's notorious propaganda By synthesizing new findings in epigraphy archaeology and numismatics it shows the kingdom for the first time from the inside The Pergamene way of ruling was a distinctively non coercive and efficient means of taxing and winning loyalty Royal tax collectors collaborated with city and village officials on budgets and minting while the kings utterly transformed the civic space of the gymnasium This title is also available as Open Access on Cambridge Core

This book contends that Indo European languages came to Greece central Europe southern Scandinavia and northern Italy no earlier than ca 1600 BC brought by the first military men whom Europeans had seen That the Greek Keltic Italic and Germanic sub groups of Indo European originated in the middle of the second millennium BC is a controversial idea Most Indo Europeanists date the origin a thousand years earlier and some archaeologists would place it before 5000 BC as agriculture spread through Europe Here Robert Drews argues that the Indo European languages came into Europe via military conquests and that militarism a man's pride in his weapons and in his status as a warrior began with the employment of horse drawn chariots in battle
