this formative period of English history **'The Right Ordering of Souls'** Clive Burgess, 2018 The relationship between people and parish in the late medieval ages illuminated by this study of a remarkable survival from the period In the two centuries preceding the Reformation in England economic political and spiritual conditions combined with constructive effect Endemic plague prompted a demonstrative piety and in a world enjoying rising disposable incomes this linked with current teachings especially the doctrine of Purgatory to sustain a remarkable devotional generosity Moreover political conditions and particularly war with France persuaded the government to summon its subjects assistance including responses encouraged in England's many parishes As a result the wealthier classes invested in and worked for their neighbourhood churches with a degree of largesse witnessed in parish buildings in many localities hardly equalled since Buildings apart the scarcity of pre Reformation parish records means however that the resonances of this response and the manner in which parishioners organised their worship are ordinarily lost to us This book using the remarkable survival of records for one parish All Saints Bristol in the later fifteenth and early sixteenth centuries scrutinises the investment that the faithful made If not necessarily typical it is undeniably revealing going further than any previous study to expose and explain parishioners priorities practices and achievements in the late Middle Ages In so doing it also charts a world that would soon vanish Dr CLIVE BURGESS holds a Senior Lectureship in late medieval history at Royal Holloway University of London **Social England** Henry Duff Traill, 1903 [A Brief History of Life in the Middle Ages](#) Martyn Whittock, 2013-02-07 Using wide ranging evidence Martyn Whittock shines a light on Britain in the Middle Ages bringing it vividly to life in this fascinating new portrait that brings together the everyday and the extraordinary Thus we glimpse 11th century rural society through a conversation between a ploughman and his master The life of Dick Whittington illuminates the rise of the urban elite The stories of Roger the Raker who drowned in his own sewage a merman imprisoned in Orford Castle and the sufferings of the Jews of Bristol reveal the extraordinary diversity of medieval society Through these characters and events and using the latest discoveries and research the dynamic and engaging panorama of medieval England is revealed [Perspectives on Public Space in Rome, from Antiquity to the Present Day](#) Jan Gadeyne, 2016-04-22 This volume provides readers interested in urban history with a collection of essays on the evolution of public space in that paradigmatic western city which is Rome Scholars specialized in different historical periods contributed chapters in order to find common themes which weave their way through one of the most complex urban histories of western civilization Divided into five chronological sections Antiquity Middle Ages Renaissance Baroque Modern and Contemporary the volume opens with the issue of how public space was defined in classical Roman law and how ancient city managers organized the maintenance of these spaces before moving on to explore how this legacy was redefined and reinterpreted during the Middle Ages The third group of essays examines how the imposition of papal order on feuding families during the Renaissance helped introduce a new urban plan which could satisfy both functional and symbolic needs The fourth section shows how modern Rome continued to express strong interest

in the control and management of public space the definition of which was necessarily selective in this vastly extensive city The collection ends with an essay on the contemporary debate for revitalizing Rome s eastern periphery Through this long term chronological approach the volume offers a truly unique insight into the urban development of one of Europe s most important cities and concludes with a discuss of the challenges public space faces today after having served for so many centuries as a driving force in urban history
