The Ancient Science of Geomancy Nigel Pennick,1979 **Research in Scientific Feng Shui and the Built**

Environment Michael Y. MAK,Albert Ting-pat SO,2009-02-01 Feng Shui is a body of ancient Chinese knowledge that aims at creating a harmony between environment buildings and people It represented the most significant set of architectural theory and practice in Chinese history Feng Shui knowledge reflected the traditional Chinese attitudes towards the natural and built environment With a desire to improve the relationship between human and the environment there is an increasing interest for architects building professionals and other property practitioners to apply the concepts of Feng Shui in building design As Feng Shui knowledge represents a holistic view in creating harmonized built environment research into the application of Feng Shui to the built environment needs to be addressed Mind Invaders Stewart Home,2016-12-19 The only movement to work consistently towards the death of history since the disbanding of the Situationist International has been the Global Neoist Network Since 1979 Neoism has been defending the revolutionary gains made by the Situationists and Fluxus The Neoists are the only group to have brought about the conjunction of nihilism and historical consciousness the two elements essential for the destruction of the old order the order of history You can never quite be sure to what degree Stewart Home or the Neoists from whom he noisily split but under who s banner he long continued to write agitate is was taking the p ss Decades of provocation parody backhanded agitation ideological feuding art anti art ideological feuding as both art and anti art all of it written up reported upon exaggerated added to invented and thrown into the face of late 20th 21st century culture subculture first as polemic eventually as farce Mind Invaders was first published in 1997 culled from a panoply of underported unregarded barely noticed sources obscure zines half finished manifesto s loosely formed political strands starting to coalesce in shaded corners of the early web Through force of will and a desire to exist it pulled together a ramschackle but somehow cohesive collection of currents that run deep through the post Situationist anti art anti trot anti spectacle European underground tracing a definable lineage back from Dada Bauhaus Lettristes through to the mail art movement of the 60 s loosely tied to Fluxus and by it s very nature a scattered interconnected avant garde network attempting to subvert the art industrial complex by circumventing it undermining commercial straitjackets by ignoring them Techno paganism and Avant bardism 3 sided football Five Year Plans for establishing community based Autonomous space programmes around the world psychogeographers planning to levitate the Corn Exchange in Hulme and most prominently The Luther Blissett Project launched in Bologna Summer 94 by an international gang of revolutionaries mail artists poets performers underground zines cybernauts and squatters collectively casting a long long shadow Scientific Feng Shui for the Built Environment Michael Y. MAK,Albert T. SO,2015-03-11 Feng Shui is not all about tradition The integration and harmony between the natural and built environments concerning modern architecture has long been discussed in Feng Shui or more academically Kan Yu Based on Scientific Feng Shui for the Built Environment Fundamentals and Case Studies

published in 2011 this enhanced new edition has further taken into account the enhancements and new inputs in theories and applications Emphasis is placed on two themes sustainability and science New case studies regarding sustainable design as viewed from a Feng Shui perspective and integrated applications of different architectural models and their associations with Feng Shui concepts are added and elaborated On science other than exploring the new development of particle physics in relation to Feng Shui studies a totally new approach to numerology and Luo Shu study based on modern linear algebra may bring readers new insight into the possibility of researching Feng Shui mathematically in addition to the use of spherical trigonometry This book offers a remarkable in depth view of Feng Shui by integrating the historical theories with scientific explorations and examples of applications It once again demonstrates that Feng Shui can be studied scientifically and eventually scientific Feng Shui may become a new field of science in the academic world as well as a professional and orthodox discipline of architectural design for the built environment Published by City University of Hong Kong Press

Creating Places of Power Nigel Pennick, 2022-11-29 An exploration of the traditional rites of auspicious building and crafting Explains the ceremonial beginnings and Hermetic principles in the laying out of foundations not only for sacred buildings like temples but also for homes and barns Examines the principles and ceremonies of electional astrology and details how to compute natural time as opposed to clock time Shares examples from ancient Egypt Iran India and Europe that range from the Stone Age to the Renaissance and include secret societies When we make things whether a

building a sacred space or a magical object there is a precise moment when the artifact comes into being as a separate entity That moment in time possesses its own unique quality and because of this there is a right time to do something and a wrong time And as Nigel Pennick reveals we have the power to select favorable moments for our creations just as our ancestors did Illustrating ancient principles of divination chronomancy and electional astrology Pennick examines all the factors behind the ancestral art of geomancy the auspicious creation and alignment of sacred buildings as places of power Sharing examples from ancient Egypt Iran India and Europe that range from the Stone Age to the modern day including secret societies like the Rosicrucians and the Freemasons he explains how many cities were constructed on specially selected sites and founded ritually at precise predetermined moments Looking at the traditional rites of creating places of power Pennick explains the ceremonial beginnings and Hermetic principles in the laying out of foundations as well as the use of sacrifice in the building of many notable structures Examining the role of sacred geometry in geomancy Pennick explains the Hermetic meaning assigned to each direction in traditional European cultures as well as the principles of natural measures and the science of understanding lucky and unlucky days Revealing how geomantic principles are rooted in the structure of the world and the cosmic patterns of space and time the author shows how they transcend the ages and are just as meaningful today as they were to our ancestors

Feng Shui: Teaching About Science and Pseudoscience Michael R. Matthews, 2019-07-18 This book provides a richly documented account of the historical cultural philosophical and practical dimensions of feng shui It argues that where feng shui is entrenched educational systems have a responsibility to examine its claims and that this examination provides opportunities for students to better learn about the key features of the nature of science the demarcation of science and non science the characteristics of pseudoscience and the engagement of science with culture and worldviews The arguments presented for feng shui being a pseudoscience can be marshalled when considering a whole range of comparable beliefs and the educational benefit of their appraisal Feng shui is a deeply entrenched three millennia old system of Asian beliefs and practices about nature architecture health and divination that has garnered a growing presence outside of Asia It is part of a comprehensive and ancient worldview built around belief in chi qi the putative universal energy or life force that animates all existence the cosmos the solar system the earth and human bodies Harmonious living requires building in accord with local chi streams good health requires replenishment and manipulation of internal chi flow and a beneficent afterlife is enhanced when buried in conformity with chi directions Traditional Chinese Medicine is based on the proper manipulation of internal chi by acupuncture tai chi and qigong exercise and herbal dietary supplements Matthews has produced another tour de force that will repay close study by students scientists and all those concerned to understand science culture and the science culture nexus Harvey Siegel Philosophy University of Miami USA With great erudition and even greater fluidity of style Matthews introduces us to this now world wide belief system Michael Ruse Philosophy Florida State University USA The book is one of the best research works published on Feng Shui Wang

Magic in the Landscape Nigel Pennick, 2020-05-05 Learn to cultivate a traditional beneficial relationship with the land by embracing the forgotten practices of our ancestors Details the ancient art of geomancy and Earth magic including how to work with ley lines astrology and the four directions to honor a space and make it a place of power Explores the magic of the land around us and how our ancestors interacted with Earth energies and the forces of Nature Discusses the power of boundaries and magic circles the proper feng shui of graveyards and cemeteries and magically powerful places such as crossroads fairgrounds and the mystic triangles found in no man s lands Our ancestors were deeply aware of the magical power of their local landscape no matter where they lived Every interaction with their environment from building to farming to the layout of ancient cities took into account terrestrial energies ancestral memory and the many seen and unseen presences in Nature They developed sophisticated procedures for orienting their living spaces and respectfully working with the magic of the landscape Yet much of the art of geomancy and of working with the forces of Nature has been forgotten by modern builders architects foresters gardeners and homeowners The treatment of land as mere property has led to a loss of its meaning for those who dwell upon it Our landscape has become disenchanted In this book geomancy expert and scholar Nigel Pennick details the ancient and sacred practices of geomancy and Earth magic and reveals how we can reenchant and reconnect to the sacred landscape that surrounds us whether you live rurally in the suburbs or in cities Pennick begins with a vivid look at our modern wasteland and what he calls the ensouled world with specific examples from Britain and Iceland of our ancestors way of perceiving the world they lived in Exploring the art of geomancy he examines how its techniques work with ley lines astrology and the old understanding of the four directions and the eight winds to honor a space and make it a place of power He looks at the power of boundaries and magic circles including laying ghosts and dismissing spirits as well as the proper feng shui for cemeteries and graveyards The author then takes the reader back into the traditional landscape to discuss magically powerful places such as crossroads the occult nature of the fairground and the mystic triangles found in what are popularly known as no man s lands Revealing how the landscape can be reenchanting Pennick shows how the magic of place is a living system that each of us can interact with

The Divining Heart Patricia C. Wright, Richard D. Wright, 1994-07-01 Building on the principles and practices presented in The Divining Mind Richard Wright s first book on dowsing coauthored by T Edward Ross II authors Richard and Pat Wright define dowsing as the process of uncovering information through the medium of the self The Wrights believe as do many dowsers that the ability to dowse is innate but they also feel that its proper development is contingent upon the parallel unfoldment of the spiritual qualities in our nature

Through this process the dowser becomes increasingly cognizant of the interconnectedness of all aspects of life and begins to play his or her part as an agent of healing and positive change Includes detailed information on Responsibility in dowsing Practical dowsing Earth energies Planetary stewardship Healing and prayer The supersensory worlds An indispensable guide for the advanced dowser as well as a beginner's sourcebook [Call of the Reed Warbler](#) Charles Massy, 2018 Originally published in 2017 as *Call of the Reed Warbler* a new argiculture a new earth by University of Queensland Press Title page verso *The Emerald Modem* Richard Leviton, 2004-05-04 Twenty years ago in England author Richard Leviton discovered the planet Following quite specific guidance he began a long process that amounted to an apprenticeship My mentors dispatched me to various specific locations in the Somerset landscape and at all hours of the night and day I sat on hills and valleys and rocks under sunlight moonlight rain snow and fog and had visions I started to see another landscape behind the apparent landscape It was an apparitional landscape with stars planets galaxies angels spirits of Nature mythic deities divinity As time went on he found himself talking with angels visiting celestial cities and following gnomes He came to understand that at one level we are the planet and that both we and it have an intimate relationship with our galaxy I found myself living inside the myths of the world as if they were expert scripts for real life inner adventures I never once thought I was crazy Why should I Quite the opposite I believed I was finally getting grounded in something real But it would take me twenty years to make sense of it That sense is embodied in *The Emerald Modem* *The Emerald Modem* includes direct correspondences between human chakras and the Earth's energy features and the galactic originalstables listing locations of sacred sites around the planet where you may experience this relationship explanations of world myths which provide clues to this unsuspected visionary world around us This is the first book to synthesize all the fragments of geomantic perception sacred sites energy points vertexes etc into a global interactive model that ties human consciousness directly to it Leviton describes 85 subtle features in the planetary landscape places you can go for mystical experiences They are features of the Earth's energy body almost all invisible to conventional sight But psychic cognition can be trained and you can usefully interact with any of these types of sites today without seeing what you're doing Your intent to interact for the benefit of yourself and the planet is all that's required Just as modems dial us into the Internet so the features of the Earth's energy body described in *The Emerald Modem* help us get online with the galaxy You can learn to visit Grail Castles experience a Mount Olympus or walk through the stars in a landscape zodiac and you can learn enough to become confident that you're not traveling alone [The Greater and Lesser Worlds of Robert Fludd](#) Joscelyn Godwin, 2019-12-17 An illustrated reference book on a seminal figure of occult philosophy and Renaissance thought Explains Fludd's thoughts on cosmic harmonies divination the kabbalah astrology geomancy alchemy the Rosicrucians and multiple levels of existence Includes more than 200 of Fludd's illustrations representing the whole corpus of Fludd's iconography each one accompanied by Godwin's expert commentary Explores Fludd's medical work as an esoteric Paracelsian physician and his theories on the macrocosm of

elements planets stars and subtle and divine beings and the microcosm of the human being and its creative activities including material never before translated One of the last Renaissance men Robert Fludd 1574 1637 was one of the great minds of the early modern period A physician by profession he was also a Christian Hermetist a Rosicrucian an alchemist astrologer musician and inventor His drive to encompass the whole of human knowledge from music to alchemy from palmistry to fortification resulted in a series of books remarkable for their hundreds of engravings a body of work recognized as the first example of a fully illustrated encyclopedia In this in depth highly illustrated reference scholar and linguist Joscelyn Godwin explains Fludd s theories on the correspondence between the macrocosm of elements planets stars and subtle and divine beings and the microcosm of the human being and its creative activities He shows how Fludd s two worlds the macrocosm and the microcosm along with Paracelsus s medical principles and the works of Hermes Trismegistus provided the foundation for his search for the cause and cure of all diseases The more than 200 illustrations in the book represent the whole corpus of Fludd s iconography each one accompanied by Godwin s expert commentary and explanation Sharing many passages translated for the first time from Fludd s Latin allowing him to speak for himself Godwin explores Fludd s thoughts on cosmic harmonies divination the kabbalah astrology geomancy and the rapport between the multiple levels of existence He also analyzes Fludd s writings in defense of alchemy and the Rosicrucians An essential reference for scholars of Renaissance thinkers traditional cosmology metaphysics and the Western esoteric tradition this book offers intimate access to Fludd s worlds and gives one a feel for an epoch in which magic science philosophy spirituality and imagination could still cohabit and harmonize within a single mind *From Where We Stand* Deborah Tall, 2016-05-05 Why does a particular landscape move us What is it that attaches us to a particular place Tall s *From Where We Stand* is an eloquent exploration of the connections we have with places and the loss to us if there are no such connections A typically rootless child of several American suburbs Tall set out to make a true home for herself in the landscape that circumstance had brought her the Finger Lakes region of upstate New York In a mosaic of personal anecdotes historical sketches and lyrical meditations she interweaves her own story with the story of this place and its people from the Seneca Nation of the Iroquois to European settlers to the many utopians who sensed and were inspired by a spiritual resonance here This edition includes an introduction by William Kittredge and a foreword by Stephen Kuusisto both highlighting the book s significance and Tall s exquisite skill in tracing the relationship between homelands and storytelling **Runes and Astrology** Nigel Pennick, 2023-06-13 Explores how runes relate to the cycles of time Looks at the meanings and temporal qualities of the 24 runes of the Elder Futhark and their rapport with ancient timekeeping and star reading methods Examines the runes relationships with the planets the stars the seasons and the precessional year Provides charts and calculations to discern which rune is the primary influence on a particular day week month season or year as well as methods for calculating runic birth charts and runic horoscopes Detailing the significance of natural time cycles in the Northern Tradition Nigel Pennick

explores how the stars planets seasons months and the precessional year relate to the runes The author explains how the runes are more than just an ancient European alphabet they encapsulate particular spiritual and symbolic meanings to individually and collectively express deep eternal truths Discussing the pagan wheel of the year whose eightfold path later served the Church as the basis for the eight holy celebrations of its religious calendar he looks at the meanings and temporal qualities of the 24 runes of the Elder Futhark and their rapport with ancient timekeeping and star reading methods He offers charts and calculations to discern which rune is the primary influence on a particular day week month season or year He also examines runic elemental and color associations and their esoteric spatial roles where they represent the four directions the eight airts and other cycles critical to understanding the sacred nature of the material world Exploring runic astrology Pennick looks at the runes as they relate to the planets and their cycles He then presents ways to use this knowledge for calculating runic birth charts and runic horoscopes Revealing the importance of the patterns and cycles of time operating in our world the author provides a means for reconnecting with these primal principles which underlie our existence as beings in time through the ancient wisdom of runes

Werner Hegemann And The Search For Universal Urbanism Craseman Christine Collins, 2005-04-26 Werner Hegemann 1881 1936 a German born multidisciplinary critic of the built environment was well known in Europe and the United States in his lifetime A critic rather than a designer he did not fit easily into any school or category To those seeking to promote modernism Hegemann was something of an awkward figure influential and undoubtedly authoritative but unorthodox Today however when studies of modernism have largely shed their proselytizing role he is of great relevance Our interest now is less in those who proposed the answers than in those who asked the questions and particularly the way in which those questions were framed For this Hegemann is a key figure Based on documentation largely unavailable in English including Hegemann s published and unpublished writings his correspondence his diaries the author s interviews archival materials lent to her by Hegemann s widow and the author s own substantial collection this is the first comprehensive study of Hegemann for historians architects and urbanists

The Living Elements of Healthy Building Design Janus Welton Aia Bbei Architect, 2007-06-14 Based on 15 years of wide ranging study THE LIVING ELEMENTS OF HEALTHY BUILDING DESIGN is the first in a series of guidebooks that accompany workshops of the same name to educate and clarify the impact of current building practices and materials on the indoor environment and human health in a form accessible to laypersons and professionals alike from homeowner to non technical designer To simplify and substantiate this wealth of information the author organizes the material through the lens of the Living Elements Earth Metal Water Wood Air and Fire emphasizing the interrelationship between human life the earth and the cosmos This reference and its companion volumes soon to be published supports the concept of Conscious Architecture an innovative and integrated model of architecture and design that

inspires harmonious structures where natural elements purposefully intermingle with form color light and sound to create holistic and healthy buildings that contain and reflect the wholeness of nature and its expression in the human spirit

American Dreamer Scott Eastham, 2007-07-26 Synergetics can be defined as the exploratory strategy of starting with the whole It was in the 1940s that Buckminster Fuller developed a series of spherical models which embodied the synergetic theory within geometry This study of Fuller s sacred geometry describes with vigour and in detail how his spherical figures relate both to Nature and to the tenets of synergetics The author assesses the legacy of Fuller a scientist artist engineer extraordinaire whose visions were inspired by the American Dream and portrays with enthusiasm and sympathy the creative and individual science of a man whose character was as multifaceted as the domes he created Discover the theory behind the idea that the straight lines and boxes of science and maths are inadequate for representing Nature s spherical and cyclical patterns of growth The ways in which Fulleris synergetics can be seen in the ancient iconographies of the past are also revealed with fresh insight In addition Eastham looks to the future artistic applications of Fuller s wholes with the aim of inspiring the reader to think outside of the box themselves We sought for years to bring out a brief alternative geometry textbook It s not easy to produce a round thing in a square world Extract from the Introduction **Power, Place, and**

State-Society Relations in Korea Jongwoo Han, 2013-11-26 No book has addressed the simultaneous phenomena of Korea s rapid economic development and its vibrant democratization in a single coherent paradigm The late developmentalist approach emphasizes the strong role of Korea s state and bureaucratic efficiency but does not explain how political development was concurrent with the economic miracles in the Han River modernization and dependence theories also fail to explain the aspect of simultaneity in this phenomenon What these three theories commonly miss is the unique relationship between state and society in Korea s long history of political culture In this book Jongwoo Han takes a holistic approach to understanding these phenomena by examining the state s role in the unprecedented economic development and society s capabilities to resist the state s centralized power Han re articulates state society relations through Onuf s social constructivist approach based on three rules of a political community hegemony hierarchy and heteronomy This book expands upon this effort to re construct the state and society relations in two ways First it produces case studies of the capital city of Hanyang Joseon Dynasty from 1392 to 1910 Kyeongseong Japanese colonial control from 1910 to 1945 and Seoul 1945 current The capital city is analyzed as a container for the major ideologies and ways of thinking that have shaped three important political eras Second i adopts two indigenous thoughts Neo Confucianism and geomancy as sources of the main political and cultural ideologies that shape Korea s state and society relations These sources have never been treated as units of political analysis This book finds that both Neo Confucianism and geomancy over two periods of Hanyang and Kyeongseong are two main contributing factors of the emergence of the developmental state and vibrant democracy in Korea in the Seoul era **Yoga Journal** , 1986-09 For more than 30 years Yoga Journal has been helping readers achieve the
