The Gnosis Or Ancient Wisdom in the Christian Scriptures William Kingsland,1962 *The Gnosis Or Ancient Wisdom in the Christian Scriptures* William Kingsland,1937 *Gnosis* William Kingsland,2014-03 This Is A New Release Of The Original 1922 Edition **The Gnosis Or Ancient Wisdom of the Christian Scriptures** William Kingsland,1958 The Gnosis Or Ancient Wisdom in the Christian Scriptures William Kingsland,1956 The Gnosis Or Ancient Wisdom in the Scriptures William Kingsland,1937 **The Gnosis Or Ancient Wisdom in a Mystery** William Kingsland,1954 **"The" Gnosis Or Ancient Wisdom in the Christian Scriptures Or the Wisdom in a Mystery** William Kingsland,1954 *The Gnosis or ancient wisdom in the Christain scriptures* William KINGSLAND,1937 **Gnosticism and the History of Religions** David G. Robertson,2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a sui generis universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation

The Karma of Untruthfulness: v. 1 Rudolf Steiner,2016-11-21 Although these lectures were given during 1916 they have much to teach us about the political spin media distortions propaganda and downright lies we encounter on a daily basis in public life Rudolf Steiner s calm and methodological approach penetrates the smokescreen of accusations and counterclaims of illusion and untruth surrounding the Great War Hiding behind this fog and under the guise of outer events he reveals the true spiritual struggle that is taking place His words give a deeper understanding of the politics and world conflicts that confront us today through the filter of the media In the midst of the turmoil of the First World War Steiner speaks out courageously against the hatred and untruthfulness in the propaganda of the time From his detailed research into the spiritual impulses of human evolution he describes the dominant role secret brotherhoods played in the events culminating in the cataclysmic war and warns that the retarding forces of nationalism must be overcome if Europe is to find its new destiny He also emphasizes the urgent need for new social structures if further catastrophes are to be avoided At a time when political events throughout the world are moving with breathless rapidity the reader will find much in these lectures that will

illuminate what lies behind the symptoms of our turbulent times This new edition reproduced in a larger format is put in a modern context and introduced by Terry Boardman *The Karma of Untruthfulness: Thirteen lectures given in Dornach and Basel between 4 and 31 December 1916* Rudolf Steiner, 2005 13 lectures Dornach and Basel December 4 31 1916 CW 173 Although these lectures were given in 1916 they have much to teach us about today's political spin media distortions propaganda and downright lies all delivered by the media on a daily basis Rudolf Steiner's calm methodological approach penetrates the smokescreen of accusations and counterclaims illusions and lies surrounding World War I From behind this fog and under the guise of outer events the true spiritual struggle is revealed Steiner's words give the reader a deeper understanding of the politics and world conflicts that confront us today through the filter of popular media Amid the turmoil of World War I Steiner spoke out courageously against the hate lies and propaganda of the time His detailed research into the spiritual impulses of human evolution allowed him to reveal the dominant role that secret brotherhoods played in events that culminated in that cataclysmic war He warned that the retarding forces of nationalism must be overcome before Europe can find its true destiny He also emphasized the urgent need for new social structures in order to avoid such future catastrophes Political and social changes around the world are moving at a breathless pace hurtling us all toward an uncertain future These lectures illuminate much of what lies behind today's turbulent events and the scenes played out on the nightly news This new edition reproduced in a larger format is put in a modern context and introduced by Terry Boardman This volume is a translation from German of *Zeitgeschichtliche Betrachtungen Das Karma der Unwahrhaftigkeit Erster Teil Kosmische und Menschliche Geschichte Band IV GA 173* The Real H.P. Ancient Egypt, the Light of the World Gerald Massey, 1907 *The Secret Doctrine* Helena Petrovna Blavatsky, 1933-01-01 A fountain of esoteric knowledge for deep truth seekers this classic work examines the birth and structure of the universe and how everything has the Divine as its source It also traces the development of humanity drawing from sacred scriptures mythology and legends to give a spiritual view of human beings Volume III is an index to help readers find any topic easily Illustrations *The Science of the Sacraments* Charles Webster Leadbeater, 1920 **The Revolution of Beelzebub** Samael Aun Weor, 2025-02-01 The Revolution of Beelzebub tells the incredible story of Samael Aun Weor and his efforts to convert the demon Beelzebub Beginning in the ancient past this incredible journey takes us from the cradle of humanity Arcadia the ancient golden age through the rise and fall of races and civilizations We learn how the ancient prince Beelzebub was tempted into the path of pleasures and vices and how he gradually degenerated to eventually become a terrible demon with millions of disciples Along the way we see the differences between the white and black paths their ethics rituals magic initiations powers and results all of which were first revealed to the public in this book Then during World War Two a time when demonic forces were threatening to overrun the world one man disrupted their plans by helping one of their greatest leaders to defect Beelzebub It was an unprecedented act of love and an inspiration for if even a demon from the

depths of hell can be saved there is hope for the rest of us provided we are willing to do our part Our hope for liberation comes in the form of practical steps the same steps taken by Beelzebub when he left the Black Lodge which are explained in detail in this book Through radical internal change a psychological and spiritual revolution even a demon can be converted into an angel New Approaches to the Study of Esotericism ,2020-12-15 This volume offers new approaches to some of the biggest persistent challenges in the study of esotericism and beyond Commonly understood as a particularly Western undertaking consisting of religious philosophical and ritual traditions that go back to Mediterranean antiquity this book argues for a global approach that significantly expands the scope of esotericism and highlights its relevance for broader theoretical and methodological debates in the humanities and social sciences The contributors offer critical interventions on aspects related to colonialism race gender and sexuality economy and marginality Equipped with a substantial introduction and conclusion the book offers textbook style discussions of the state of research and makes concrete proposals for how esotericism can be rethought through broader engagement with neighboring fields *Consciousness & Cosmos* Kevin D. Fulton,2024-01-06 The philosophy outlined in this work places a significant emphasis on the eternal quest for wisdom and truth It invokes the symbolism of Sophia the personification of wisdom and Light as metaphors for this relentless pursuit Understanding the implications of this ongoing search is crucial for anyone seeking to engage with this philosophy The philosophy underscores that the search for wisdom is not a finite endeavor but an eternal quest This implies that individuals should continuously strive to expand their knowledge deepen their understanding and explore the mysteries of existence throughout their lives By personifying wisdom as Sophia the philosophy encourages a personal and intimate relationship with the pursuit of knowledge It suggests that wisdom is not an abstract concept but a living force that can guide and enlighten those who seek it Light is used as a symbol of enlightenment and truth in this philosophy It implies that the search for wisdom is a journey from darkness to light from ignorance to knowledge The pursuit of truth illuminates the path of human existence The ongoing search for wisdom and truth integrates both rational and mystical approaches It acknowledges that reason and logic are essential tools for understanding the world but they are complemented by the intuitive and mystical aspects of human consciousness Recognizing the eternal nature of the quest for wisdom humbles individuals and reminds them that no matter how much knowledge they acquire the vastness of wisdom is infinite This humility encourages a continuous and open minded exploration of the unknown The philosophy implies that the pursuit of wisdom should not be self serving but should lead to ethical and virtuous actions Wisdom without compassion and moral values can become empty knowledge Thus the ongoing search for wisdom is intrinsically tied to ethical living James McNeill Whistler Eleanor Prendergast,1925
