## **Technology Venturing American Innovation And Risk Taking:**

**Technology Venturing** Eugene B. Konecni, 1985-09-01 Technology venturing is a fresh concept it integrates applied science and risk capital in the development of large scale long term projects of national importance It is an entrepreneurial process by which major institutions take and share risk in combining and commercializing scientific research and technological innovation It is a primary means of generating original products and services of economic value often linking public sector requirements with private sector investments from the Preface

**Space Enterprise** Phillip Harris, 2009-12-29 In Space Enterprise Living and Working Offworld Dr Philip Harris provides the vision and rationale as to why humanity is leaving its cradle Earth to use space resources as well as pursuing lunar industrialization and establishing offworld settlements As a management space psychologist Dr Harris presents a behavioral science perspective on space exploration and enterprise In this his 45th book Phil has completely revised and updated the two previous editions of this classic placing new emphasis on the need for more synergy and participation by the private sector He not only provides a critical review of what is happening in the global space community but offers specific strategies for lunar economic development The author analyzes the human factors in contemporary and future space developments especially relative to the deployment of people aloft This user friendly volume offers numerous photographs diagrams exhibits and case studies

**Theorists of Economic Growth from David Hume to the Present** W. W. Rostow, 1992-09-24 This history of theories and theorists of economic growth elucidates the economic theory economic history and public policy observations of the renowned scholar W W Rostow Looking at the economic growth theories of the classic economists up to 1870 Rostow compares Hume and Adam Smith Malthus and Ricardo and J S Mill and Karl Marx He then examines the period 1870 1939 and its economic theorists including Schumpeter Colin Clark Kuznets and Harrod and surveys the three forms of growth analysis in the postwar era formal models statistical morphology and development theories This authoritative overview also includes an agenda of unresolved problems in growth analysis and a description of the five major tasks statesmen will confront over the next several generations

**Favorites of Fortune** Patrice L. R. Higonnet, David S. Landes, Henry Rosovsky, 1991 A galaxy of distinguished international economists and historians pit economic history against the shaky assumptions of the classical economic theory of natural growth Their explanations consider the factors of technology entrepreneurialism and paths to economic growth but each reflects an ideological wave of explanation that has marked the last two hundred years

**Rich Countries And Poor Countries** W. W. Rostow, W W Rostow, 2019-07-11 In these ten graceful and learned essays Professor Rostow addresses the future of the world and its economy from the perspective of his more than forty years of study and reflection on the problems of economic development Rostow focuses on how we are to create and sustain a civilized and industrious world society in an international trading system beset by historic trends with enormous potential for disruption These powerful forces including an industrial revolution of microelectronics genetic engineering robots and lasers and the diffusion of high technology to low

wage areas are creating different sets of irrevocably intertwined problems for nations around the world The issues are illuminated here by Rostow s mastery of economic history as well as the history of political economy In addition to general discussions placing the issues historically and intellectually there are essays highlighting the particular concerns of Mexico India Japan and the Pacific Basin In his final remarks Rostow speculates on how the large economic trends affecting the superpowers may lead gradually to a truly significant lessening of East West tensions This book will be valuable for any citizen or student concerned about the future of the global economy **Harvard Business School Core Collection** Baker Library,1999 *Biographical Dictionary of the United States Secretaries of the Treasury, 1789-1995* Bernard S.
