On Becoming a Teen Mom Mary Patrice Erdmans, Timothy Black, 2015-02-06 In 2013 New York City launched a public education campaign with posters of frowning or crying children saying such things as I m twice as likely not to graduate high school because you had me as a teen and Honestly Mom chances are he won t stay with you Campaigns like this support a public narrative that portrays teen mothers as threatening the moral order bankrupting state coffers and causing high rates of poverty incarceration and school dropout These efforts demonize teen mothers but tell us nothing about their lives before they became pregnant In this myth shattering book the authors tell the

life stories of 108 brown white and black teen mothers exposing the problems in their lives often overlooked in pregnancy prevention campaigns Some stories are tragic and painful marked by sexual abuse partner violence and school failure Others depict girl next door characters whose unintended pregnancies lay bare insidious gender disparities Offering a fresh perspective on the links between teen births and social inequalities this book demonstrates how the intersecting hierarchies of gender race and class shape the biographies of young mothers

argue that the programs could play a factor in reducing the number of teen pregnancies others claim the shows exploit young women and glamorize their situations Among these debates there have been surprisingly few in depth discourses that discuss the roles such shows have on teenage audiences In MTV and Teen Pregnancy Critical Essays on 16 and Pregnant and Teen Mom contributors from a variety of backgrounds and expertise offer potent essays about these programs Divided into four parts the book tackles the controversial representations of teen pregnancy from various disciplines Part I explores gendered social norms and the shows roles as either educational resources or idealized depictions of teenage motherhood Part II prompts readers to consider the intersections of race class gender and the social and cultural power structures often glossed over in these programs Part III focuses on teenage fathers the portrayal of masculinity and good vs bad parents Part IV draws from TV's representations of reality to discuss the impact of these shows on the viewing audience This section includes a narrative from a teen mother who argues that the shows do not accurately reflect the life she leads As the debates about 16 and Pregnant and Teen Mom continue this collection provides a valuable critical discourse to be used both inside and outside the classroom Those engaged in courses on gender and women's studies as well as media studies social work and family and childhood development will find MTV and Teen Pregnancy especially insightful as will those involved in community outreach programs not to mention teens and young mothers themselves
