## **Teenage Troubles Youth And Deviance In Canada:**

Teenage Troubles Julian Tanner, 2010 *Teenage Troubles Youth and Deviance in Canada* third edition offers a comprehensive analysis that questions conventional thinking about youthful misbehaviour. The social construction of youth problems and the nature of popular images of deviant youth are contrasted with the realities of adolescent deviance as measured by official and unofficial accounts. Subcultural theory is thoroughly explained and then applied to the main arenas in which adolescent subcultures emerge: high school and the street. Female delinquency is also covered in detail, a topic area that is often overlooked by traditional studies of youth deviance. New to this third edition is a chapter on youth gangs, an issue of increasing importance to the public discourse on law and order issues in Canada. *Teenage Troubles* takes a uniquely Canadian perspective on youth and deviance that will both engage and enlighten readers.

**Responding to Youth Crime in Canada** Carla Cesaroni, Anthony N. Doob, 2004-03-24 In *Responding to Youth Crime in Canada* Anthony Doob and Carla Cesaroni describe how Canada has been responding to youth crime in the context of the Youth Criminal Justice Act which came into force on April 1, 2003. The authors describe what is known about Canadian youth crime and the operation of the youth justice system in the context of the changes in the law that are taking place. The authors posit that the youth justice system has a relatively modest impact on youth crime. In order to respond intelligently to it and to evaluate the response of the state, two sets of information must be understood. First, society must try to understand what youth crime looks like in Canada. Second, in order to understand and evaluate the changes that are being made in youth justice legislation in Canada, a clear understanding of the manner in which the youth justice system currently operates is necessary. Unlike those who look to the youth justice system to solve the problem of youth crime, the authors suggest that we should look to the youth justice system to respond appropriately to the realities of what constitutes youth crime and look elsewhere to address how one might affect the level of youth crime in our society.

Multi-problem Violent Youth Raymond R. Corrado, 2002 Annotation In the first product of an Advanced Research Workshop held in Cracow, Poland, from August to September 2000, criminologists, psychologists, and other professionals cover risk factors, assessment issues, selected legal and management issues, and a conceptual framework for the risk needs management instrument. The workshop considered the development of a procedure for assessing risk and needs factors for serious antisocial behavior, especially violence by children and adolescents. That procedure is intended to become the basis of ongoing international collaborative research projects. There is no subject index. Annotation c 2003 Book News, Inc., Portland, OR, booknews.com

**Trauma-Informed Youth Justice** Judah Oudshoorn, 2015-12-01 Most youth who come in conflict with the law have experienced some form of trauma, yet many justice professionals are ill-equipped to deal with the effects trauma has on youth and instead reinforce a system that further traumatizes young offenders while ignoring the needs of victims. *STILL Blaming Children* Bernard Schissel, 2021-01-10T00:00:00Z The media enhanced moral panic surrounding youth has continued unabated over the past two decades Its form and substance varies but the politics of blaming and exploiting children underlies it all Despite the reality that rates for most youth crime have gone down the public condemnation of youth especially through the news media continue unabated and the position of children and youth in our societies is still as precarious as ever Put bluntly the lives of too many children and youth are fraught with potential danger Not only are they the victims of excessive legal scrutiny and scapegoats for panic driven public policy but they also go off to war proportionately more than adults and they work at

unskilled jobs for no benefits and insultingly low wages Children and youth live outside the protections of human rights
