Gardner,2004 During the Civil War its devastating aftermath and the decades following many southern white women turned to writing as a way to make sense of their experiences Combining varied historical and literary sources this book argues that women served as guardians of the collective memory of the war and helped define and reshape southern identity The Atlantic Monthly ,1889 **Atlantic Monthly** ,1889 The Greenwood Encyclopedia of Daily Life in America Randall M. Miller,2008-12-30 The course of daily life in the United States has been a product of tradition environment and circumstance How did the Civil War alter the lives of women both white and black left alone on southern farms How did the Great Depression change the lives of working class families in eastern cities How did the discovery of gold in California transform the lives of native American Hispanic and white communities in western territories Organized by time period as spelled out in the National Standards for U S History these four volumes effectively analyze the diverse whole of American experience examining the domestic economic intellectual material political recreational and religious life of the American people between 1763 and 2005 Working under the editorial direction of general editor Randall M Miller professor of history at St Joseph s University a group of expert volume editors carefully integrate material drawn from volumes in Greenwood s highly successful Daily Life Through History series with new material researched and written by themselves and other scholars The four volumes cover the following periods The War of Independence and Antebellum Expansion and Reform 1763 1861 The Civil War Reconstruction and the Industrialization of America 1861 1900 The Emergence of Modern America World War I and the Great Depression 1900 1940 and Wartime Postwar and Contemporary America 1940 Present Each volume includes a selection of primary documents a timeline of important events during the period images illustrating the text and extensive bibliography of further information resources both print and electronic and a detailed subject index **The Intellectual in Twentieth-Century Southern Literature** Tara Powell,2012-01-09 Never in its long history has the South provided an entirely comfortable home for the

intellectual In this thought provoking contribution to the field of southern studies Tara Powell considers the evolving ways that major post World War II southern writers have portrayed intellectuals from Flannery O Connor s ironic view of interlockchuls to Gail Godwin s southerners striving to feel at home in the academic world Although Walker Percy like his fellow Catholic writer O Connor explicitly rejected the intellectual label for himself he nonetheless introduced the modern novel of ideas to southern letters Powell shows by placing sympathetic non caricatured intellectuals at the center of his influential works North Carolinians Doris Betts and her student Tim McLaurin made their living teaching literature and creative writing in academia and Betts s fiction often includes dislocated academics while McLaurin s superb memoirs often funny frequently point up the limitations of the mind as opposed to the heart and the spirit Examining works by Ernest Gaines Alice Walker and Randall Kenan Powell traces the evolution of the black American literacy narrative from a stress on the post Emancipation conviction which saw formal education as an essential means of resisting oppression to the growing suspicion in the post civil rights era of literacy acts that may estrange educated blacks from the larger black community Powell concludes with Godwin who embraces university life in her fiction as she explores what it means to be a southern female intellectual in the modern world a world in which all those markers inscribe isolation

Nineteenth-Century Southern Literature J. V. Ridgely, 2021-12-14 Few inhabitants of the South in 1800 thought of it as a region or of themselves as southerners In time the need to defend the entire southern way of life became obsessive for many writers too often precluding efforts at originality in form or style Especially after the publication of Uncle Tom s Cabin southern identity and southern nationalism emerged as the grand themes and literature became subservient to regional interests The devastation of the Civil War and the collapse of the Confederacy instead of pointing southern writers in new directions only intensified their preoccupation with a now dead past The popular genres of the time historical romance and local color writing became tools to voice this preoccupation and have been important influences on America s view of the South and on American literature in general The myth of the idyllic plantation South has had an extraordinary pervasiveness in the American consciousness J V Ridgely speculates on the ways in which this tarnished but durable myth helped to produce the powerful Southern Renaissance of the twentieth century in this concise survey of the literature of America s most distinctive region during a crucial formative period
