Tell Me About Becoming A Christian:

Tell Me about Becoming a Christian Derek Prime, 1969 Their parents help the twins learn that they must repent and believe in Jesus to become Christians Things They Don't Tell You Before Becoming a Christian Frederick R. Sheffield, 2008-06 People do not conform to the image of Christ from feelings They mature from decisions to examine Scripture and obey God s revealed will This book calls for a restoration of the church to foundational principles built upon the authority of the Bible With a fresh approach to Scripture the author illuminates some biblical living expectations which often go untaught today Biblical truth impacts everyone s worldview and future rewards thus understanding doctrine should be a priority to every Christian Various doctrinal teachings have spawned throughout church history which can lead to confusion A section of this book is dedicated to examining four doctrines with hopes to challenge or solidify every reader s preconceived notions For a powerful church to exist its believers must seek maturity in transformation and unification in doctrine and creed This book s aim is to facilitate a Christian s maturity as it echoes for unity amongst the brethren Mr Sheffield is a licensed Professional Engineer currently working and living in the Kansas City area He holds a B S and M S in Civil Engineering He is a member of the independent non denominational Christian Churches which are affiliated with the Restoration Movement

How to be a Christian Without Being Religious Fritz Ridenour, 2002-06-06 Since the days of the Early Church Christians have struggled to find a way to be good to please God by their own efforts They end up carrying a burden God never intended them to bear And what s more their brand of Christianity ends up looking like any other religion of the world bound by joyless rules and rituals Fritz Ridenour s study of the book of Romans provides an antidote to the pharisaical spirit and shows that Christianity is not a religion but a relationship It is not man reaching up but God reaching down Every Christian can enjoy his or her birthright when they realize who they are in Christ The result is a life full of hope joy power and potential

Being Christian Stephen Arterburn, John Shore, 2009-05-01 This inviting book addresses the questions and concerns of newer believers and will inspire those looking for a refresher on what it means to be Christian Wherever the readers are in their faith journey they ll find their questions addressed with biblical theologically sound answers written in an engaging and conversational style The easy to use format allows readers to identify and find their most pressing faith concerns At the same time when read in its entirety Being Christian provides a solid topical introduction to Christianity Relevant Bible passages are used throughout the book to enhance the reader s understanding of how Scripture informs its answers Among the subjects discussed and deeply explored are God the Bible the church sin what it means to be saved by grace how to discern God s voice how to deal with guilt and much more Designed for use by individuals it s also a great resource for small groups and new believers classes

Becoming Christian Dennis Austin Britton, 2014-04-03 Becoming Christian argues that romance narratives of Jews and Muslims converting to Christianity register theological formations of race in post Reformation England The medieval motif of infidel conversion came under scrutiny as Protestant

theology radically reconfigured how individuals acquire religious identities Whereas Catholicism had asserted that Christian identity begins with baptism numerous theologians in the Church of England denied the necessity of baptism and instead treated Christian identity as a racial characteristic passed from parents to their children The church thereby developed a theology that both transformed a nation into a Christian race and created skepticism about the possibility of conversion Race became a matter of salvation and damnation Britton intervenes in critical debates about the intersections of race and religion as well as in discussions of the social implications of romance Examining English translations of Calvin treatises on the sacraments catechisms and sermons alongside works by Edmund Spenser John Harrington William Shakespeare John Fletcher and Phillip Massinger *Becoming Christian* demonstrates how a theology of race altered a nation's imagination and literary landscape *Christian Doctrine, Revised Edition* Shirley C. Guthrie Jr., 1994-07-01 *Christian Doctrine* has introduced thousands of laity students and theologians to the tenets of the Christian faith This edition reflects changes in the church and society since the publication of the first edition and takes into account new works in Reformed theology gender references in the Bible racism pluralism ecological developments and liberation theologies **Being Christian: New Devotional Readings** Jim Wilson, 2016-04-05 *Being Christian New Devotional Readings* has St Paul's ambitious goal to present every person perfect in Christ With that in mind this wide ranging devotional is full of strong texts and short teaching all organized into bite size readings You will find applicable wisdom on every page as *Being Christian* is the product of Jim Wilson's practical advice and scriptural meditation over the past thirty five years Throughout every chapter you will read a huge variety of powerful concentrated Scriptures covering fundamental topics like prayer evangelism everyday holiness joy love family and of course what it means to be a Christian Strong teaching makes strong Christians And it makes soft hearted tender loving Christians But soft teaching makes hard callused Christians Soft teaching is for people who have itching ears They do not wish to have their lives interfered with Jim Wilson from the Preface *Being Christian - A Novel* K. C. Boyd, 2024-03-07 The product of a violent home John Christian Hillcox overcomes long odds to build a Texas megachurch from where he preaches the gospels of Prosperity and End Times while also using the power of his voting bloc as a political cudgel A man of enormous appetites and inadequate self control Pastor Hillcox rallies his church and televangelical flock to oppose everything he considers immoral and detrimental to the United States becoming the godly Christian nation it is meant to be *Being Christian* is a gripping psychological tale of a man who utilizes religion to justify his own sins and lies heedless of the consequences for his loved ones his community and the world at large The story of this larger than life but all too familiar character follows him from his crime ridden early adulthood to the prime of his ministry in post 9 11 America Not since the twentieth century's Elmer Gantry has a novel so exposed the religious film flammery and hypocrisy that now threatens to tear apart the American social and political fabric *Being Christian* is a quintessentially American story based on the ideologies and personalities that make the news every day with their challenges to the Constitutional religious political divide

Book Review Being Christian is a timely and provocative work that reveals a new courageous author and an important not so fictional introduction to the dangers of an American brand of fundamentalism that is corrupting American politics and policies The writing is vivid and straight from the shoulder the narrative is chilling and genuine the ideas are compelling Anyone interested in the impact of religious fundamentalism on American politics will absorb this work As for the Founding Fathers they would say we warned you about this Melvin Goodman Former analyst for the CIA and the State Department Professor and Fellow

Learning to Speak Christian Stanley Hauerwas,2014-07-24 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life s complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary

Becoming Christian David G. Horrell,2013-07-04 The first letter of Peter remains a relatively neglected corner of the New Testament the number of monographs devoted to it is tiny compared with those on the Gospels and Pauline letters Yet it is a text so this book argues that offers much insight into crucial processes in the development of Christian identity In particular 1 Peter illustrates with particular clarity the complex ways in which Christian identity was forged from Jewish traditions and negotiated in the generally hostile Roman empire As such studies of this particular letter illuminate central themes in the making of Christianity in the earliest centuries Becoming Christian is a collection of essays that treat various facets of the first letter of Peter in its social and historical setting in some cases using new social scientific and postcolonial methods to shed light on the ways in which the letter contributes to the making of Christian identity At the heart of the book are chapters 5 7 which examine the contribution of 1 Peter to the construction of Christian identity the persecution and suffering of Christians in Asia Minor the significance of the name Christian and the response of the letter to the hostility encountered by Christians in society There are no recent books which bring together such a wealth of information and analysis of this crucial early Christian text Becoming Christian has developed out of Horrell s ongoing research for the International Critical Commentary on 1 Peter Together these essays will offer a series of significant and original engagements with this letter and a resource for studies of 1 Peter for some time to come

The Christian treasury (and missionary review). ,1868 [Do Christians Know How to be Spiritual?](#) John Drane,2020-04-28 After a century or more of convincing ourselves that intelligent people should be secular it is now trendy to be spiritual Why the sudden change And what do we mean by being spiritual John Drane presents a whirlwind tour of the phenomenon of cultural change as it is being experienced in the West identifying the challenges and opportunities this presents to the Christian church He examines the question of whether human beings are intrinsically programmed to be spiritual offers theological reflection on the New Age
