Telling Classical Tales Chaucer And The Legend Of Good Women:

Telling Classical Tales Lisa J. Kiser, 2019-06-30 Previous studies have shown the importance of Chaucer's reliance on classical literature as the source of his own art. In *Telling Classical Tales*, Lisa Kiser significantly expands this area of critical inquiry by her reading of Chaucer's *Legend of Good Women*, a relatively neglected poem that Kiser argues is of central importance in understanding Chaucer's concern with classical texts and his development as a poet. Looking closely at the classical references in the *Legend*, Kiser treats the Prologue and the individual legends in detail. She discusses the classical origins of the two main characters, their relationship to other characters in medieval literature, and the underlying significance of their comic dialogue. Her analysis leads to the conclusion that Chaucer's main purpose in writing the *Legend of Good Women* was to describe and defend his own principles of narrative art. The fullest and richest interpretation of Chaucer's *Legend of Good Women* available, this book will interest medievalists, classicists, and Chaucerians as well as students and scholars of Renaissance literature.

The Legend of Good Women Carolyn P. Collette, 2006 Essays re-examining the *Legend of Good Women*, placing it in its cultural and historical context.

Female Desire in Chaucer's Legend of Good Women and Middle English Romance Lucy M. Allen-Goss, 2020 An examination of female same-sex desire in Chaucer and medieval romance.

Chaucer's Women: Nuns, Wives and Amazons P. Martin, 1996-07-12 In this challenging study, Priscilla Martin investigates the subjects of women, sex, and gender in Chaucer's poetry. She argues convincingly that these are Chaucer's major subjects and that he presents them as an area of human experience fraught with problems. Women, instead of producing texts and meanings, themselves are trapped in the books and meanings of others, and so the Madonna and the courtly heroine, the nun and the wife, are familiar but questionable images of constructed femininity. An intelligent, sensitive, fresh, and close reading which focuses upon Chaucer's women, unconventional and subtle.

John J. McGavin, *Times Higher Education Supplement*.

The Yale Companion to Chaucer Seth Lerer, 2006-01-01 A collection of essays on Chaucer's poetry; this guide provides up-to-date information on the history and textual contexts of Chaucer's work on the ranges of critical interpretation and on the poet's place in English and European literary history.

Geoffrey Chaucer Dieter Mehl, 1986-12-18 This book is a lucid introduction and intelligent examination of Chaucer's narrative poetry.

Chaucer's Dream Poetry Helen Phillips, Nick Havely, 2016-02-04 Dream literature is regarded as one of the most important genres in medieval literature and is widely studied. This text provides a succinct and clear introduction to the five central poems that comprise Chaucer's Dream Poetry and shows his role as a leading adapter of European literary tradition into English literature. The poems discussed are *The Book of the Duchess*, *The Legend of Good Women*, *The Legend of Dido*, *The Parliament of Fowls*, and *The House of Fame*. Each has an introduction setting the poem within the context of Dream Poetry and Chaucer's own work. Appendices of proper names, pronunciation, and criticism are also given. This volume is unique in presenting the poems together in an editorial and critical framework. The quality of annotation is unrivalled and will

make this text a major addition to the literature suitable for those interested in the genre literary or more general history of the period

Socioliterary Practice in Late Medieval England Helen Barr, 2001-12-06 Socioliterary Practice in Late Medieval England bridges the disciplines of literature and history by examining various kinds of literary language as examples of social practice Readings of both English and Latin texts from the late fourteenth and early fifteenth centuries are grounded in close textual study which reveals the social positioning of these works and the kinds of ideological work they can be seen to perform Distinctive new readings of texts emerge which challenge received interpretations of literary history and late medieval culture Canonical authors and texts such as Chaucer Gower and Pearl are discussed alongside the less familiar Clanvowe anonymous alliterative verse and Wycliffite prose tracts

Chaucer and the Child Eve Salisbury, 2017-01-09 This book addresses portrayals of children in a wide array of Chaucerian works Situated within a larger discourse on childhood Ages of Man theories and debates about the status of the child in the late fourteenth century Chaucer's literary children from infant to adolescent offer a means by which to hear the voices of youth not prominently treated in social history The readings in this study urge our attention to literary children encouraging us to think more thoroughly about the Chaucerian collection from their perspectives Eve Salisbury argues that the child is neither missing in the late Middle Ages nor in Chaucer's work but is rather fundamental to the institutions of the time and central to the poet's concerns

The History and Anatomy of Auctorial Self-Criticism in the European Middle Ages Anita Obermeier, 2023-12-28 This study outlines the history and anatomy of the European apology tradition from the sixth century BCE to 1500 for the first time The study examines the vernacular and Latin tales lyrics epics and prose compositions of Arabic English French German Greek Icelandic Italian Spanish and Welsh authors Three different strands of the apology tradition can be proposed The first and most pervasive strand features apologies to pagan deities and later to God The second most important strand contains literary apologies made to an earthly audience usually of women A third strand occurs more rarely and contains apologies for varying literary offenses that are

directed to a more general audience The medieval theory of language privileges an imitation of the Christian master narrative and a hierarchical medieval view of authorship These notions express a medieval philosophical concern about language and its role and therefore the role of the author in cosmic history Despite the fact that women apologize for different purposes and reasons their examples illustrate on yet another level the antifeminist subtext inherent in the entire apology tradition Overall the apology tradition characterized by interauctoriality intertextuality and intratextuality enables self critical authors to refer not only backward but also primarily forward making the medieval apology a progressive strategy that engenders new literature This study would be relevant to all medievalists especially those interested in literature and the history of ideas Chaucer and the Death of the Political Animal Jameson S. Literary Practice and Social Change in Britain, 1380-1530 Lee Patterson, 2024-07-26 As a traditional site of historical criticism medieval studies is particularly well placed to benefit from the recent reemergence of historicism in literary studies But this new critical historicism differs from the traditional criticism in both method and interests differences that are well illustrated by this collection A concern with politics a reliance on the materials of economic and social history a conception of writing as a form of social practices a focus upon the forces of change in medieval culture and unwillingness to observe the usual distinction between literary and historical texts and a historicization of their own activity these characteristics make these essays a significant contribution to medieval studies Moreover both in conception and execution the essays reject the barrier that the humanist account of history has erected between a Middle Ages stigmatized as distant and other and a Renaissance consecrated as the beginning of the modern world Thus they invite the attention of nonmedievalists especially Renaissance specialists who wish to test their assumptions about medieval literature against some of the best recent work in the field The authors consider a wide range of materials Three of the essays explore Chaucer's career as a bureaucrat a diplomat and a poet Other topics include Langland's self constitution in *Piers Plowman* the medieval production and modern reception of the mystery plays Hoccleve's innovative strategies for offering political advice to his king and the ideological and psychological interests that governed the idea of the city in sixteenth century Scotland All scholars and students of the Middle Ages comparative literature and literature and language programs generally will appreciate this ground breaking collection Contributors Anne Middleton Paul Strohm Lee Patterson David Wallace Larry Scanlon Theresa Coletti Louise Fradenburg This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990
