The Annotated Letters Of Christopher Smart:

The Annotated Letters of Christopher Smart Christopher Smart, 1991 The only collection of all known letters of Christopher Smart provides the best psychological explanation to date of that complex and elusive eighteenth century poet The significant characteristics that distinguish Smart's prose letters from his poetry Betty Rizzo and Robert Mahony note are that his letters were requests for assistance while his verses were bequests gifts in which he set great store Indeed it was Smart's lifelong conviction that he was a poet of major importance As Smart biographer Karina Williamson notes The splendidly informative and vivaciously written accounts of the circumstances surrounding each letter or group of letters add up to what is in effect a miniature biography

Christopher Smart Chris Mounsey, 2001 This new biography of Christopher Smart offers a picture of a multifaceted eighteenth century wit whose writing has far reaching social political and historical significance Poet journalist theater performer cross dresser and theologian who was questionably incarcerated for insanity wherever Smart found himself his approach to life was at once serious and joyful confirming him as one of God's clowns Building on previous biographical bibliographical and critical work as well as on a broad scholarship on the publishing trade on Grub Street and the position of the professional writer and on the institutional treatment of madness in eighteenth century England Chris Mounsey constructs a version of Smart's life that is radically original In its intelligent use of legal parliamentary and other archives Mounsey both reappraises the familiar source material and mounts a challenge to earlier accounts of Smart's life and career New interpretations of Smart's relationship with others including his father in law John Newbery his life on Grub Street as a political satirist and his involvement in theological speculations provide a fuller and more engaging picture of the social political scientific and religious context of his life and work

Christopher Smart and Satire Min Wild, 2016-05-23 Christopher Smart and Satire explores the lively and idiosyncratic world of satire in the eighteenth century periodical focusing on the way that writers adopted personae to engage with debates taking place during the British Enlightenment Taking Christopher Smart's audacious and hitherto underexplored Midwife or Old Woman's Magazine 1750 1753 as her primary source Min Wild provides a rich examination of the prizewinning Cambridge poet's adoption of the bizarre sardonic Mary Midnight as his alter ego Her analysis provides insights into the difficult position in which eighteenth century writers were placed as ideas regarding the nature and functions of authorship were gradually being transformed At the same time Wild also demonstrates that Smart's use of Mary Midnight is part of a tradition of learned wit having an established history and characterized by identifiable satirical and rhetorical techniques Wild's engagement with her exuberant source materials establishes the skill and ingenuity of Smart's often undervalued multilayered prose satire As she explores Smart's use of a peculiarly female voice Wild offers us a picture of an ingenious and ribald wit whose satirical overview of society explores overturns and anatomises questions of gender politics and scientific and literary endeavors

part of the ongoing redefinition of the archive of eighteenth century literature and an afterword that gives a personal account of Rizzo's career and her indelible legacy as friend mentor and professional model The contributors use a variety of methods in their scholarship but a common strand is archival research and close reading inflected by feminist analysis The book will appeal to students and scholars of eighteenth century British literature and culture and to those interested in women's writing and women's relationships in the eighteenth century and today and in feminist literary history The contributors to the volume practice the kind of scholarship Rizzo was known for painstaking archival research and attention to the nuances of relationships among eighteenth century women and men and in so doing shed new light on a number of familiar and not so familiar eighteenth century texts

Christopher Smart Neil Curry, 2005 Christopher Smart 1722-1771 is popularly known for having written his exuberant lyric *A Song to David* and the cryptic *Jubilate Agno* while locked away in a madhouse then ending his days in a debtors jail But this close and sensitive study shows him to be our finest and our most important religious poet between Herbert and Hopkins Smart is also a pivotal figure in eighteenth century poetry in that while his early work has echoes of Milton his final poems *Songs for the*

Amusement of Children with their simplicity and their woodcuts clearly anticipate Blake's Songs of Innocence Central to Smart's work is the line in Jubilate Agno For by the grace of God I am the Reviver of Adoration amongst English Men In contrast to the grimness of much evangelical writing and despite his own personal hardships Smart is seen here as a poet of Adoration and of Joy BOOK JACKET

Symptoms of Disorder: Reading Madness in British Literature, 1744-1845 Natali, Ilaria, Volpone, Annalisa, 2016-03-30 The stylistic and cultural discourse concerning the narratives of mental disorder is the main focus of Symptoms of Disorder Reading Madness in British Literature 1744 1845 This collection offers new insights into the representation of madness in British literature between two landmark dates for the social philosophical and medical history of mental deviance 1744 and 1845 In 1744 the Vagrancy Act first mentions lunatics as a specific category which is itself a social symptom of an emerging need for isolation and confinement of the insane A more sophisticated and attentive care of the fool is testified only by the 1845 Lunatic Asylums Act which established specific processes safeguarding against the wrongful detention of patients in public and private facilities In stressing for the first time the momentous change the notion of madness underwent between these years this book provides a fresh and absolutely unique perspective on some of the major works connected with mental disorder The chronological boundaries also provide the collection with a definite and unifying frame which comprises social cultural legal and medical aspects of madness as an historical phenomenon It is within this frame that the eight essays composing the body of the book discuss how madness is recounted or even experienced by authors such as Christopher Smart and William Cowper William Blake Samuel Taylor Coleridge John Thomas Perceval Samuel Richardson Charlotte Lennox Eliza Haywood and Alfred Tennyson Symptoms of Disorder draws a wide ranging map of different representations of madness and their historic functioning between the 18th and 19th centuries The organizational principle of this collection is a double perspective which allows to suitably articulate the characterizations of insanity into themes and genres Reflecting the two main ways in which literary madness can be employed as a critical device in literature the chapters are grouped into theme oriented and writer oriented analyses Other collections dealing with literature and madness have already coped to a certain degree with works that represent insane characters and authors who adopt deviant voices as a fictional or rhetoric expedient Fewer studies of the same kind instead have offered a more comprehensive picture by also looking at the alleged insanity of the writer and at those linguistic stylistic and semantic elements which at some stage were commonly believed to be an expression of insanity This is one of the first studies which addresses the representation of madness from both these intertwined perspectives See www.cambriapress.com/books/9781604979251_cfm for more information
