Apostolic religious life in the United States today is in a state of crisis Signs of this situation are readily apparent and well known to all who practice Roman Catholicism The significant decline in the number of priests and religious and fewer vocations to religious congregations have produced a severe blow to formerly active apostolates and brought grave concern for the future of these ministries While the reasons for this present situation are complex interpretation of the documents of Vatican II is clearly one very important factor Scholars hold two basic interpretations of the Council the hermeneutic of rupture sees the Council as a revolution which placed the Church on a completely new trajectory A second hermeneutic however views the Council as reform with continuity While most literature to date has analyzed the hermeneutic of rupture and the consequent transformation of apostolic religious life this book describes the opposite position Divided into two parts this volume first presents an analysis of the problem and secondly a solution to place apostolic religious life on a positive trajectory in the 21st century The first section of this book describes how the hermeneutic of rupture is an incorrect reading of Vatican II Rather the Council in addressing numerous issues did not break from the past but rather sought to understand Church teaching in more contemporary ways but with continuity to the Tradition Essays in this section describe this misreading of Vatican II the consequent misunderstanding of the evangelical counsels and the rejection of religious signs The second section through an analysis of the writings of Hans Urs von Balthasar Basile Moreau Pope Benedict XVI and a reflection on *Perfectae Caritatis* provides a solution of Christian love as the operative way to reform apostolic religious life today

ABOUT THE EDITOR Richard Gribble C S C is professor of religious studies at Stonehill College He has written four critical biographies including *American Apostle of the Family Rosary The Life of Patrick J Peyton* C S C and *An Archbishop for the People The Life of Edward J Hanna* He is a frequent contributor to many journals including *The Catholic Historical Review* *American Catholic Studies* and the *Journal of Church and State*

PRAISE FOR THE BOOK This book is a true service to those seeking to understand consecrated apostolic life whether they are themselves members of religious orders and congregations or are among those who love the vocation esteem religious Sisters and desire

that this calling be strengthened in the Church Francis Cardinal George O M I Archbishop of Chicago Finally a book that explains why some attempts of religious congregations to renew themselves after Vatican II succeeded and why so many failed Understanding the radical nature of what the vows really require of a religious community is no small achievement The vision of religious consecration set forth in these essays will be a fine road map for the many new groups springing up out of a desire to serve Christ and the Church Joseph W Koterski S J Professor of Philosophy Fordham University Without a doubt religious life in America today is at a turning point We are well aware of the factors that have brought us to this moment The more interesting and important question is where do we go from here Some have predicted the death of consecrated life as we know it while others have anticipated renewal and re birth This volume indeed views all of religious life in the continuum of the Lord s Paschal Mystery death and resurrection but gives us hope that the call to follow the Lord through the evangelical counsels is far from its predicted end Most Reverend David M O Connell C M J C D Bishop of Trenton A very significant collection of essay *Guide to the Catholic Sisterhoods in the United States, Fifth Edition* Thomas P McCarthy,2002-04 In this edition the communities of sisters have been arranged according to their general apostolic work viz contemplative domestic foreign and home missions nursing retreat and social work teaching and writing and publications *The Apostolic Age of the Christian Church* Karl Heinrich von Weizsäcker,1907 **The Apostolic Age of the Christian Church** Carl Weizsäcker,1897 **Religious Bodies** United States. Bureau of the Census,1910 *Religious Bodies: 1906* ,1910 **Religious Bodies: 1906** United States. Bureau of the Census,1910 **New Testament Pattern** Jean-Louis Leuba,2022-01-01 What is the nature of Christian unity Is it Sacramental Organic Federal Spiritual These are questions that demand careful examination when different Christian traditions are drawing closer to one another in a common desire to heal the divisions that hinder the witness of the Church to the world In any attempt to deal with these questions full weight must be given to the evidence of the New Testament itself what kind of unity does it reveal In *New Testament Pattern* Jean Louis Leuba reveals a two fold framework of unity in the New Testament One strand in its witness to Christ to the Apostles and to the Church emphasises the institutional traditional and particular The other strand emphasises the personal dynamic and universal Yet the two strands are actually one Their unity is more comprehensive more creative than any undifferentiated unity could be with important implications for ecumenism and broader scriptural study *The New Nuns* Amy L. Koehlinger,2007-04-30 In the 1960s a number of Catholic women in the U S abandoned traditional apostolic works to experiment with new and often unprecedented forms of service among non Catholics Koehlinger explores this phenomenon through close examination of one of its most visible forms the experience of white sisters working in African American communities
