**Daniel Torres BCN-NYC.** Daniel Torres,2009      **The Art of Pere Joan** Benjamin Fraser,2019-04-22 Born in Mallorca Pere Joan Riera known professionally as Pere Joan thrived in the underground comics world beginning in the mid 1970s with the self published collections Baladas Urbanas and Mu rdago both of which were released almost immediately after the death of the dictator Francisco Franco and Spain s transition to democracy The first monograph in English on a comics artist from the Spain The Art of Pere Joan takes a topographical approach to reading comics applying theories of cultural and urban geography to Pere Joan s treatment of space and landscape in his singular body of work Balancing this goal with an exploration of specific works by Pere Joan Benjamin Fraser demonstrates that looking at the thematic structural and aesthetic originality of the artist s landscape driven work can help us begin to newly understand the representational properties of comics as a spatial medium This in depth examination reveals the resonance between the cultural landscapes of Mallorca and Pere Joan s metaphorical approach to both rural and urban environments in comics that weave emotional ecological and artistic strands in revolutionary ways

*Will Eisner's The Spirit: The New Adventures HC (Second Edition)* Various,2016-03-01 In 1997 almost six decades after the Spirit s first

appearance in 1940 legendary artist and writer Will Eisner gave permission for a new series of stories to be commissioned featuring his signature creation written and drawn by the most famous names in the comics industry The call went out and the response was nothing short of remarkable with contributions from such creators as Alan Moore and Dave Gibbons in one of their rare collaborations after Watchmen Neil Gaiman The Sandman Paul Chadwick Concrete and Eddie Campbell From Hell among others In these pages you ll find new tales of Central City s protector facing off against familiar villains such as the Octopus and Sand Saref witness his undying love for Ellen Dolan daughter of Commissioner Dolan the only man who knows his secret identity and glimpse what might be the Spirit s fate in an uncertain future The Comics of Hergé Joe Sutliff Sanders,2016-07-28 Contributions by J nathas Miranda de Ara jo Guillaume de Syon Hugo Frey Kenan Ko ak Andrei Molotiu Annick Pellegrin Benjamin Picado Vanessa Meikle Schulman Matthew Screech and Gwen Athene Tarbox As the creator of Tintin Herg 1907 1983 remains one of the most important and influential figures in the history of comics When Herg born Georges Prosper Remi in Belgium emerged from the controversy surrounding his actions after World War II his most famous work leapt to international fame and set the standard for European comics While his style popularized what became known as the clear line in cartooning this edited volume shows how his life and art turned out much more complicated than his method The book opens with Herg s aesthetic techniques including analyses of his efforts to comprehend and represent absence and the rhythm of mundaneness between panels of action Broad views of his career describe how Herg navigated changing ideas of air travel while precise accounts of his life during Nazi occupation explain how the demands of the occupied press transformed his understanding of what a comics page could do The next section considers a subject with which Herg was himself consumed the fraught lines between high and low art By reading the late masterpieces of the Tintin series these chapters situate his artistic legacy A final section considers how the clear line style has been reinterpreted around the world from contemporary Francophone writers to a Chinese American cartoonist and on to Turkey where Tintin has been reinvented into something meaningful to an audience Herg probably never anticipated Despite the attention already devoted to Herg no multi author critical treatment of his work exists in English the majority of the scholarship being in French With contributors from five continents drawing on a variety of critical methods this volume s range will shape the study of Herg for many years to come **Masters Of Spanish Comic Book Art** David

knockabout amusement for children the sudden pre eminence of adult comics on everything from political satire to erotic fantasy has predictably attracted an enormous amount of attention Adult comics are part of the cultural landscape in a way that would have been unimaginable a decade ago In this first survey of its kind Roger Sabin traces the history of comics for older readers from the end of the nineteenth century to the present He takes in the pioneering titles pre First World War the underground comix of the 1960s and 1970s fandom in the 1970s and 1980s and the boom of the 1980s and 1990s including graphic novels and Viz Covering comics from the United States Europe and Japan Adult Comics addresses such issues as the graphic novel in context cultural overspill and the role of women By taking a broad sweep Sabin demonstrates that the widely held notion that comics grew up in the late 1980s is a mistaken one largely invented by the media Adult Comics An
