

Why Ethical Reasoning?

1. Ethics makes clear to us why one act is better than another
2. Ethics contributes an orderly social life by providing humanity some basis for agreement, understanding some principles or rules of procedure
3. Moral conduct and ethical systems, both of the past and the present, must be intelligently appraised and criticized.
4. Ethics seeks to point out to men the true values of life

Altruism (ethical) n. - An ethical philosophy where one considers the interests of others as more important than one's own interests.

Unexpectedly it works best when incompletely followed.
