Encyclopaedia Britannica ,1973 **Encyclopædia Britannica** ,1964 Encyclopedia Britannica ,1973 **Schwann Opus** ,1999 **Bach's the Art of Fugue & a Companion to the Art of Fugue** Donald Francis Tovey, András Schiff, Eric Wen, 2013-01-01 Complete score of The Art of Fugue plus extensive commentary features all 14 fugues plus the four canons The commentary outlines the fugues contrapuntal devices and offers keen observations on the composer's craftsmanship

J.S. Bach's The Art of Fugue Hans Heinrich Eggebrecht, 1993 In this text the author develops a new interpretation of J S Bach's The Art of Fugue based on a profound knowledge of Baroque era thought and intense score study Starting with the work's celebrated BACH theme he attempts to show that The Art of Fugue contains an assertion of the composer's deeply held faith and that aspects of Bach's spiritual convictions permeate the entire musical fabric of the work The author postulates that The Art of Fugue is actually a musical representation of Bach's beliefs about the God-human relationship and argues that the Christian doctrine of salvation by grace is the core concept that provides the work with its expressive content

in much the same way that the opening ground theme subject acts as a basic generating source for all subsequent musical materials Although The Art of Fugue is regarded by the musical world as one of the most significant examples of Bach's contrapuntal craft the author convincingly argues that this work has an important spiritual dimension that goes beyond considerations of the composer's craftsmanship He devotes this book to a lively and controversial discussion of unprovable matters that is to those aspects of expressive content which he believes are concealed both within and beyond the musical materials

Rethinking J.S. Bach's The Art of Fugue Anatoly Milka, 2016-09-13 The enigmatic character of The Art of Fugue became apparent as early as in its first edition printed more than a year after the composer's death Carl Philipp Emanuel Bach who published both the first and the second editions raised several unsolved questions regarding this opus Anatoly P Milka presents a consistent and coherent solution to the unresolved questions about the history structure and appearance of J S Bach's The Art of Fugue opening new perspectives for further exploration of this musical masterpiece Milka challenges the present scholarly consensus that there exist two different versions of The Art of Fugue the Autograph and the Original Edition and argues that Bach had considered four versions of which only two are apparent and have been discussed so far Only Bach's illness and death prevented him from fulfilling his plan and publishing a fourth conclusive version of his opus

Bach's Fugal Works Alan Edgar Frederic Dickinson, A. E. F. Dickinson, 1979-03-28 A comprehensive study of Bach's fugues as a body of practical composition the chief perhaps the sole landmark of fugal expression

Musikalisches Opfer Johann Sebastian Bach, Alfred Dörffel, W. Graeser, 1992-01-01 Among Bach's last instrumental compositions are two splendid works that reflect his genius for working complex contrapuntal figures into an expressive apparently seamless musical texture The Art of the Fugue composed ca 1745-50 consists of nineteen canons and fugues that progressively illustrate the rich variety and complexity of fugal writing This edition reproduced directly from the authoritative Breitkopf & Härtel score includes a keyboard reproduction printed directly beneath the score A Musical Offering 1747 composed for King Frederick the Great of Prussia comprises a three part ricercar and a six part ricercar for keyboard a famous sonata for flute and violin and a set of canons all based on a theme devised by the King himself Solutions of the canons and a realization of the keyboard part are included in an appendix
