## **The American Way Workbook:**

**The American Way** Nancy W. Bauer, 1979      **Inventing the "American Way"** Wendy L. Wall, 2009-09-03 In the wake of World War II Americans developed an unusually deep and all encompassing national unity as postwar affluence and the Cold War combined to naturally produce a remarkable level of agreement about the nation's core values. Or so the story has long been told. Inventing the American Way challenges this vision of inevitable consensus. Americans as Wendy Wall argues in this innovative book were united not so much by identical beliefs as by a shared conviction that a distinctive American Way existed and that the affirmation of such common ground was essential to the future of the nation. Moreover, the roots of consensus politics lie not in the Cold War era but in the turbulent decade that preceded U.S. entry into World War II. The social and economic chaos of the Depression years alarmed a diverse array of groups as did the rise of two alien ideologies: fascism and communism. In this context, Americans of divergent backgrounds and beliefs seized on the notion of a unifying American Way and sought to convince their fellow citizens of its merits. Wall traces the competing efforts of business groups, politicians, leftist intellectuals, interfaith proponents, civil rights activists, and many others over nearly three decades to shape public understandings of the American Way. Along the way, she explores the politics behind cultural productions ranging from The Adventures of Superman to the Freedom Train that circled the nation in the late 1940s. She highlights the intense debate that erupted over the term democracy after World War II and identifies the origins of phrases such as free enterprise and the Judeo-Christian tradition that remain central to American political life. By uncovering the culture wars of the mid-twentieth century, this book sheds new light on a period that proved pivotal for American national identity and that remains the unspoken backdrop for debates over multiculturalism, national unity, and public values today.
