Office of Research,1976      *Economic Review of the Soviet Union* ,1928      **Anti-Leftist Politics in Modern World History** Philip B. Minehan,2021-11-04 Systemic and political hostility against the left real and contrived has been a key yet under recognized aspect of the history of the modern world for the past two hundred years By the 1820s the new exploitative and destabilizing character of capitalist industrial production and its accompanying market liberalizations began creating necessities among the working classes and their allies for the new self protective politics of socialism But it is evident that for the new economic system to sustain itself such oppositional politics that it necessitated had to be undermined if not destroyed by whatever means necessary Through the imperialism of the later 19th century and with significant variations this complex and often highly destructive dialectical syndrome expanded worldwide Liberals conservatives extreme nationalists fascists racists and others have all repeatedly come aggressively and violently into play against socialist oppositions In this book Philip Minehan traces the patterns of such hostility and presents numerous crucial examples of it from Britain France Germany and the United States the British in India European fascism the United States and Britain as they operated in China and Indochina from Kenya Algeria and Iran and from Central and South America during the Cold War In the final chapters Minehan addresses the post Cold War US led triumphalist wars in the Middle East the ensuing refugee crises neo fascism and anti environmentalist politics to show the ways that the syndrome within which anti leftist antagonism emerges in its neoliberal phase since the 1970s remains as self destructive and dangerous as ever      **Entangled Far Rights** Marlene Laruelle,2018-11-06 Since the Ukrainian crisis in 2014 Russia s support to the European far right and to a variety of populist leaders more globally has become a cornerstone of the West s perception of Moscow as a spoiler on the international scene The fact that Russia s most fervent supporters are now to be found on the right of the ideological spectrum should not be a surprise The European far right has always had Russophile tendencies but these were obscured during the Cold War when rightist politics were most of all anti Communist Entangled Far Rights traces the intellectual romance that existed between European far right groups and their Russian Soviet counterparts during the twentieth century and accounts for their recent re emergence      *Pamphlets on American-Soviet Relations* ,1921
