The April Stone Heaven And Hell:

The April Stone Exstazjian J. Sadian,2004 Throughout time death has intrigued and mystified the human race Many stories and many religions were formed out of the mystery of death Every great society had their religions to enlighten people of an afterlife Our particular society is no different justifying with a mythology of its own Though unique in many ways the same principles apply as those did in the ancient worlds In The April Stone the philosophy of angels and miracles and the principles of the Christian religion are dramatized The April Stone is a novel gifted with all the qualities to be a masterpiece It is a story of angels demons and gods battling over the earth human souls and the heavens Love intrigue war and death all come together to form The April Stone As the god mystifies and the devil rages The April Stone is the ultimate battle of good and evil and a poetic tale of Heaven and Hell Whole Lotta Led: Our Flight With Led Zeppelin Ralph Hulett,Jerry

Prochnicky,2005-09-01 In September 1968 four English lads gathered together for the first time in a small stuffy London rehearsal room in a basement filled with wall to wall amplifiers It was their first big tryout as musicians and each of them was nervous Would they come together as a band Or would they crash and burn becoming nothing but a rock footnote Then the room exploded with wailing chords howling vocals and a locked tight rhythm section a sonic assault of heretofore unknown power Here for the first time was Led Zeppelin the screaming rock guitar of Jimmy Page the scorching blues vocals of Robert Plant the driving jazz bass of John Paul Jones and the power drumming of John Bonham The session was amazing electrifying and stunning The Zepp had arrived There was no turning back And rock entertainment would never be the same again Told by the band the musicians the groupies and the fans themselves this chronicle of one of rock s greatest and most innovative bands comes alive with the hiss of turntables the sweat of the crowd at the Fillmore East the hustle and bustle of backstage life and the electricity of small clubs where rock history was about to be made It s a story about a band s influence on two impressionable guys and the countless others who came to get the Led out and stayed to become part of rock n roll legend With exclusive and rare photos
