Healing in the Light and the Art and Practice of Creativity Christopher Alan Anderson, 2012-09-13. Healing In The Light The Art and Practice of Creativity consist of two separate writings. One is written for the youth of today, the other for those creators of the beautiful light. We have thought that procreation was just physical, but in actuality its essence is spiritual. For our spirits to live, we must be in balance or union with our other half. Healing In The Light The second abstraction and perhaps the greater one in cognitive intensity of a two fundamental or primary forces is the opening of the pathway that leads to the comprehension of the fundamental principle. Unless or until that distinction is made between a one order and a two metaphysical forces, the fundamental principle in its entirety will and does remain hidden, preventing the beautiful light from shining from each partially conscious soul. The Art and Practice of Creativity. Author Bio: Christopher Alan Anderson, 1950, received the basis of his education from the University of Science and Philosophy, Swannanoa, Waynesboro, Virginia. He resides in the transcendental romantic tradition, that vein of spiritual creativity of the philosopher and poet. His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love. Mr. Anderson began these writings in 1971. The first writings were published in 1985. On a personal note, when Mr. Anderson was asked to describe the writings and what he felt their message was, he responded: Spiritual procreation. Mankind has yet to distinguish the two sexes on the spiritual level. In this failure lies the root of our problems and why we cannot yet touch the eternal together. The message of man and woman balance brings each of us together in love with our eternal other half, right now.

The Art and Practice of Geomancy John Michael Greer, 2009-03-01. Have you ever lost an important object? Are you taking on a new job? Looking for buried treasure? The Art and Practice of Geomancy teaches readers how to divine the answers to life's everyday questions about health, luck, new jobs and love, as well as those less mundane tasks such as finding buried treasure, predicting the weather, being released from prison, and identifying secret enemies. Greer delivers to readers an ancient system of divination in an easy-to-use form requiring little more than a pen and a piece of paper. Using a system of counting odd and even numbers from a deck of cards, a roll of the dice, or even by hitting sand or dirt with a stick to generate patterns, readers learn how to cast their own geomantic chart. And for those who wish to delve further, he offers exercises for geomantic meditation and ritual magic. The Art and Practice of Geomancy will appeal to pagans, followers of the Western Mystery tradition, scholars of folk magic and divination, and anyone who wants to take their past, present and future into their own hands.
