The Art Of Conducting Great Conductors Of The Past:

Leonard Bernstein Paul Laird, 2013-10-11 Beginning with an introductory essay on his achievements it continues with annotations on Bernstein's voluminous writings performances educational work and major secondary sources **The Cambridge Companion to Conducting** José Antonio Bowen, 2003-11-20 In this wide ranging inside view of the history and practice of conducting analysis and advice comes directly from working conductors including Sir Charles Mackerras on opera Bramwell Tovey on being an Artistic Director Martyn Brabbins on modern music Leon Botstein on programming and Vance George on choral conducting and from those who work closely with conductors a leading violinist describes working as a soloist with Stokowski Ormandy and Barbiroli while Solti and Abbado's studio producer explains orchestral recording and one of the world's most powerful managers tells all The book includes advice on how to conduct different types of groups choral opera symphony early music and provides a substantial history of conducting as a study of national traditions It is an unusually honest book about a secretive industry and managers artistic directors soloists players and conductors openly discuss their different perspectives for the first time *The Great Conductors* Harold C. Schonberg, 1967 He is of commanding presence infinite dignity fabulous memory vast experience high temperament and serene wisdom He has been tempered in the crucible but he is still molten and he glows with a fierce inner light He is many things musician administrator executive minister psychologist technician philosopher and dispenser of wrath Like many great men he has come from humble stock and like many great men in the public eye he is instinctively an actor As such he is an egoist He has to be Without infinite belief in himself and his capabilities he is as nothing Above all he is a leader of men His subjects look to him for guidance He is at once a father image the great provider the fount of inspiration the Teacher who knows all He has but to stretch out his hand and he is obeyed He tolerates no opposition His will his word his very glance are law With this pyrotechnical description of the genus Harold Schonberg begins his historical survey of the Great Conductors and their art For the great conductor from the time beater of the thirteenth century to the maestro of today is always the inspired leader who can impose his authority on the musicians who make up his orchestra Thus it was with Bach whom Schonberg pictures leading his forces seated at the clavier or with violin at his shoulder and singing any part that was being wrongly performed Thus it was with Handel who threatened to throw a prima donna out of the window if she would not sing the notes as written Thus it was even with Beethoven because of his deafness a tragically bad conductor who nevertheless tried to impose his will on the performers by practically creeping under the desk for pianissimo and jumping high with outstretched arms for the opposite Before us through the pages of this book march the great conductors of the past and of the present Schonberg evokes Lully who beat time on the floor with a cane so powerfully that he drove it into his foot on one occasion and died of the resulting gangrene We meet Berlioz in constant motion on the podium exuding electricity who held absolute sway over his troops and played on them as a pianist upon the keyboard and Mendelssohn the gentle well mannered aristocrat who

ripped up scores and screamed at musicians who showed up drunk and fractious And so through all the important composer conductors Wagner Liszt Mahler Strauss Then the moderns the elemental Arturo Toscanini the loving Bruno Walter the witty and acrimonious Thomas Beecham on and on to the youngest to earn a chapter to himself the phenomenal Leonard Bernstein With biography anecdote vivid description and more than a hundred well chosen prints and photographs Mr Schonberg gives a striking picture of each of these men and dozens of others showing just how and why they influenced the performance of classical music and how they developed a new and modern art the art of conducting Dust jacket **The Art of Conducting**
