The Select Works of Jonathan Swift ... Containing the Whole of His Poetical Works, the Tale of a Tub, Battle of the Books, Gulliver's Travels, Directions to Servants, Polite Conversation, Art of Punning, Etc. (Life of Dr. Swift.). Jonathan Swift, 1825

*The Select Works of Jonathan Swift ...* Jonathan Swift, 1823      Factions' Fictions Daniel Eilon, 1991-07 An understanding of the linguistic political and moral ramifications of Private Spirit the parochialism and partiality typical of clubs parties and cabals provides insights into the logic behind Swiftian polemic and satire Swiftian satire an essentially private joke offering

exclusive satisfaction to an elite fraternity of insiders is shown to be a creative rhetorical adaption of private spirit      **A**

**Preface to Swift** Keith Crook, 2014-07-15 Jonathan Swift's moral and political satires astonished his contemporaries and still have the power to disturb with their compelling images and unsettling turns of argument and to delight with their charm and inventive wit A Preface to Swift examines the complex appeal of this fierce critic of oppression While thematically arranged the text follows a broadly chronological account of Swift's life to show his development as a writer from the prolific and inventive iconoclast to the mature satirist whose enduring memory of past events produced warm friendship as well as strong resentment It considers in detail his engagement with the corruption of over secure politicians and his opposition to the easy rationalism of free thinking pundits Gulliver's Travels is shown to be a coherent critique of eighteenth century ideas of science education and politics in which the order of the books the progress of the fable is highly significant for its whole meaning While this is a major focus Keith Crook also discusses a wide range of Swift's other works including his early satires his political writings his poems and his letters Detailed chronological charts place his life and works in the political and cultural context and illustrations have been chosen with commentaries to extend the reader's sense of Swift's connections with London Ireland and his contemporaries This will be a particularly useful introduction to students who are studying satire as a genre the early eighteenth century literary scientific philosophical and political context the representation of women the political relation of Ireland to England and the position of the artist within society especially in connection with the levers of power
