Pentiuc, 2021-10-16 Throughout the ages interpreters of the Christian scriptures have been wonderfully creative in seeking to understand and bring out the wonders of these ancient writings That creativity has often been overlooked by recent scholarship concentrated as it is in the so called critical period In this study Eugen J Pentiuc illuminates the remarkable way in which the Byzantine hymnographers liturgists expressed their understanding of the Old Testament in their compositions an interpretive process that he terms liturgical exegesis In authorship and methodology patristic exegesis and liturgical exegesis are closely related Patristic exegesis however is primarily linear and sequential proceeding verse by verse while liturgical exegesis offers a more imaginative and eclectic mode of interpretation ranging over various parts of the Bible In this respect says Pentiuc liturgical exegesis resembles cubist art To illuminate the multi faceted creativity of liturgical exegesis Pentiuc has chosen the vast and rich hymnography of Byzantine Orthodox Holy Week as a case study offering a detailed lexical biblical and theological analysis of selected hymns His analysis reveals the many different and imaginative ways in which creative liturgists incorporated and interpreted scriptural material in these hymns By drawing attention to the way in which the bible is used by Byzantine hymnographers in the living Orthodox tradition *Hearing the Scriptures* makes a ground breaking contribution to the history of the reception of the scriptures
