endure For writer and human rights advocate Rowan Jett Knox the inspiring story of his family's journey of love and acceptance when both his child and partner came out as transgender one after the other was the hopeful beginning to their new lives Their tale shared in Rowan's memoir *Love Lives Here* and embraced by readers everywhere quickly found its way to the top of bestseller lists Yet in the spring of 2020 Rowan began to experience targeted attacks on social media and he soon became the subject of a small but very vocal group that criticized his book's success and his advocacy work The intensity of the backlash grew and drove Rowan to contemplate suicide But instead of taking his life on one sunny afternoon he went to the hospital to seek help *One Sunny Afternoon* is a searing testament to Rowan Jett Knox's extraordinary reckoning of his past and present to find hope in his future Triggered by the online harassment he wades through his personal history and details the incidents of violence addiction and sexual assault that have haunted him When Rowan eventually receives a complex trauma disorder diagnosis and dedicates himself to recovery he emerges with newfound strength resiliency and confidence *One Sunny Afternoon* is a profoundly moving and candid account of how trauma can shape us rather than define us and reveals how even in our darkest moments and on our most hopeless days light can find its way in

The Homeless Stefan Żeromski, 2024-03-26 Although he was nominated for the Nobel Prize in literature four times Stefan Żeromski's work is not as widely known outside Poland as it should be Thus this elegant translation is most welcome A beautiful prescient story Celia Jeffries author of *Blue Desert* The first contemporary English edition of a Polish masterpiece Beautifully translated by Stephanie Kraft this new edition includes an Introduction by Jennifer Croft and Boris Dralyuk Tomasz Judym was born in a slum in Warsaw Against all odds he has become a doctor and he finds that his driving motivation to treat disadvantaged people like those he grew up with is at odds with the expectations of his peers He sees the unhealthy working and living conditions of the working class in twentieth century Poland wearing on those around him even as he strives to help them As he battles alone to do the kind of work that boards of health and other agencies do today Dr Judym wrestles inwardly with feelings of inferiority and revulsion caused by his difficult childhood His mission takes him out of the city and into the countryside bringing him into conflict with his other desires and the love that he feels for a sympathetic woman whose background differs fundamentally from his own *The Homeless* combines concrete detail about social issues the urgent need for public hygiene and access to medical treatment the effects of industrialization on health and the landscape and the

disinterest that people in power have in the disadvantaged with beautiful artistic passages of prose that sensitively probe the characters inner lives The title comes not from the obvious reference to the impoverished people Dr Judym concerns himself with but from the unmoored status of the protagonist the woman he loves a mysterious engineer friend of his his brother and many others who find themselves rootless emotionally and physically alienated by class divides and the social upheaval of industrialization The Homeless is a portrait of the time and place it was written Poland on the precipice of the twentieth century that speaks to our current time and place

The Great Good Thing Andrew Klavan, 2016-09-20 No one was more surprised than Andrew Klavan when at the age of fifty he found himself about to be baptized The Great Good Thing tells the soul searching story of a man born into an age of disbelief who had to abandon everything he thought he knew in order to find his way to the truth Best known for his hard boiled white knuckle thrillers and for the movies made from them among them True Crime and Don't Say a Word bestselling author and Edgar Award winner Klavan was born in a suburban Jewish enclave outside New York City He left the faith of his childhood behind to live most of his life as an agnostic until he found himself mulling over the hard questions that so many other believers have asked How can I be certain in my faith What's the truth and how can I know it's the truth How can you think live and make choices and judgments day by day if you don't know for sure In The Great Good Thing Klavan shares that his troubled childhood caused him to live inside the stories in his head and grow up to become an alienated young writer whose disconnection and rage devolved into depression and suicidal breakdown In those years Klavan fought to ignore the insistent call of God a call glimpsed in a childhood Christmas at the home of a beloved babysitter in a transcendent moment at his daughter's birth and in a snippet of a baseball game broadcast that moved him from the brink of suicide But more than anything the call of God existed in stories the stories Klavan loved to read and the stories he loved to write Join Klavan as he discovers the meaning of belief the importance of asking tough questions and the power of sharing your story

Paradigms of Paranoia Samuel Chase Coale, 2019-05-14 An examination of the American fascination with conspiracy and the distrust it sows The recent popularity of The DaVinci Code and The Matrix trilogy exemplifies the fascination Americans have with conspiracy driven subjects Though scholars have suggested that in modern times the JFK assassination initiated an industry of conspiracy in Vietnam and the Pentagon Papers Area 51 Iran Contra Affair Samuel Chase Coale reminds us in this book that conspiracy is foundational in American culture from the apocalyptic Biblical narratives in early Calvinist households to the fear of Mormon

Catholic Jewish and immigrant populations in the 19th century Coale argues that contemporary culture a landscape characterized by doubt ambiguity fragmentation information overload and mistrust has fostered a radical skepticism so pervasive that the tendency to envision or construct conspiracies often provides the best explanation for the chaos that surrounds us Conspiracy as embodied in narrative form provides a fertile field for explorations of the anxiety lying at the heart of the postmodern experience Thomas Pynchon's *The Crying of Lot 49* Don DeLillo's *Underworld* Toni Morrison's *Jazz* and *Paradise* Joan Didion's *Democracy* Tim O'Brien's *In the Lake of the Woods* and Paul Auster's *New York City Trilogy* are some of the texts Coale examines for their representations of isolated individuals at the center of massive anonymous master plots that lay beyond their control These narratives remind us that our historical sense of national identity has often been based on the demonizing of others and that American fiction arose and still flourishes with apocalyptic visions
