Ties that Bind James Bickerton, Patrick J. Smith, 1999 Viewed from afar electoral politics in Canada may seem a strange amalgam of predictability and surprise stability and volatility At the close of the twentieth century the party in power is the same one that governed at the beginning of the century and for an inordinate amount of time in between Yet the contemporary party system seems to bear little relation to that which characterized either turn of the century or mid century Canadian politics In fact several dramatic upheavals have taken place in the relationship between parties and voters Elections clarify for parties and voters the current character of their relations Partially obscured vaguely calibrated or hidden perils in the voter party relationship will often rise to the surface during election periods and the ties that bind diverse communities of voters to particular parties are tested Clearly the relationship between Canadian voters and their political

parties has seldom been an easy one especially at election time However to describe it as unstable or volatile would be misleading There have always been strong currents of continuity and stability in voter party relations in Canada that are deeply rooted in regional political cultures and party histories in enduring ties between ethnocultural or linguistic groupings and particular parties and in the economic and class cleavages that influence left right ideological divisions *Ties That Bind* looks at the socio economic ethnolinguistic and demographic factors in party support the enduring quality of these social bases the importance of geography in structuring variations in the voter party relationship and electoral change as a function of the strategic decisions of the parties and their leaders and the voter response these decisions evoke Handbook of the Arts in Qualitative Research J. The Politics of Educational Reform in Alberta Alison Taylor, 2001-01-01 A case study of educational restructuring in Alberta during the Klein revolution the period of dramatic political and economic change introduced by Premier Ralph Klein's Conservative government of the 1990s *Driving Lessons* J. Peter Rothe, 2002-09-20 With the exception of modern warfare no other human activity has destroyed as many lives as driving a motor vehicle Traffic crashes kill and injure thousands of Canadians every year at an incalculable financial and emotional cost to society but rather than rush to stem this tide of human carnage policy makers seem to accept the ghastly toll as the price we pay for mobility *Driving Lessons* takes a fresh

look at the complexities of the road transportation system in depth going far beyond the symptomatic linear reductionist approach It challenges current traffic safety paradigms that simply blame the driver or target villains and scapegoats like impaired or high risk drivers It takes issue with road transportation system management that sometimes puts mobility ahead of the safety of road users As one researcher notes human beings will make mistakes and accordingly the road transportation system must be designed so that people s mistakes do not have disastrous consequences The Cowboy Says I Do Sinclair

ALIVE AND WELLS SEEING RED CHANGE OF HART **The Return of the Trojan Horse** Trevor Harrison, 2005 A Right wing populist in an oil rich province Ralph Klein has been a one man wrecking crew dismantling Alberta's public sector and remaking the province into a freewheeling capitalist paradise. This book re-examines Klein's Alberta after a decade of deficit slashing, tax cutting conservatism. First elected in 1993 on a platform of common sense revolution, a decade later Ralph Klein's Conservative party remains in power but the gloss is off its revolution. Deficits and debt have been eliminated but new problems and new issues have arisen such as energy deregulation and water shortages. Efforts to export the revolution to remake Canada in Alberta's image have stalled with the defeat of the Harris Conservatives in Ontario and the collapse of the Reform and Alliance parties federally. Meanwhile at the worldwide level neo liberal globalization all the rage in the early 90s is now in retreat, replaced by war threats of terrorism and growing economic instability. *The Return of the Trojan Horse* examines the long term lessons of the Klein revolution and suggests where Alberta and Canada may be headed in the next decade. An original compilation of critical essays on Alberta's policies written by some of Alberta's and Canada's best authors who come from a wide spectrum of viewpoints and backgrounds, all blending insight with journalistic flair. Peel away the careful packaging of the Klein government's record and what have you got? This book tells the story. Facts, clear prose and the courage to tell it straight make it essential reading. Canadian Forum. Trevor Harrison is currently an associate professor at the University of Lethbridge and research director for the Parkland Institute, an Alberta based think tank dedicated to examining public policy issues. He is the author of *Of Passionate Intensity: Right Wing Populism and the Reform Party of Canada* and *Requiem for a Lightweight: Stockwell Day and Image Politics*.
