My Life Values II George Manus, 2024-09-17 In this book the second of two author George Manus has compromised with his basic philosophy about experience which briefly states that You must be master of your own experiences as that is the only way you can progress Think about the experiences you have benefited from in life especially where you believe they have been important for your own development whatever your age Should it be possible to be master of one's own experiences one must as a starting point acquire a solid platform to stand on understood as having a clear perception of life's most important values and a balanced basis for meeting life's challenges For this it goes without saying that one should listen to the experience of others The author sees himself as an autodidact but believes that he has acquired a reasonably solid platform to stand on Honest self awareness gives you a solid platform to stand on in life and is a gift not given to all many must work towards that goal themselves like I have done and this is where these books as an example shows you how I have exposed my honest self awareness and thereby got a more solid platform from where to stand up to life's challenges Inspiration to gather the content and publish this book he says comes from readers of his previous books and two of them in particular 217 Reflections and Food for Thought 1001 Short reflections In this book he has chosen 21 Reflections about Life

Values from the first mentioned book and 94 Food for Thought from the second A book for all ages about My Life Values and Attitudes without reference to religion and politics
