**Iowa Travel Guide**, 2007      **Country Guide and Nor'west Farmer**, 1927      The Urban Astronomer's Guide Rod Mollise, 2006-12-22 Most amateur astronomers yearn to observe more frequently Many of them however live in urban and highly developed suburban areas that are heavily light polluted Due to this light pollution they are under the impression that deep sky objects nebulae galaxies star clusters are either invisible or not worth viewing from home This book describes the many objects that can be seen in a bright urban sky and shows the city or suburban astronomer how to observe object after object season after season This book covers the why how and what of astronomy under light polluted skies The prospective city based observer is told why to observe from home there are hundreds of spectacular objects to be seen from the average urban site how to observe the city sky telescopes accessories and modern techniques and what to observe About 50% of the book is devoted to describing tours of the sky with physical and observational descriptions at the eyepiece drawings and photographs

Non-State Challenges in a Re-Ordered World Stefano Ruzza, Anja Jakobi, Charles Geisler, 2015-10-14 There is a sprawling scholarship on violence crime and corrupt state rule yet few have interpreted these challenges as transformative at the global scale and as a potential source of alternative non state legitimacy This volume challenges Westphalian conservatism in a provocative yet plausible manner shedding light at the ubiquity and diversity of unfolding non state agendas and at their effect on the imagined state community Focusing on civil war parties warlords commercial providers of security multinational companies and criminal organizations the book directs attention to theoretical questions and policy challenges arising from non state armed expansion To accomplish this the contributors present a range of case studies and comparisons within three thematic sections the first takes stock of how when and in what measure state and state system legitimacy are challenged by non state violent or criminal activity the second addresses the nature effectiveness and side effects of different state mandated reaction to non state activities and third focuses on the recombination of state and non state actors contributing to processes of socio political transformation This volume provides a current analysis of different armed and violent actors encroaching on the state's monopoly of violence It seeks to spark debate about global political change and will be of interest to students and scholars of global governance global security and international relations
