Smart Moves Dick DeVenzio,1989-10-01 Offers advice to young adults on how they can achieve their goals by developing a positive attitude and the appropriate drive to succeed Suggests various study strategies and self promotion plans

**Smart Moves** Dick DeVenzio,1989-09-01 How can young people enrich their lives become more effective and enlarge their personal power As with adults it s a matter of smart moves Smart Moves by Dick DeVenzio shows young people how to confront any circumstance achieve any goal and deal with any setback by cultivating an attitude that mixes youthful optimism with tough realism There is no preaching or false hip tone in the book The writing is clear and the message is practical addressing the basic concerns of young people from effective studying to getting along better with others to mastering a winning attitude about dieting or sports Success advises DeVenzio is a highly personal matter Addressing the youthful reader in the first chapter he writes You may worry that a so called motivator will try to get you to do things your parents or teachers want you to do Please let me shatter that concept from the start My reason for writing this book is to help you unlock your own personal power for whatever you want to do Dropping out or rebelling is fine as long as it is done energetically But don t waste your life putting in listless time just getting by Smart Moves is written in short splashes Each page contains an idea that can be put to immediate use What young people need DeVenzio says is something to say YES to They need to experience the joy of striving for goals and the joy of realizing an increase in personal power and effectiveness With a message that holds universal appeal Smart Moves can motivate young adults to view their lives and actions in a significantly new and positive way As DeVenzio writes in the book s introduction A successful person is not one who has found the right set of circumstances but rather one who has developed the right set of attitudes **More Rip-Roaring**

 Wright, Dawn Penney, 2015-09-16 This book explores the complex nexus of discourses principles and practices within which  
 educators mobilise school based health education Through an interrogation of the ideas informing particular models and  
 approaches to health education the authors provide critical insights into the principles and practices underpinning  
 approaches to health education policy curriculum pedagogy and assessment Drawing on extensive literature and research  
 the book explores and considers what health education can and should do Chapters examine the extent to which health  
 education past and present has attended to the needs and interests of young people in school environments as well as assess  
 common pedagogical approaches and whether the outcomes tally with expectations By considering the problems in teaching  
 health education curriculum making health education pedagogies and porous classrooms the book offers a knowledge base  
 from which educators can consider how theories and models can sit together to shape curriculum and influence practice  
 School Health Education in Changing Times will be of key interest to postgraduate students researchers and academics in  
 the field of health education It will also be a valuable resource for teacher educators current teachers and those on  
 professional development courses who want to navigate the moral minefield surrounding health education
