Smiling For Strangers:

Smiling at Strangers Nancy Lewis, 2021-01-04 It all started with a smile A trip to the local farmers market created an opportunity for the author of Smiling at Strangers to offer a simple kindness to a stressed young mother shopping with four small children She made eye contact and smiled and the mother responded with a soft Thank you This single act is one of the greatest gifts we can give one another The message it sends is I see you and acknowledge our kinship as members of the human species doing the best we can I wish you well Everyone deserves to be seen and acknowledged In a world that many experience as cold and lonely receiving a simple smile can bring the warmth of connection however brief Smiling at Strangers How One Introvert Discovered the Power of Being Kind written by a shy and introverted author is a handbook for building a community of kindred souls who share her mission to create a kinder world one smile at a time Although it has much to offer to anyone wanting to share kindness with others its target audience is kind hearted socially shy introverts who tend to restrict interactions with strangers in public places It will empower even the most introverted among us to interact in the world in a different way through actions as simple as a smile of acknowledgment Facial Palsy Chieh-Han John

Tzou, Andrés Rodríguez-Lorenzo, 2021-05-27 This book offers a comprehensive overview of the surgical techniques available in reconstruction of the paralyzed face It is divided into six parts The first part introduces the topic of facial palsy and the following parts provide detailed information on facial nerve reconstruction techniques management of eye closure and smile reanimation The book highlights symmetrization techniques and synkinesis and presents innovations and new frontiers in facial palsy Written by an international group of experts who are committed to maintaining high standards and service in treating this condition and improving outcomes it is a valuable source of information for clinicians and practitioners in plastic and reconstructive surgery neurosurgeons and oral and maxillofacial surgeons but also useful for researchers in this field
