Sketches Of Early Texas And Louisiana:

Sketches of Early Texas and Louisiana Frédéric Gaillardet, James L. Shepherd, III, 1966 A lively report of travels in early nineteenth century Texas and Louisiana and a fascinating account of the discovery exploration and settlement of those areas is presented in the work of this ebullient young French dramatist and journalist who traveled to Louisiana in 1837 and to Texas in 1839 Frédéric Gaillardet an alert and talented writer of the romantic school was lured away for a decade from a successful career in Paris to satisfy his wanderlust and to seek inspiration on the American frontier During that time he visited the American Southwest and he talked with many personages there men like Sam Houston Mirabeau B Lamar and Achille Murat His character sketches of these men add zest to the book as do the facets of Gaillardet's own personality and life displayed in these pages Gaillardet's reports of his travels were published in various French language newspapers of the time a few were incorporated into the author's posthumous memoirs His opinions as recorded in his writings exerted undeniable influence in the French decision to recognize Texas one of his theses was that the Republic of Texas might become a curb rather than a stepping stone to an expanding United States Despite Gaillardet's historical importance however none of these chapters has ever appeared before in English translation This collection was gathered from several sources the Journal des Débats the Constitutionnel the Courrier des États Unis and Gaillardet's memoirs entitled L'Aristocratie en Amérique The latter chapters concentrate on the career of a prominent Louisiana lawyer politician and diplomat Pierre Soulé whose much maligned name Gaillardet repeatedly and stoutly defended A less favorable treatment of Soulé contained in Fanny Calderón de la Barca's Attaché in Madrid is reprinted in the appendix to aid the reader in judging the accuracy of Gaillardet's analysis of this arresting figure Copious footnotes to clarify the text have been added by the translator His introduction presents a biographical sketch of Gaillardet together with a careful analysis of the book which has been translated lucidly and vividly

Sketches of Early Texas and Louisiana Frédéric Gaillardet, 1966 *Sketches of Early Texas and Louisiana* Frederic Gaillardet, 1966 **Sketches from the Five States of Texas** A. C. Greene, 1998 When veteran columnist A C Greene turns his eyes on Texas he sees a variety of experiences and a scope of history that fascinate the rest of us Under its annexation terms Texas is allowed to divide itself into as many as six states While that is not ever likely to happen Greene masterfully shows that several cultural states do exist within the one political entity of Texas and have throughout the state's history Greene has a wide ranging curiosity about the facts of Texas history what lies behind them what quirks of human nature they reveal how the people who lived them might have experienced them roads not taken and why things have come to be as they are His historical writing has helped make Texas past accessible and even interesting to the public for over forty years Spotlighting individuals places and events that make for distinctiveness *Sketches from the Five States of Texas* features

oddities and little known facts that present a kind of history within history Several sketches look at inventions or innovations such as plows and Other pieces focus on historic moments the first long distance telephone service the last messenger from the Alamo Transportation is a theme that runs through this book trains planes including a box kite contraption early automobiles and roads and steamboats ice boats and war boats Place names get attention too peculiar names unexpected sources and long lost places Naturally the wars of Texas are also covered the Revolution the Indian wars the Civil War and the Texas Navies The pieces in this collection originated for the most part in Greene s popular Dallas Morning News columns several sketches and all the regional introductions are completely new Aficionados of Texas history will already know some of what they read here but they will not know all of it Greene s nuggets of history will inform and entertain a wide reading public They represent A C Greene at his best and most engaging and the states of Texas at their best too

Sketches Of Early Texas And Louisiana Introduction

In today's digital age, the availability of Sketches Of Early Texas And Louisiana books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Sketches Of Early Texas And Louisiana books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Sketches Of Early Texas And Louisiana books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Sketches Of Early Texas And Louisiana versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Sketches Of Early Texas And Louisiana books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Sketches Of Early Texas And Louisiana books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Sketches Of Early Texas And Louisiana books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Sketches Of Early Texas

And Louisiana books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
