Breen, 1999 The advent of Court TV and the increasing news coverage of high profile trials have pushed legal proceedings to the forefront of public interest today Jon L Breen has answered a growing demand for information with a second edition of *Novel Verdicts A Guide to Courtroom Fiction* a critical bibliography of courtroom fiction This new edition not only updates old annotations but explores the literary response to new areas of focus and development that have emerged in the law since 1984 The original 421 entries have been retained among the 790 in the present volume and Breen's guide also highlights a number of specialists who have recently emerged including John Grisham Steve Martini William Bernhardt Paul Levine and Richard North Patterson Annotations provide general information about the author and indicate the proportion of trial action included in each book A critical bibliography for librarians lawyers and courtroom enthusiasts alike *Novel Verdicts* is a useful and easy to use reference tool that captures the changes in the law as depicted in courtroom fiction *Justice Denoted* Terry White, 2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence Primarily a bibliography of novels it also annotates plays scripts for film and television novelizations and short story collections about lawyers and the law The idea behind the principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists Its biographical and scholarly information about authors major and minor and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers *Anatomy of a Murder* as well as the romantic potboiler Among the more than 2 000 works are the Perry Mason novels of Erle Stanley Gardner John Mortimer's Rumpole series along with a staple of fiction by major authors of the genre like John Lescroart Lisa Scottoline Margaret Maron Scott Turow and John Grisham There are also individual works by Shakespeare Goethe Kafka Camus and Twain delineating humanity's
