Slave Narratives North Carolina Volume Xi Part 1 And 2:

The Slave's Narrative Charles T. Davis, Henry Louis Gates Jr., 1991-02-21 These autobiographies of Afro American ex slaves comprise the largest body of literature produced by slaves in human history The book consists of three sections selected reviews of slave narratives dating from 1750 to 1861 essays examining how such narratives serve as historical material and essays exploring the narratives as literary artifacts Slave Narratives - NORTH CAROLINA - Volume XI Best Books on, Federal Writers' Project, 1999 Through the Heart of Dixie Anne Sarah Rubin, 2014-09-15 Sherman's March cutting a path through Georgia and the Carolinas is among the most symbolically potent events of the Civil War In Through the Heart of Dixie Anne Sarah Rubin uncovers and unpacks stories and myths about the March from a wide variety of sources including African Americans women Union soldiers Confederates and even Sherman himself Drawing her evidence from an array of media including travel accounts memoirs literature films and newspapers Rubin uses the competing and contradictory stories as a lens for examining the ways American thinking about the Civil War have changed over time Compiling and analyzing the discordant stories around the March and considering significant cultural artifacts such as George Barnard's 1866 Photographic Views of Sherman's Campaign Margaret Mitchell's *Gone with the Wind* and E L Doctorow's *The March* Rubin creates a cohesive narrative that unites seemingly incompatible myths and asserts the metaphorical importance of Sherman's March to Americans memory of the Civil War The book is enhanced by a digital history project which can be found at shermansmarch.org **Unburdened by Conscience** Anthony W. Neal, 2009-11-16 In *Unburdened by Conscience* Anthony W Neal forcefully argues that influential historians have been unable to offer a complete account of ante bellum era American slavery because of their preoccupation with humanizing the slaveholders He charges them with concealing the full horrors of slavery in order to present the slaveholders in a more positive light By skillfully weaving together candid first hand accounts of courageous ex slaves Neal then permits readers to see slavery in the United States from their point of view Former slaves talk openly about the break up of their marital unions and families and about matters rarely examined in most American slavery history books Those issues include the slaveholders legally sanctioned acts of violence their practice of slave breeding and their rape of black women Through this work Neal gives a voice to black people who endured American slavery and presents a sobering record not found in most books on the topic History of Higher Education Annual: 2003-2004 Roger L. Geiger, 2011-12-31 *History of Higher Education Annual* Volume 23 provides insight into the struggle for civil rights and desegregation of Southern higher education illuminating how this conflict affected private historically black colleges and white denominational colleges while interpreting the dynamics of segregation and desegregation in South Carolina Other contributions examine town gown relations for Harvard students in the eighteenth century and the challenge of creating an urban public university in Chicago Review essays examine the demographic and cultural transformation of British higher education and the curious phenomenon of historical encyclopedias

of individual colleges and universities History of Higher Education Annual will be of interest to historians sociologists educational policymakers as well as those concerned with the future of higher education in the United States and throughout the world Roger L Geiger is Distinguished Professor of Higher Education at the Pennsylvania State University He has edited the History of Higher Education Annual since 1993 His two volumes Research and Relevant Knowledge and To Advance Knowledge both published by Transaction cover the history of universities in the United States during the twentieth century

Fox-Genovese,2000-11-09 Documenting the difficult class relations between women slaveholders and slave women this study

shows how class and race as well as gender shaped women's experiences and determined their identities. Drawing upon massive research in diaries, letters, memoirs, and oral histories, the author argues that the lives of antebellum southern women, enslaved and free, differed fundamentally from those of northern women and that it is not possible to understand antebellum southern women by applying models derived from New England sources. *Affect and Power* David J. Libby, Paul Spickard, Susan Ditto, 2009-09-18

In 1968 Winthrop D. Jordan published his groundbreaking work *White Over Black: American Attitudes toward the Negro, 1550-1812* and opened up new avenues for thinking about sex, slavery, race, and religion in American culture. Over the course of a forty-year career at the University of California and the University of Mississippi, he continued to write about these issues and to train others to think in new ways about interactions of race, gender, faith, and power. Written by former students of Jordan, these essays are a tribute to the career of one of America's great thinkers and perhaps the most influential American historian of his generation. The book visits historical locales from Puritan New England and French Louisiana to nineteenth-century New York and Mississippi, all the way to Harlem swing clubs and college campuses in the twentieth century. In the process, authors listen to the voices of abolitionists and white supremacists, preachers and politicians, white farm women and black sorority sisters, slaves and jazz musicians. Each essay represents an important contribution to the collection's larger themes and at the same time illustrates the impact Jordan exerted on the scholarly life of each author. Collectively, these pieces demonstrate the attentiveness to detail and sensitivity to sources that are hallmarks of Jordan's own work.
