devious con artist Walton was turned away by police. Infuriated and armed with the investigative skills he'd gained from years as a TV reporter, Walton launched his own investigation and built a compelling criminal case authorities could not ignore. Walton got his con artist charged, prosecuted and convicted, then devoted his life to helping other victims do the same. This book packs in all he has learned. Some con artists scheme for money, some for attention, some just for the thrill of lying. And if you think it can't happen to you, then you are exactly the kind of mark a professional con artist is looking for. With this insightful guide in your hands, you are far less likely to get conned and far more likely to spot these nefarious manipulators from a mile away and cross the street when you see them coming.

Wisdom and Vin-isms: Slams, Laughs, and Lessons Learned Vinnie Venturella, 2025-06-29

When would you ever bet a punch in the face? Why is it necessary to park so you can pull forward? How do you get in World War Z shape? What does my Mom know about making friends? During a verbal slam session, when is it ever okay to go tactical nuke when a proportional response would be a bow and arrow? What is the Rule of 72? What does give him the heater mean in your world? What can only 5% of American men and 1% of women do? How can you determine if a dude is wearing a quality suit? Shouldn't some leaders talk more directly than they do? How do you know what to order at McDonald's? What are Chiefly Things? How does action breed more clarity than thought? These and many more are the questions answered or lessons highlighted in this book. *Wisdom and Vin-isms* is a companion to *The Red Pill on Wisdom* and an homage to *Heartbreak Ridge*. Just because it's not deep or rooted in classical philosophy or perfectly coiffed by a titan of industry doesn't mean it's not wisdom. It definitely is a Vin-ism and should be embraced.

Choose Change... Linda Limbers Mitchell, 2001

You may have heard the old story about the frog. If you put a frog in some cool water, he'll be quite comfortable. If you slowly heat the water, the frog will not jump out, even if the water starts to boil, because during the slow process of bringing it to a boil, the frog adjusts. He will be boiled alive because he has become comfortable with his surroundings. Don't be comfortable. You can change before your crisis becomes too difficult. Don't wait until you are boiled alive. Choose Change Before Change Chooses You is a simple, systematic process to change your life before you are forced to do so by people and circumstances over which you have no control. Most people will not change until it becomes more uncomfortable to be where they are than it is to get where they are going. This is a practical, thirteen-week process to make living your life what it was meant to be: fulfilling, joyful, and on purpose.
