Adapting the Beat Poets Michael J. Prince, 2016-09-09 In the post World War II era authors of the beat generation produced some of the most enduring literature of the day More than six decades since work of the Beat Poets conjures images of unconventionality defiance and a changing consciousness that permeated the 1950s and 60s In recent years the key texts of Beat authors such as Allen Ginsberg William S Burroughs and Jack Kerouac have been appropriated for a new generation in feature length films graphic novels and other media In Adapting the Beat Poets Burroughs Ginsberg and Kerouac on Screen Michael J Prince examines how works by these authors have been translated to film Looking primarily at three key works Burroughs Naked Lunch Ginsberg s Howl and Kerouac s On the Road Prince considers how Beat literature has been significantly altered by the unintended intrusion of irony or other inflections Prince also explores how these screen adaptations offer evidence of a growing cultural thirst for authenticity even as mediated in postmodern works Additional works discussed in this volume include The Subterraneans Towers Open Fire The Junky s Christmas and Big Sur By examining the screen versions of the Beat triumvirate s creations this volume questions the ways in which their original works serve as artistic anchors and whether these films honor the authentic intent of the authors Adapting the Beat Poets is a valuable resource for anyone studying the beat generation including scholars of literature film and American history

Kerouac on Record Simon Warner, Jim Sampas, 2018-03-08 He was the leading light of the Beat Generation writers and the most dynamic author of his time but Jack Kerouac also had a lifelong passion for music particularly the mid century jazz of New York City the development of which he witnessed first hand during the 1940s with Charlie Parker Dizzy Gillespie and Thelonious Monk to the fore The novelist most famous for his 1957 book On the Road admired the sounds of bebop and attempted to bring something of their original energy to his own writing a torrent of semi autobiographical stories he published between 1950 and his early death in 1969 Yet he was also drawn to American popular music of all kinds from the blues to Broadway ballads and when he came to record albums under his own name he married his unique spoken word style with some of the most talented musicians on the scene Kerouac s musical legacy goes well beyond the studio recordings he made himself his influence infused generations of music makers who followed in his work from singer songwriters to rock bands Some of the greatest transatlantic names Bob Dylan and the Grateful Dead Van Morrison and David Bowie Janis Joplin

and Tom Waits Sonic Youth and Death Cab for Cutie and many more credited Kerouac's impact on their output. In Kerouac on Record we consider how the writer brought his passion for jazz to his prose and poetry; his own record releases the ways his legacy has been sustained by numerous more recent talents; those rock tributes that have kept his memory alive; and some of the scores that have featured in Hollywood adaptations of the adventures he brought to the printed page.

Robert Duncan, The Ambassador from Venus Lisa Jarrot, 2012-08-27 This text is a biography of Robert Duncan, one of America's great postwar poets. The author takes the reader from Duncan's birth in Oakland, California, through his childhood in an eccentrically Theosophist household to his life in San Francisco as an openly gay man who became an inspirational figure for many poets and painters around him. Source of description unspecified. *The Continuum Encyclopedia of American Literature* Steven R. Serafin, Alfred Bendixen, 2005-09-01 More than ten years in the making, this comprehensive single-volume literary survey is for the student, scholar, and general reader. The Continuum Encyclopedia of American Literature represents a collaborative effort involving 300 contributors from across the US and Canada. An Open Map Robert Duncan, Charles Olson, 2017-12-15 The 130 letters collected in this volume begin in 1947, just after Robert Duncan and Charles Olson first meet in Berkeley, California, and continue to Olson's death in January 1970.

Richard Brautigan John F. Barber, 2014-12-09 Best known for his novel *Trout Fishing in America*, American writer Richard Gary Brautigan (1935-1984) published eleven novels, ten poetry collections, and two story collections, as well as five volumes of collected work, several nonfiction essays, and a record album of spoken voice recordings. Brautigan's idiosyncratic style and humor caused him to be identified with the counterculture movement of the 1960s. The authors of many of these 32 essays knew Brautigan personally and professionally; others came to know and respect him through a cultivated connection with his writings. The essays, many of which are new, others of which were published in obscure journals, combine personal remembrance of the man and critical appraisal of his still-controversial works. Includes previously unpublished photographs and artworks.

Enlightenment and the American Revolution He reveals the creative geniuses who have contributed to the birth of the organic worldview beginning with Goethe Kant and Hahnemann Exposing the scientific and social forces that drive paradigm shifts he details the stages every paradigm shift progresses through the early Enlightenment the conservative backlash the intensive phase and the transformational phase leading to the Organic Shift Explaining that we are currently in the throes of the paradigm flip the critical last phase of our paradigm shift Schacker shows how the mechanistic worldview is crumbling around us and nothing but a complete transformation in the way we think will keep us from the path of total self destruction Providing a map to overcome the allure of the simplistic mechanical model that has spawned countless unsustainable practices and problems from global warming to intense economic disparities the author offers concrete solutions showing how each of us can use our talents skills and time to make the deep changes needed for global regeneration
