socially effective differs depending on which senses we focus on and how intensively The connection between reality constructions and sensory conditions has received little attention in social research so far This concerns for example the use of our sensory organs for empirical reconstructions of bodies of knowledge sensory perceptions as part of bodies of knowledge or the question of how far knowledge is dependent on sensory abilities This anthology attempts to close this gap by focusing on the social significance of sensory perceptions and discussing it using the example of various objects of investigation This book is a translation of an original German edition The translation was done with the help of artificial intelligence machine translation by the service DeepL com A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation

Berlin Sports Heather L Dichter, Molly Wilkinson Johnson, 2024 Berlin Sports Spectacle Recreation and Media in Germany's Metropolis presents a series of case studies that explore the history of sports in Berlin from the late nineteenth to the early twenty first century against the backdrop of the city's sharp political shifts diverse populations and status as a major metropolis with both regional and global resonance Focal points include a long distance equestrian race in the 1890s the role of media in discourses around urban life gender and celebrity from the 1890s to the 1920s the intersection of grassroots participation and spectatorship with international diplomacy at the elite level in the postwar and divided period the relationship between recreational associations immigration and youth counterculture and the use of the 2015 European Maccabi Games an international Jewish sports festival to grapple with the infamous 1936 Nazi Olympics and cast Berlin as a post anti Semitic city Through these thematic lenses of spectacle recreation and media these essays provide important insights about sport and urban space Berlin sport as both unique and typical of Germany and sport as a vehicle through which Germany has engaged with the wider world
