Case Studies on Sustainability in the Food Industry Samuel O. Idowu, René Schmidpeter, 2022-09-23 The world's population continues to grow year after year putting pressure on all global resources. This book provides examples of how we can deal with all the challenges associated with aspects of population growth in the quest for sustainable development. It presents case studies on different areas of sustainability in the food industry which includes food production and consumption. The collection of illustrative examples includes cases from agriculture and fisheries, the food refining sector, the supply chain, wholesale and retail channels and other relevant aspects that enhance our understanding of how sustainability takes place in this global sector. The book will appeal to a wide readership from practitioners to researchers, teachers and students worldwide.

The Midlife Method Sam Rice, 2020-12-31 In *The Midlife Method* food and lifestyle writer Sam Rice explores why it is so much harder to lose weight as we get older and what we can do about it. Rather than focusing exclusively on restricted eating as so many diets do, Sam guides us through her method for midlife weight loss based on extensive research into the specific physiological changes that occur in our middle years. She answers the questions that she herself asked when in her forties the weight suddenly started accumulating around the middle. Why is this happening to me? What am I eating that isn't helping? What foods should I be eating more of? How do calories fit into the equation? How much and what kinds of exercise are most beneficial? What other lifestyle changes do I need to make? Including more than 80 delicious recipes for breakfast, lunch and family friendly dinners along with an easy 4 week meal plan. *The Midlife Method* shows how combining Light Days (active calorie restriction via calorie controlled recipes) and Regular Days (focused on eating well balanced nutrient dense food) can bring about healthy and sustainable weight loss. But we don't just want to lose weight as we get older, we want to feel great too, that is where *The Midlife Method Healthy Habits* come in. Learn how to exercise optimally, get a better night's sleep, manage stress and enjoy alcohol as part of a healthier lifestyle. If you feel stuck in a midlife weight rut, then this is the book for you.

Fitter Faster Robert Davis, Brad Kolowich, 2017-05-11 A lifetime of fitness in just minutes a day. I don't have time. I'm too tired. I hate gyms. These are among the most common excuses for not exercising. But the truth is that getting in shape requires less time and effort than you might think. Examining everything from pre workout stretches to post workout protein shakes, this science backed book slices through fitness fads and misconceptions to reveal how you can exercise quickly and effectively. For example, is it best to exercise in the morning? Does aerobic activity burn more fat than weight lifting? You'll also learn how to get and stay motivated, what equipment to buy and what not to waste money on, which dietary supplements really help and how to combat muscle soreness. *Fitter Faster* explains how to find the right balance between cardio, strength and stretching. Slash workout times with high intensity interval training. Prevent boredom. Enhance fat burning. The accompanying *Fitter Faster Plan* developed with celebrity trainer Brad

Kolowich Jr pulls everything together Requiring as little as 15 minutes a day these quick workouts maximize efficiency allowing you to reap the greatest benefit in the shortest possible time all without ever having to set foot in a gym With photographs illustrating each exercise routine this eye opening book will forever change the way you work out and help you get fitter faster
