Erickson, 1997-01-29 Erickson English U of California Santa Barbara examines both scientific and romantic portrayals of the human heart in early modern English literature After reviewing the Biblical heart he considers William Harvey's model of a phallic pump in a feminized body Milton's Paradise Lost Richardson's Clarissa Aphra Behn's Oroonoke as a woman's perspective and other works Annotation copyrighted by Book News Inc Portland OR **The Heart of Time** Sabina Knight, 2020-03-23 By examining how narrative strategies reinforce or contest deterministic paradigms this work describes modern Chinese fiction's unique contribution to ethical and literary debates over the possibility for meaningful moral action How does Chinese fiction express the desire for freedom as well as fears of attendant responsibilities and abuses How does it depict struggles for and against freedom How do the texts allow for or deny the possibility of freedom and agency By analyzing discourses of agency and fatalism and the ethical import of narrative structures the author explores how representations of determinism and moral responsibility changed over the twentieth century She links these changes to representations of time and to enduring commitments to human heartedness and social justice Although Chinese fiction may contain some of the most disconsolate pages in the twentieth century's long literature of disenchantment it also bespeaks Knight argues a passion for freedom and moral responsibility Responding to ongoing conflicts between the claims of modernity and the resources of past traditions these stories and novels are often dominated by challenges to human agency Yet read with sensitivity to traditional Chinese conceptions of moral experience their

testimony to both the promises of freedom and the failure of such promises opens new perspectives on moral agency

The Adytum of the Heart Patricia H. Wheat, 1992 The experience a reader undergoes when perusing a new novel parallels the spiritual probing of Brontë's central characters when they meet other characters The reader's task like that of a Brontë heroine is to look beneath the surface To Brontë every true work of art when rightly understood was a marriage between Jane and Rochester between the reader and the author The Adytum of the Heart examines in detail Brontë's commentary on three famous novels Pride and Prejudice Vanity Fair and Wuthering Heights and relates each to Brontë's own fiction The book reconstructs the similarities G. H. Lewes must have noted between Jane Eyre and Pride and Prejudice applying Brontë's critical terminology to pinpoint what she saw as Austen's limitations Wheat's reading of Brontë's handwritten letters enables her to uncover errors and omissions in printed editions
