Freedom, Subjectivity and Society

Søren Kierkegaard

**ROUTLEDGE LIBRARY EDITIONS:
EXISTENTIALISM**

Situation And Human Existence Freedom Subjectivity And Society

Simone de Beauvoir

Situation And Human Existence Freedom Subjectivity And Society:

Situation and Human Existence Sonia Kruks, 2019-04-15 Social philosophy oscillates between two opposing ideas that individuals fashion society and that society fashions individuals The concept of situation was elaborated by the French existentialist thinkers to avoid this dilemma Individuals are seen as actively situating themselves in society at the same time as being situated by it This book first published in 1990 traces the development of the concept of situation through the work of Gabriel Marcel Jean Paul Sartre Simone de Beauvoir and Maurice Merleau Ponty It shows how it illuminates questions of self or subjectivity embodiment and gender society and history and argues that it goes far beyond the currently fashionable notions of the death of the subject *Simone de Beauvoir* Elizabeth Fallaize, 1998 Simone de Beauvoir was a prolific writer and feminist whose name has attracted a volatile mix of adulation and hostility This collection of critical responses to a wide range of Beauvoir's writing explores the changing perceptions of the woman and explores why her work remains influential today *The Other Within* Fredrika Scarth, 2004-11-22 In *The Other Within* Fredrika Scarth offers a reading of *The Second Sex* as an ethical text driven by Beauvoir's preoccupation with what possibilities have been closed off to women by patriarchal structures oppression and inequality Scarth offers a unique and enlightening study of Beauvoir's writing on the female body and particularly on maternity as an important piece of Beauvoir's writing Unlike other feminist scholars who find in Beauvoir's writing a repudiation of motherhood Scarth argues that Beauvoir's writing on maternity can open up new possibilities of embodied subjectivity and agency agrounding an authentic ethical relationship with the other Feminist Thought, Student Economy Edition Rosemarie Tong, 2018-10-03 This book provides a clear comprehensive and incisive introduction to the major traditions of feminist theory from liberal feminism radical feminism and Marxist and socialist feminism to care focused feminism psychoanalytic feminism women of color feminisms and ecofeminism **Feminist Interpretations of Maurice Merleau-Ponty** Dorothea Olkowski, Gail Weiss, 2010-11-01 Dictionary of Existentialism Haim Gordon, 2013-10-31 Existentialism as a philosophy gained prominence after World War II Instead of focusing upon a particular aspect of human existence existentialists argued that our focus must be upon the whole being as he/she exists in the world Rebelling against the rationalism of such philosophers as Descartes and Hegel existentialists reject the emphasis placed on man as primarily a thinking being Freedom is central to human existence and human relations and encounters cannot be reduced simply to thinking This Dictionary provides through alphabetically arranged entries overviews of the various tenets philosophers and writers of existentialism and of those writers philosophers who in retrospect seem to existentialists to espouse their philosophy Nietzsche Kierkegaard Dostoyevski et al The Bloomsbury Companion to Existentialism Felicity Joseph, Jack Reynolds, Ashley Woodward, 2014-09-25 The Bloomsbury Companion to Existentialism is the definitive guide to this key area of modern European philosophy Now available in paperback the book covers the fundamental questions asked by existentialism providing valuable guidance for students and researchers to some of the many

important and enduring contributions of existentialist thinkers Chapters from an international team of experts explore existentialism's relationship to philosophical method ontology politics psychoanalysis ethics religion literature emotion feminism and sexuality emotions authenticity and the self its significance in Latin American culture and its contribution to the development of post structuralism and cognitive science In addition five short chapters summarize the status of canonical figures Kierkegaard Nietzsche Heidegger Sartre and de Beauvoir delineating the historical approach to their work while pointing to new directions contemporary research is now taking Featuring a series of indispensable research tools such as an A to Z glossary a timeline of key events texts and thinkers in existentialism a list of resources and an annotated guide to further reading this Companion is an essential resource to help the new reader navigate through the heart of Existentialism and modern European philosophy *The Cambridge Companion to Simone de Beauvoir* Claudia Card, 2003-03-10 Table of contents

Psychoanalytic Theory of Greek Tragedy C. Fred Alford, 1992-10-11 Psychoanalytic readings of literature are often reductionist seeking to find in great works of the past support for current psychoanalytic tenets In this book C Fred Alford begins with the possibility that the insights into human needs and aspirations contained in Greek tragedy might be more profound than psychoanalytic theory He offers his own psychoanalytic interpretation of the tragedies one that reconstructs the dramatists' views of the world and when necessary enlarges psychoanalysis to take these views into account Alford draws on an eclectic mixture of psychoanalytic theories in particular the work of Melanie Klein Robert Jay Lifton and Jacques Lacan to help him illuminate the concerns of the Greek poets He discusses not only well known tragedies such as Aeschylus Oresteia trilogy Sophocles Theban plays and Euripides Medea and Bacchae but also lesser known works such as Sophocles Philoctetes and Euripides so called romantic comedies Alford examines the fundamental concerns of the tragedies how to live in a world in which justice and power often seem to have nothing to do with each other how to confront death how to deal with the fear that our aggression will overflow and violate all that we care about how to make this inhumane world a more human place Two assumptions of the tragic poets could he argues enrich psychoanalysis that people are responsible without being free and that pity is the most civilizing connection The poets understood these things Alford believes because they never flinched in the face of the suffering and constraint that are at the center of human existence

Merleau-Ponty Rosalyn Diprose, Jack Reynolds, 2014-12-05 Having initially not had the attention of Sartre or Heidegger Merleau Ponty's work is arguably now more widely influential than either of his two contemporaries Merleau Ponty Key Concepts presents an accessible guide to the core ideas which structure Merleau Ponty's thinking as well as to his influences and the value of his ideas to a wide range of disciplines The first section of the book presents the context of Merleau Ponty's thinking the major debates of his time particularly existentialism phenomenology the history of philosophy and the philosophy of history and society The second section outlines his major contributions and conceptual innovations The final section focuses upon how his work has been taken up in other fields besides philosophy notably in sociology cognitive science

health studies feminism and race theory

Adopting the Song of Appearance: An Emotional Symphony within **Situation And Human Existence Freedom Subjectivity And Society**

In a world taken by monitors and the ceaseless chatter of instantaneous connection, the melodic elegance and emotional symphony developed by the written word frequently diminish into the back ground, eclipsed by the constant noise and interruptions that permeate our lives. But, set within the pages of **Situation And Human Existence Freedom Subjectivity And Society** a stunning literary treasure overflowing with raw thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, this captivating masterpiece conducts viewers on an emotional trip, skillfully unraveling the concealed melodies and profound impact resonating within each carefully constructed phrase. Within the depths of this poignant examination, we will examine the book's key harmonies, analyze their enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers' souls.
