ANDRE BETEILLE

SOCIOLOGY AND SOCIAL ANTHROPOLOGY

The difference between sociology and social anthropology is not the same in France and Britain. Anglophone countries have maintained a distinction between the two which was sharpest in the period between the two World Wars.

He further states that the division of labour between Sociology and Social Anthropology emerged in Britain or United States under specific historic conditions and was then Transmitted to other countries where conditions were different. A proper division of work among students of human society can be established only on the basis of their ultimate academic objectives and their actual academic concerns. But in dealing with the relationship between Sociology and
