Skywriting At Night:

Thrills Untapped 2 Michael R. Pitts, 2025-06-20 A sequel to *Thrills Untapped* Neglected Horror Science Fiction and Fantasy Films 1928-1936 this volume provides coverage of over 150 feature films that contain genre elements but have been overlooked by most sources covering the history of horror science fiction and fantasy movies. It covers feature length productions, serials, and documentaries detailing domestic and foreign films from both major and minor companies along with independent outfits. For each title, there are complete cast and credits, in-depth plot synopsis, an evaluation of the movie, and contemporary critical reviews. Also included are a bibliography and index along with approximately 80 photographs and illustrative material. This volume aims to reintroduce these films to new audiences and give them the attention they have so long deserved.

Secrets In The Sky Melinda Rice, 2001-02-26 While her brother is off flying planes for the Air Corps, twelve-year-old Bethany becomes involved with women training with the Women Airforce Service Pilots (WASPs) right in her hometown of Sweetwater, Texas.

Whistling in the Face of Robbers Dahn A. Batchelor, 2012 Dahn A. Batchelor could have been born with a silver spoon in his mouth, but instead he was born into poverty, living the first year of his existence in a two-room shack with no running water or electricity. In this first volume of his memoirs, author Dahn A. Batchelor shares the details of his life from his birth in Toronto in 1933 to his eleventh year in 1944. This book is the first of six volumes of his memoirs. In this volume, he narrates the story of his childhood, which, aside from being one of extreme poverty, he suffered from loneliness and several failures in school. But more than that, he has written about the events in history that encompassed his life along with the lives of his contemporaries. He describes what it was really like to live through the years of the Great Depression, the Spanish Civil War, and the Second World War. As Batchelor recalls his life from 1933 through to June 1944, you will get the feeling that you were there with him. Unbeknownst to him during his childhood years, he would later play a role in society that had a profound effect on the lives of millions of people around the world.

Stars of the Sky, Legends All Ann Lewis Cooper, Sharon Rajnus, With the full force of culture and convention ranged against them, women have nonetheless been taking to the air almost from the first. And because of all the obstacles they have faced, these women in aviation have had to show a rare degree of courage, ambition, and skill. *Stars of the Sky* celebrates these women, the wildly daring, the pioneering, and the implacably determined, and their remarkable achievements. In profiles illustrated by aviation artist Sharon Rajnus, accomplished writer and flight instructor Ann Cooper introduces readers to fifty female stars of the sky. Among these women are many firsts: first black female aviator, first female aircraft designer, first woman to fly solo around the world, first female airline manager, and first female Thunderbolt pilot. Rajnus also profiles women who have made singular contributions from a flight surgeon and a daredevil sky writer to an Eskimo Bush pilot and air traffic controller, as well as record setters such as a long distance record holder, a Hellcat test pilot, and a golden age Air Racer. The pictures and stories in *Stars of the Sky* bring these women, their personalities, their passion for flying, and their legend-worthy experiences to clear, colorful, and
