Bartulski,2011-11-22 In Where the Hell Is Turtle Creek author Barrie Bartulski presents his honest and sometimes humorous memoir of his childhood in Turtle Creek Pennsylvania He paints a portrait of a happy unique childhood complete with mean teachers and close buddies These stories capture the adventures of a group of children from mixed ethnic and religious backgrounds growing up in the 1940s and 50s in Turtle Creek a small town in western Pennsylvania near Pittsburgh Most of the stories take place around Turtle Creeks Saint Colmans Catholic elementary school and the public junior and senior high school The discipline administered by a few of the Sisters of Mercy at Saint Colmans School was overly aggressive and would not happen today with the special training that teachers now receive Bartulski shares it to illustrate an area that was much on the minds of children in those days The Catholic Church has since banned all paddling wonderful news but a little late for him and his pals He has lovingly captured a lost time the time when a boy could be carefree and be mostly concerned about what games he and his pals were going to play that day They are memories to be cherished and experienced time and time again winningly recounted in Where the Hell is Turtle Creek *Catalog of Copyright Entries, Fourth Series* Library of Congress. taken up in different interdisciplinary and intercultural phenomenological perspectives from a pedagogical point of view Starting from a critique of instrumental scientism and optimisation the contributions in this book ask about the theoretical empirical methodological and practical constitution of reality within experiences of learning Bildung and education as well as the subjects materialities and mediality of such experiences in different pedagogical fields and institutions The contributions show how Phenomenological Pedagogy is fruitful to explore the realities of pedagogical practices by grasping lifeworldly lived bodily and social experiences in a qualitatively meaningful empirical and experience oriented way It can thus serve as an alternative to positivistic scientific idealistic or psychologistic approaches Alaska Robert P. Long, 2014-06-13 Rick Spears is a man of many skills and interests An avid outdoorsman who loves camping hunting and writing he has challenged himself to the ultimate adventure a solo trek into the Alaskan wilderness the home of countless predators who will have no fear of him In the past he had traveled in relative safety on hunting trips Accompanied by just a few members from his hunt club and a photographer they had encountered little danger But now he is going it alone in regions where he can't rely on help from the outer world If things turn deadly no one will even be able to hear his call for help let alone respond to it For the first time in his life he will be truly alone with only his wits to keep him alive He can't wait Driven by adrenaline and ambition Rick has spent months planning his adventure He wants to write a book about a solitary life in the wilderness a life without electricity or modern comforts in the hopes of experiencing something that approximates what the old timers endured He knows that the only way to write that story with any credibility is to live through it himself assuming he survives
