Small Town And Rural Economic Development A Case Studies Approach

Gerald L. Gordon

Small Town And Rural Economic Development A Case Studies Approach:

Small Town and Rural Economic Development Peter V. Schaeffer, Scott Loveridge, 2000-04-30 Similar to large cities rural towns have undergone dramatic change since mid century The decline in retailing changes in manufacturing and jobs moving abroad have had a tremendous impact Yet while rural and industrial areas have similar concerns about adjusting to a changing economy successful urban strategies cannot be blindly transferred to rural areas Nor can rural areas be considered homogeneous They differ in ethnic makeup industrial structure topography and natural and human resources Appreciating the diversity of rural areas this book presents case studies from different industries regions and cultures providing examples of the activity in small town and rural development and reflecting on how these strategies might be pursued elsewhere This collection provides examples of communities that have attempted to affect their future Telling the stories of small towns that do not attract the attention of national media this book celebrates the success creativity and vision of rural residents Also included are examples of less effective rural development initiatives which can be lessons to analyze and avoid mistakes Ultimately what is best in small town and rural development is the result of community engagement This volume will help people to begin or strengthen that process of engagement

The Economic Survival of America's Isolated Small Towns Gerald L. Gordon, 2015-06-26 The economic history of the recent decade has been volatile at best and devastating at its worst The effects have tended to be most severe in the small isolated towns of America The Economic Survival of America's Isolated Small Towns presents a detailed discussion of the economic challenges facing these small towns looking at why some have sur

Challenges for Rural America in the Twenty-First Century David L. Brown, Louis E. Swanson, 2010-11-01 The twentieth century was one of profound transformation in rural America Challenges for Rural America in the Twenty First Century defines these changes and interprets their implications for the future of rural America Essays have been specially commissioned to examine key aspects of public policy relevant to rural America in the new century From book jacket

Cooperatives and Local Development Christopher D. Merrett, Norman Walzer, 2016-09-16 First Published in 2004 The market economy has changed profoundly over the past two centuries In the nineteenth century business enterprises were largely single product ventures managed directly by the owners and rooted within national economies In the twentieth century firms employed managers who were not owners Firms also evolved into multiproduct multiunit entities that could employ thousands of workers In the twenty first century many firms operate on a global scale taking advantage of free trade policies and rapidly evolving computer and telecommunications technologies Given this potential it is crucial that producers consumers economic developers and researchers realize how co ops can promote local economic and community development Hence this book includes the perceptions of experts on a variety of cooperative issues including the challenges involved in starting a co op and in understanding its impact on surrounding communities This book can be especially useful because it provides the theoretical foundations and practical applications of cooperative behavior

Small Town

Economic Development Joaquin Jay Gonzalez III,,Roger L. Kemp,Jonathan Rosenthal,2017-05-24 We tend to associate small town economic development with the decline of the rural United States empty houses shuttered shops and rusting factories A common diagnosis of sluggish small town recovery is their lack of lifestyle amenities that attract new residents and businesses Yet many small towns have shown progress and potential in recent years This collection of recent articles by experts presents stories of small town America s struggle and describes innovations and practices behind successful revivals

Community Visioning Programs Norman Walzer,Gisele Hamm,2017-10-02 Communities have practiced strategic planning for decades using a variety of tools and programs based on the initial Take Charge programs of the early 1990s These efforts generated a large amount of research regarding their effectiveness as well as ways to measure long term outcomes and other related issues in efforts to better understand the process of community change This book provides contributions written by researchers and practitioners describing both visioning and other strategic planning efforts The Great Recession challenged the future of many small and medium sized cities especially in non metropolitan areas renewing the interests of community leaders and elected officials in finding innovative ways to revitalize their local employment base and economic opportunities Having access to a collection of best practices and successful approaches can greatly assist these practitioners in selecting strategies and techniques for use in their community efforts The material in this book is especially useful because it includes both methodologies as well as case studies of how and why various approaches used in alternative cultural settings have succeeded This book was originally published as a special issue of Community Development

The Economic Viability of Micropolitan America Gerald L. Gordon,2013-12-07 As the global recession of 2008 and beyond took hold of the American economy smaller markets were disproportionately affected by job losses as well as the resultant brain drains tax base reductions diminished housing values and diminishment of their overall quality of life So it is not surprising that these smaller markets face unique challenges during recovery The Economic Viability of Micropolitan America addresses the economic history and future of small cities and towns across the country as they have and will continue to see dramatic shifts in the roles they play in the extant larger economies The book discusses the 300 year history of America s economic structures in substantial detail and with an eye on the development and growth of and the changes to the economic geography of the United States It explores the fate of the small cities and towns in America examining how they emerged over time and their economic fate in the future The author explores what constitutes a small city or town who lives there and how they support their families and their communities He also explores what roles these communities can play in the larger economic picture Is it possible that small cities and towns can offer enough in the way of assets and amenities to become economic hubs in the future And if so will that evolution create such growth that it will override and eliminate the very qualities from which they derived their initial appeal With nearly seventy case studies and interviews the book examines the role of business within the future context of community settings It distills lessons learned into a list of the most

prominent and potentially effective tactics for other small cities and towns to emulate as they too seek to develop their local economic bases and ensure that their communities can survive and thrive in the twenty first century

Understanding Community Economic Growth and Decline Gerald L. Gordon, 2018-06-14 This book presents a fully comprehensive look at what all communities large and small urban and rural can do to grow and sustain their local economic bases It examines the causes of economic decline for localities as well as the economic product being marketed to employers the process of growth and the means of sustaining economic growth over time Drawing on the experiences of hundreds of communities and hundreds of leaders around the United States *Understanding Community Economic Growth and Decline* outlines the various strategies that have or have not worked to enable or support a general local economic recovery Exploring many facets of growth and re growth following periods of economic decline and offering practical real life tactics that have been successfully employed in local and regional economies across the US this book is required reading for community planners and administrators those currently working in public administration and students studying regional planning or economic development

Small-Town Russia Anne White, 2004-08-12 This book examines a number of key questions about social change in contemporary Russia issues such as how people survive when they are not paid for months on end the New Poor the falling birth rate why so many Russian men die in middle age whether regional identities are becoming stronger and how people s sense of Russianness has developed since the creation of the Russian Federation in 1992 It examines these issues by looking at actual experiences in three small Russian towns It includes a great deal of original ethnographic research and by looking at real places overall provides a good sense of how different aspects of social change are interlinked and how they actually affect real people s lives

Southeastern Geographer David M. Cochran Jr., Carl A. Reese, 2015-02-01 *Southeastern Geographer* is published by UNC Press for the Southeastern Division of the Association of American Geographers www.sedaag.org The quarterly journal publishes the academic work of geographers and other social and physical scientists and features peer reviewed articles and essays that reflect sound scholarship and contain significant contributions to geographical understanding with a special interest in work that focuses on the southeastern United States

Cooperatives and Community Development Vanna Gonzales, Rhonda Phillips, 2014-01-21 In celebration of cooperatives contributions to community development processes and outcomes worldwide the United Nations designated 2012 as the Year of the Cooperative Today as in the past cooperatives have proved effective in bringing people and organizations together to accomplish a broad array of goals related to fostering social and economic innovation protecting communities against poor living and working conditions and promoting a better quality of life Analytically as both a movement and as a business model cooperatives hold much potential for generating the types of synergies collaboration and productive and social processes that enable community development to thrive in a variety of local regional and global contexts This collection of articles chronicles new developments in the ways in which cooperatives are used in a diverse array of community contexts They offer

insight as to what these changes mean both empirically and theoretically for community development in the decades to come This book is a compilation of articles published in the journal *Community Development* *Rural Development Resources in the National Agricultural Library Collection* ,1993 **Community Development for Times of Crisis** Mark A.

Brennan,Rhonda Phillips,Norman Walzer,Brent D. Hales,2022-12-30 This book explores the intersection of community development and local capacity building as a basis for effective disaster mitigation and the alleviation of suffering in times of crisis Beginning with the Community Development section the process context and methods for community engagement and development can be viewed from different structural and logical approaches This section explores some of the more relevant historical arguments as well as more contemporary examinations The second section looks at Critical Human and Community Considerations and sheds light on some of the key concepts that are often overlooked poverty race inequality social justice mental health social division when framing community responses to disaster The third section focuses on Fundamental Elements of Caring Communities This section explores the importance practical and measurable impacts of social support empathy inclusion and conflict resolution in creating effective and caring community responses Finally the last section focuses on practice and brings together research and theory into applied programming examples and evidence from on the ground efforts to establish caring communities that respond to local needs in times of crisis and beyond By addressing these objectives this book provides a more complete understanding of the essential role that community can play in disaster mitigation Doing this will provide a better focus for ongoing research endeavors and program and policy initiatives at the community level that seek to prepare for respond to and recover from natural and other disasters As a result this book contributes to wider and more sustainable development of our communities beyond disasters while furthering dialog among community scholars and practitioners **Participatory Governance** W. Robert Lovan,Michael Murray,Ron

Shaffer,2017-03-02 In recent years a new participatory governance dynamic has been redefining relationships and responsibilities in the planning and implementation of policies and programs Participatory governance not only crosses public private and associational sectors but is also intra organizational It allows for individual and collective participation and challenges longstanding norms of institutional behavior This book examines fresh evidence relating to planning conflict mediation and public decision making processes in civil society by bringing together a multi disciplinary team of practitioners and scholars from North America Europe Africa and Australia In an analysis which spans institutional perspectives and operational concerns the contributors explore the dynamics of stakeholder involvement as deliberative processes constructed around the core idea of shared responsibility The book draws out important principles as to how this diversity of engagement can translate itself into more effective public decision making *The Routledge Handbook of Global Child Welfare* Pat Dolan,Nick Frost,2017-02-17 In the context of the increasing global movement of people and a growing evidence base for differing outcomes in child welfare Routledge Handbook of Global Child Welfare provides a compelling account of child

welfare grounded in the latest theory policy and practice Drawing on eminent international expertise the book offers a coherent and comprehensive overview of the policies systems and practices that can deliver the best outcomes for children It considers the challenges faced by children globally and the difference families services and professionals can make This ambitious and far reaching handbook is essential reading for everyone working to make the world a better and safer place for children

The Routledge Handbook of Small Towns Jerzy Bański, 2021-08-16 The Routledge Handbook of Small Towns addresses the theoretical methodical and practical issues related to the development of small towns and neighbouring countryside Small towns play a very important role in spatial structure by performing numerous significant developmental functions for rural areas At the local scale they act as engines for economic growth of rural regions and as a link in the system of connections between large urban centres and the countryside The book addresses the role of small towns in the local development of regions in countries with different levels of development and economic systems including those in Europe Africa South America Asia and Australia Chapters address the functional structure of small towns relations between small towns and rural areas and the challenges of spatial planning in the context of shaping the development of small towns Students and scholars of urban planning urban geography rural geography political geography historical geography and population geography will learn about the role of small towns in the local development of countries representing different economic systems and developmental conditions

Geography in America at the Dawn of the 21st Century Gary L. Gaile, Cort J. Willmott, 2005 Geography in America at the Dawn of the 21st Century surveys American geographers current research in their specialty areas and tracks trends and innovations in the many subfields of geography As such it is both a state of the discipline assessment and a topical reference It includes an introduction by the editors and 47 chapters each on a specific specialty The authors of each chapter were chosen by their specialty group of the American Association of Geographers AAG Based on a process of review and revision the chapters in this volume have become truly representative of the recent scholarship of American geographers While it focuses on work since 1990 it additionally includes related prior work and work by non American geographers The initial Geography in America was published in 1989 and has become a benchmark reference of American geographical research during the 1980s This latest volume is completely new and features a preface written by the eminent geographer Gilbert White

The Cooperation Challenge of Economics and the Protection of Water Supplies Joan Hoffman, 2010-04-05 How can we build the institutions that will promote the cooperation needed to meet our intertwined environmental and economic needs Efforts to meet these twin goals in New York City's watershed collaborations offer some guidance The experience provides lessons in addressing scattered sources of pollution encouraging environmentally compatible economic development and coping with conflicts that are part of the collaboration process It also yields insights into what we need to work effectively towards sustainable economic development This book identifies many barriers to achieving the cooperation necessary to solving our water problems and discusses how watershed collaborations

are a means to overcoming those barriers Historical experience and lessons from other watershed collaborations informed the design of New York City's complex watershed collaboration which is shown to contain the elements of a green milieu that can foster sustainable economic development The particular challenges to the collaboration's environmental and economic goals created by the watershed's rural economy farming and forestry are described The unusual inclusion of the analysis of the economic aspects and effects of collaboration of the relationship between collaboration and sustainable development and of the processes of implementation and conflict make this book especially valuable to those interested in collaboration regulation environmental cooperation and conflict watershed protection economic development in general and sustainable economic development in particular

Introduction to Community Development Jerry W. Robinson, Gary Paul Green, 2011 Introduction to Community Development provides students of community and economic development with a theoretical and practical introduction to the field of community development Bringing together leading scholars in the field of community development the book follows the curriculum needs in offering a progression from theory to practice beginning with a theoretical overview an historical overview and the various approaches to community development

Partnerships for Smart Growth Wim Wiewel, Gerrit Knaap, 2017-03-02 Linking the worlds of community development higher education administration and urban design this accessible guidebook offers useful information on how universities and communities can best develop partnership projects Its focus on smart growth projects further enhances its value for those interested in how urban suburban and rural growth can be accommodated while preserving open spaces and quality of life Partnerships for Smart Growth includes 13 case studies for university community collaborations on smart growth initiatives The chapters include geographically diverse locations and urban suburban and rural projects Each case includes a comprehensive discussion of how and why the project was initiated who was involved what techniques were employed what were the pitfalls and what was the outcome The result is a book with wide appeal for university administrators land use planners and administrators scholars and community development experts
