When you read the Washington D C tabloids you might surmise that Teco Jackson was slain by a delusional killer The Paradox However Federal Agents are not convinced A crime spree in Atlanta Georgia is strikingly similar to that of the Washington D C G String murders Atlanta Detective Paul Yeomans tries to keep the south s Phoenix City safe but is forced to seek help from Washington D C s quick witted and statuesque Detective Hanae Troop Never realizing until it s too late the multi jurisdiction operation is eventually forced into a propitious government mission with international appeal Atlanta resident Gail Indigo Que GQ a former Strictly Business SB drug crew member attempts to achieve legitimate riches by virtue of rags with her signature clothing line However The Paradox feels double crossed and elevates his deadly game to a new level by trying to sabotage GQ s fashion career and draw her back into the streets All in the name of lady justice The Paradox has spread his vigilantly game across the entire metro Atlanta area Several weeks after investigating the case the multi jurisdiction law enforcement team solicits the assistance of an unlikely bodyguard to take GQ into protective custody Regardless GQ is determined to succeed in fashion despite the odds Leaving the street life is it rags or riches Book Review Library Journal The Word on Street Lit November 19 2009 The Paradox a psychotic killer who leaves G strings on his victims bodies returns in the latest in Weekss self published award winning Street Life series after Is It Suicide or Murder and Is It Passion or Revenge The murderer has moved from DC to Atlanta and is executing members of the Pennsylvanian SB Strictly Business crew He sets his sights on GQ Gail Que who is living the rags or riches challenge to make it big in the fashion industry Hot on The Paradoxs trail is Hanae Troop a DC cop determined to bring him down Troops lover Teco Jackson is a former member of SB and will fight to the death for her man Verdict Weekss combination of mystery and police procedural will draw in readers as he shows the cops point of view The long list of characters and plot tangents may be confusing but bloody executions and a wild climatic shoot out will hold interest Think of CBSs 48 Hours Mystery set to a street lit riff At the African American Pavilion at BookExpo 2009 Weekss books won the Urban Series of the Year Award Ed

On the Brink of Paradox Agustin Rayo, 2019-04-02 An introduction to awe inspiring ideas at the brink of paradox infinities of different sizes time travel probability and measure theory and computability theory This book introduces the reader to awe inspiring issues at the intersection of philosophy and mathematics It explores ideas at the brink of paradox infinities of different sizes time travel probability and measure theory computability theory the Grandfather Paradox Newcomb s Problem the Principle of Countable Additivity The goal is to present some exceptionally beautiful ideas in enough detail to enable readers to understand the ideas themselves rather than watered down approximations but without supplying so much detail that they

abandon the effort The philosophical content requires a mind attuned to subtlety the most demanding of the mathematical ideas require familiarity with college level mathematics or mathematical proof The book covers Cantor s revolutionary thinking about infinity which leads to the result that some infinities are bigger than others time travel and free will decision theory probability and the Banach Tarski Theorem which states that it is possible to decompose a ball into a finite number of pieces and reassemble the pieces so as to get two balls that are each the same size as the original Its investigation of computability theory leads to a proof of G del s Incompleteness Theorem which yields the amazing result that arithmetic is so complex that no computer could be programmed to output every arithmetical truth and no falsehood Each chapter is followed by an appendix with answers to exercises A list of recommended reading points readers to more advanced discussions The book is based on a popular course and MOOC taught by the author at MIT

The Paradox of God and the Science of Omniscience Clifford A.
