Nine Visits to the Mythworld Ghandl of the Qayahll Llaanas, 2023-10-28 In the Fall of 1900 a young American anthropologist named John Swanton arrived in the Haida country on the Northwest Coast of North America intending to learn everything he could about Haida mythology He spent the next ten months phonetically transcribing several thousand pages of myths stories histories and songs in the Haida language Swanton met a number of fine myhtellers during his year in the Haida country Each had his own style and his own repertoire Two of them a blind man in his fifties by the name of Ghandl and a crippled septuagenarian named Skaay were artists of extraordinary stature revered

in their own communities and admired ever since by the few specialists aware of their great legacy Nine Visits to the Mythworld includes all the finest works of one of these master myhtellers In November 1900 when Ghandl dictated these nine stories the Haida world lay in ruins Wave upon wave of smallpox and other diseases rapacious commercial exploitation by fur traders whalers and miners and relentless missionization by the church had taken a huge toll on Haida culture Yet in the blind poet s mind the great tradition lived and in his voice it comes alive Robert Bringhurst s eloquent and vivid translations of these works are supplemented by explanatory notes that supply the needed background information The Force of Family Cara Krmipotich,2014-04-30 Over the course of more than a decade the Haida Nation triumphantly returned home all known Haida ancestral remains from North American museums In the summer of 2010 they achieved what many thought was impossible the repatriation of ancestral remains from the Pitt Rivers Museum at the University of Oxford The Force of Family is an ethnography of those efforts to repatriate ancestral remains from museums around the world Focusing on objects made to honour the ancestors Cara Krmipotich explores how memory objects and kinship connect and form a cultural archive Since the mid 1990s Haidas have been making button blankets and bentwood boxes with clan crest designs hosting feasts for hundreds of people and composing and choreographing new songs and dances in the service of repatriation The book comes to understand how shared experiences of sewing weaving dancing cooking and feasting lead to the Haida notion of respect the creation of kinship and collective memory and the production of a cultural archive Unsettling Native Art Histories on the Northwest Coast Kathryn Bunn-Marcuse,Aldona Jonaitis,2020-07-20 Inseparable from its communities Northwest Coast art functions aesthetically and performatively beyond the scope of non Indigenous scholarship from demonstrating kinship connections to manifesting spiritual power Contributors to this volume foreground Indigenous understandings in recognition of this rich context and its historical erasure within the discipline of art history By centering voices that uphold Indigenous priorities integrating the expertise of Indigenous knowledge holders about their artistic heritage and questioning current institutional practices these new essays unsettle Northwest Coast art studies Key themes include discussions of cultural heritage protections and Native sovereignty re centering women and their critical role in transmitting cultural knowledge reflecting on decolonization work in museums and examining how artworks function as living documents The volume exemplifies respectful and relational engagement with Indigenous art and advocates for more accountable scholarship and practices *Haida Texts and Myths, Skidegate Dialect* John Reed Swanton,1905 *Voices from Four Directions* Brian Swann,2004-01-01 Gathers stories and songs from thirty one native groups in North America including the Inupiaqs the Lushoots the Catawbias and the Maliseets *Critical Readings in the History of Christian Mission* Martha Frederiks,Dorottya Nagy,2021-06-22 This selection of texts introduces students and researchers to the multi and interdisciplinary field of mission history It apprises them with current discussions insights and theories The four parts of this book acquaint the readers with methodological considerations and recurring themes in the academic study of the history of
