Greenburg,1998-11-09 Late one night when Zack hears strains of Heartbreak Hotel coming from the fridge he discovers the possibility that Elvis lives on as a turnip Talk about getting back to musical roots Horror Films of the 1990s John Kenneth Muir,2011-10-06 This filmography covers more than 300 horror films released from 1990 through 1999 The horror genre's trends and cliches are connected to social and cultural phenomena such as Y2K fears and the Los Angeles riots Popular films were about serial killers aliens conspiracies and sinister interlopers new monsters who shambled their way into havoc Each of the films is discussed at length with detailed credits and critical commentary There are six appendices 1990s cliches and conventions 1990s hall of fame memorable ad lines movie references in *Scream* 1990s horrors vs *The X Files* and the decade's ten best Fully indexed 224 photographs One Deidra Riggs,2017-04-04 Jesus didn't say that the world would know we are his followers by our biting rhetoric our political leanings our charity work or even by our knowledge of Scripture He said the world would know us by our love for one another Yet it's so easy to put others at arm's length to lash out to put up walls Deidra Riggs wants us to put our focus on self preservation aside and like Jesus make the first move toward reconciliation In *One* Riggs shows readers that when Jesus offered himself up in our place he was not only purchasing our salvation but also setting an example for us to follow She helps readers understand that they are secure in God's inexhaustible love making them free to love others lavishly not just in what they do but in what they say what they don't say what they will endure and what they will forgive Anyone who longs for unity in the church in their family and in their community will find in this book both inspiring examples of loving done well and encouragement to begin the often unnoticed hard work of building bridges with those around them **The Genesis of Modernity** Arpad Szakolczai,2013-01-11 *The Genesis of Modernity* reconstructs the ideas of three of the most important social and political theorists of the Twentieth Century Max Weber Michel Foucault and Eric Voegelin on the distant roots and sources of modernity Drawing upon the conceptual tools of social theory and political philosophy complimented by approaches based in the fields of anthropology comparative mythology and the history of ancient philosophy this book will prove to be a timely and valuable contribution to this developing area bringing together the ideas of a group of social and political theorists whose work so far has remained largely unconnected This book will be essential reading for academics and advanced students concerned with social theory political theory sociology history and philosophy **The Sleepwalkers** B. B. Griffith,2016-05-11 Is it still a crime if you commit it in your sleep Ethan Barret is on trial for attempted murder The problem is he doesn't remember doing it His hands committed the crime but he was asleep the whole time Ethan Barret is also only twelve years old Gordon Pope is down on his luck He was one of the best child psychiatrists in the country before his divorce Now he's broke bored and spiraling into depression He agrees to be an expert witness in Ethan's case because he needs the extra cash for drinking money What he doesn't know is that he's about to be

reflections of the dreamer's mental state. They show that you can learn about yourself and your problems by studying your dreams. Crisis Dreaming provides simple effective strategies for remembering your dreams and for rewriting better dream scripts while you sleep. These tactics are based on Dr Cartwright's more than 25 years of scientific research. You can carry the insight you gain from your dreams into your waking life to help resolve depression and anxiety brought on by divorce, bereavement, serious illness, job loss and other crises. In this book you'll meet people who learned with Dr Cartwright's help to use their dreams to change their daily lives. They gained control over the demons that plagued them. By following the guidelines in this book you can achieve that goal too.

In the Casa Azul Meaghan Delahunt, 2025-09-23 Pursued from country to country by Stalin's GPU agents, Leon Trotsky finds refuge in Mexico City in 1937. There he encounters the fire and splendor of the artist Frida Kahlo, who with her husband Diego Rivera welcomes Trotsky and his wife Natalia into their home, the Casa Azul. Meaghan Delahunt's breathtaking first novel explores those extraordinary years in Mexico but also spreads before the reader a panorama of Russian history, revolution and upheaval throughout the first half of the twentieth century. We hear from Stalin's desolate young wife and Trotsky's Ukrainian Jewish father, baffled by the dissolution of his own estate and the rise of his son, and from Trotsky himself, still smarting from his brief love affair with the mesmerizing Frida. Their voices mingle with the tales of the lesser-known who in their way have also created history: the Mexican artist who foretells Trotsky's death, a Bolshevik engineer surviving the chill of the Stalinist regime, and the bodyguard who is unable to prevent Trotsky's assassination. *In the Casa Azul* insightfully examines politics and art as well as disillusionment and loss in the service of high ideals. This is a remarkable debut, a work of deep understanding and stunning literary artistry.
